LABOR HAS GOOD REASON TO CELEBRATE TODAY

LABOR DAY celebrations are highlighted by the fact that today labor is getting its greatest spread of the nation's wealth and has managed, through the recent round of wage increases, to keep ahead of living costs by the comfortable margin indicated on chart. (International)

Labor Unions Strongest Ever; Membership Tops 15,000,000

Washington, Sept. 2.—(AP)—Labor unions on this day dedicated to all who toil are stronger than ever before. Behind them is the unprecedented labor-management warfare of the first 12 months of peace. Ahead is a bright future.

House Group Urges U. S. Keep Strong

Washington, Sept. 2.—(AP)—The war-time draft machinery ground back into action today on this first anniversary of VJ day. As the army has returned to concentration to swell its peace-time ranks after a two-month holiday, there were those entirely unimpressed by the developments.

Labor-Management Warfare Is Past

Washington, Sept. 2.—(AP)—Labor unions on this day dedicated to all who toil are stronger than ever before. Behind them is the unprecedented labor-management warfare of the first 12 months of peace. Ahead is a bright future.

Greek People Vote In Stormy Election To Return George II

18 Persons Slain During Plebiscite

Athens, Sept. 2.—(AP)—The Inter-Allied Commission today announced that the Greek people had voted approximately three to one to recall King George II from exile in Britain and return him to the Greek throne. While giving no comprehensive figures, the announcement said the final total for restoration of the monarchy would "not be less than 75 per cent" of the total vote cast in the stormy election, which cost the lives of 18 persons in the 36 hours ending at midnight Sunday.

Came the Yawn!

WAITING to go aboard an Ireland-bound plane at LaGuardia Field, New York, six-week-old Leigh Powell gives out with a bored yawn. He is traveling with his mother to join his father, William Powell. They formerly resided in Haines City, Florida. (International)

46 Dead In Week

Approximately 40 persons were listed as having met violent deaths in the final week of the campaign. A partial vote tabulation by the ministry did not wholly bear out its prediction of a three to one majority, although the king held a commanding margin. Of the 25 per cent of the ballots counted, the ministry said 20,000 favored a monarchy and 15,000 a republic.

Envoy Patterson Meets With Tito; Flights Protested

Belgrade, Sept. 2.—(AP)—A high diplomatic source said today that Premier Tito had protested during a conference with U. S. Ambassador Richard Patterson that American planes "continue to violate Yugoslav" territory. Earlier a diplomatic informant reported that the U. S. Embassy had received a formal note from Tito which roughly meets American demands in connection with the death of five American fliers whose plane was shot down August 19 by Yugoslav fighters.

New York Truck Drivers Strike

New York, Sept. 2.—(AP)—City and State authorities worked today to prevent a mass of 2,000 truck drivers in the metropolitan area which would cause to curtail the commercial life of the nation's largest city.

New Leaf Weighing Rules In Effect

Raleigh, Sept. 2.—With tobacco selling at record high prices this year there is more concern than ever before to see that all regulations governing the weighing and packing of the leaf on warehouse floors be strictly adhered to, warned C. D. Bauman, Superintendent of Weights and Measures, N. C. Department of Agriculture, recently upon his return from a tour of Boston, Baltimore and other cities. Bauman's warning comes in view of new regulations recently passed by the Board of Agriculture, one phase of which is a requirement to be weighed in a standard manner. The regulations, he added, that these weights should be bolted on the trucks and something heavier than ordinary stove bolts should be used, in Bauman's opinion, if weights are expected to stay put through a stormy season. Another weighing was rounded by Bauman in regard to an iron weight which shall be equal to the average weight of baskets used in any particular warehouse. To determine this
