DYING CHILD'S WISH IS GRANTED

TO MAKE HAPPIER the last days of a child, dying of brain tumor, the Army ordered home from a Tacoma, Wash., camp Sgt. Ralph Henderson. And here he sits by the bedside of his 7-year-old daughter, Nancy, in Burlington, Vt. Nancy had asked two last favors of life: that she get the doll shown with her and that her soldier daddy, who had been ordered abroad, would be with her. (Exclusive International Soundphoto)

Rep. May Ready To Talk About War Contracts

Russia Demands Free Trieste

Says Yugoslav Claim To Port Unquestionable

Paris, Sept. 5.—(AP)—Andrej Vishinsky, Russian deputy foreign minister, called in the 21-nation peace conference today to reject emphatically Italian claims to dispute

Outlining Soviet Russia's stand on the leading territorial issue before the post-war conference, Vishinsky said that Yugoslavia has had an "unquestionable right" to Trieste. He said the Soviet Union was supporting a big four agreement to make a free territory of the port only because of "political considerations."

The Russian diplomat, in a speech before the Italian political and territorial commission, accused Ivanoe E. Boni, former Italian premier of "looking at the situation with the flag of justice" in claiming the important Adriatic port for Italy.

To Abide By Decision

Vishinsky made it plain that Russia would abide by the big four power foreign ministers' decision to locate the free territory of Trieste and do not dispute it.

"Yugoslavia has an unquestionable right to the port and town of Trieste," he said. "The decision of the foreign ministers contains a minimum of justice. In our opinion, it should contain a maximum of justice."

"But sometimes it is not possible to have a maximum of justice with all the considerations. Sometimes we are obliged with politics and a lot of things to be done—concessions they add up to this."

By his voice in the Trieste dispute was heard on the fourth date of the big four foreign ministers' meeting, and Yugoslavia have filed conflicting claims for the port, and Senator Tom Connally (D) of Texas yesterday declared the United States wants to see an autonomous Trieste government that "will command respect of both Yugoslavia and Trieste."

ANNOUNCING MONARCHIST VICTORY IN GREECE

ACTING PREMIER OF GREECE, Stylianos Gonatas (right), is shown as he delivered an address announcing "an overwhelming victory" for the monarchists in the Greek plebiscite. The victory means the recall to the throne of King George II (left), now in London, and ready to leave for Athens. (International Radiophoto)

Solon Releases His Statement To Committee

Law-Maker Denies Any Profit From Garson Combine

Washington, Sept. 5.—(AP)—Rep. Andrew J. May offered today to submit to Senate War Investigating Committee questions—either immediately at his Prestonburg, Ky. home or in Washington.

A sub-committee of the group which spent weeks earlier this summer delving into the war-time operations of the Garson munitions combine could meet with him in Kentucky. May wrote Chairman Mead (D) of New York, or a formal session could be arranged here at a date "as determined by my physician."

Simultaneously, May, chairman of the House Military Committee made public a statement which he said would have been read to the Senate committee in July 26 if illness had not prevented his appearance in response to a subpoena.

Denies Any Profit

In the statement, the Kentucky Democrat reiterated previous assertions that he did not profit in any way from his association with the combine, and specifically that he received no compensation for aiding in the operation of the Cumberland Lumber Co., one of the Garson affiliates.

On the contrary, May declared, he still has coming at least \$659.31 for out-of-pocket expense which he said he incurred in its behalf.

The letter and accompanying statement were made public by Daniel Anderson, one of the May's Washington attorneys. A copy also was delivered at the Senate committee's office.

Able To Leave Bed

"At the present time," May wrote Mead, "I am able to be out of bed a short time in the morning and the afternoon. Should your committee desire to conduct further examination of me, I would be very happy to meet with a sub-committee here in Prestonburg, now, per your desire as expressed in a recent news release, or at any time later as determined by my physician, in formal session in Washington."

Conceding that he had acted as Kentucky agent for the Cumberland company, May said in his statement that he "neither asked nor received any compensation or fee for anything I did." He denied that he had held any financial interest in the firm.

Tax Rulings Are Released By M'Mullan

BY LYNN NISBET, Daily Dispatch Bureau

Raleigh, Sept. 5.—Most of the opinions given by the attorney general's office during June and included in the digest released today dealt with the powers of municipal corporations and various phases of the tax question.

A police officer, said the attorney general, can exercise only such powers as may be granted by the legislature, and in absence of specific legislative act, a municipal board cannot extend such power by ordinance.

Street bonds issued for specific purposes of providing water bound mended paving cannot be longer than ten years.

Under state law municipal corporations are authorized to abate, remove or remedy conditions within the corporate limits or within a mile thereof which are detrimental to public health. Consequently, ordinances against dumping refuse in the water of a harbor, or similar situations, come within the scope of valid health ordinances.

Ceilings Taken Off Cosmetics, Put On Meat

Washington, Sept. 5.—(AP)—OPA erased ceilings from low priced lipstick, toothpaste and other cosmetics today but put the lid back on meat at wholesale.

This is the last step in preparation for the return of butcher shop ceilings Monday.

At the same time, OPA promised full scale war-fare on the black market in meat, declaring it is keeping a sharp watch on companies in New York and Chicago which are holding big stocks bought at "very high prices."

Face powder, face cream, foundation cream and similar cosmetic items if they sell for 25 cents or less an item, are being suspended indefinitely from price control, OPA said.

Babson Blames Lack Of Buyers For Market Break

Says Nothing In Business Situation Justifies Drop; Demand Remains Up

BY ROGER W. BABSON, Copyright, 1946, Publishers Financial Bureau, Inc.

New York, City, Sept. 5.—Selling stress is very different from going to the bank to draw out money. When you do the latter, the bank gives you cash from its reserve and you immediately take it home with you. It will always be the amount of your check—or more, no less.

When you sell a stock, you do not meet a man around to find somebody who will buy your stock. When the market is booming, somebody will probably pay you more than the stock cost you; but on a declining market, he has more difficulty to find buyers. This is especially true today when buyers must pay cash. This largely eliminates the little people who, too often, only well-to-do people have the ready money. During August most of these wealthy people are away on vacations and have forgotten the stock market. Thus, it has been especially difficult for brokers to find cash buyers during the past month. This, in my judgment, is the main explanation of the August market break.

Certainly there is nothing in the present business situation to justify declining prices. Every company has tremendous unfilled orders and the banks are over-flowing with three-year to five-year loans. While the building industry has not yet got under way, it is true that in previous periods of prosperity the market has tumbled downward during the first half of the prosperity era; but history does not always repeat itself. Certainly, today history is not repeating itself in any other category.

Market Makes Some Advances

New York, Sept. 5.—(AP)—The stock market today celebrated the fall of the Wednesday by reactions to four or more points, although there was not much follow through when an early flood of orders had been executed.

Prominent names included American Telephone, Bethlehem, U. S. Steel, General Motors, Sears Roebuck and duPont. Mining stocks were needed for Goodrich, U. S. Rubber and Goodyear.

Weather

FOR NORTH CAROLINA. Fair weather except some cloudiness in coastal areas tonight and Friday. Continued cool tonight. Warmer Friday.

GUIDED BY EAR IN CATALINA SWIM

COMPLETELY EXHAUSTED after swimming from Catalina Island to the California mainland, "Blind Dennis" King Nawaiki, 48, is aided from the water by two men. Literally swimming by "ear," guided by a bell on the pilot boat, the Hawaiian completed the 22 mile marathon swim in 22 hours and 51 minutes. He is the fourth person to complete the long and grueling marathon swim. (International Soundphoto)

N. Y. Ticket Is Endorsed By Truman

Washington, Sept. 5.—(AP)—President Truman today gave his wholehearted endorsement to the Mead-Lehman ticket in New York, and predicted its election.

The President made his position clear at a news conference in which he described Senator Mead (D) of New York, nominated for the governorship as an able administrator.

The ticket, he said, suits him and all right, and he thinks it will be elected. The New York state convention yesterday nominated former Gov. Herbert Lehman to Senator Mead's place in the Senate.

When asked whether he will speak in behalf of the ticket in New York, the President said he wouldn't answer at this time.

As to what he will do to help Mead, the President replied he will say all the nice things he can about the New Yorker who was nominated to oppose Gov. Thomas E. Dewey.

Freight Shipments To Seaports Banned As Ship Strike Begins

Some Exceptions To Rail Embargo Are Announced

Washington, Sept. 5.—(AP)—The Association of American Railroads today ordered an embargo on rail freight shipments to ports, with certain exceptions, as a result of the threatened shipping strike.

The embargo is effective immediately. It applies to all car load and less-than-car-load freight assigned or re-assigned to any port area and intended for export, coastwise or inter-coastal movement by water, including export freight intended for storage within the port area, with these exceptions:

1. Grain, soy beans, flax seed and malt, in bulk.
2. Petroleum or petroleum products in tank cars, to be unloaded from cars before overseas shipment.
3. Coal or coke in bulk, when moving to ports Hampton Roads and Norfolk.
4. Freight consigned to the army, navy, marine corps, or coast guard.
5. Freight for storage when consigned to public warehouses or in care of the port terminal carrier for carrier storage, providing prior arrangements have been made to such storage.
6. Freight covered by numbered permits issued by district managers of the association.

The organization said the embargo was issued as a result of the threatened strike of maritime workers and to prevent congestion at the ports.

U. N. Council Hears Greece Deny Charge

Lake Success, L. I., N. Y., Sept. 5.—(AP)—Vesil Dendranis, Greek representative to the United Nations, charged today that the Soviet Union is "arriving on a 'war of nerves' against the Greek government. He vigorously denied Russian accusations that Greece is threatening the peace of the Balkans.

Dendranis appeared before the United Nations Security Council to present Greece's answer to the charges made yesterday by Dimitri Manuilsky, foreign minister of the Soviet Union, and outlined earlier by Andrei Gromyko, the Soviet Union's delegate to the council.

The Greek representative called today's situation, in which Greece has been called on to defend itself before the security council, a "bitter drama."

Instead of threatening the Albanians and Bulgarians, Dendranis said Greece is more than ever devoted to peace. He called the Albanians and Bulgarians "heinous collaborators" in the war.

Heirens Attempts To Hang Himself In Chicago Jail

Chicago, Sept. 5.—(AP)—William Heirens, triple-murderer awaiting court determination of his punishment, tried unsuccessfully to hang himself in the Cook county (Chicago) jail early today, a guard reported.

The guard informed Warden Frank Felt that when he came on duty at 1 a. m. Heirens was hanging in a noose fashioned crudely with a bed sheet. The guard cut him down before he could be strangled.

Heirens' attempt to kill himself was his third since his capture and confession of three killings and more than a score of robberies and assaults. Previously he had tried to break open his wrists in the hope that he might bleed to death. He also had collected a store of aspirin tablets in the belief that a large overdose might kill him.

The 37-year-old student's newest attempt on his life came as the State prepared to close its presentation of evidence upon which Cook County Harold D. Ward of the criminal court will determine the penalty to be levied against him.

Plane Crash Feared Fatal To Over 20

Elko, Nev., Sept. 5.—(AP)—A two-engine transport plane of the Trans-Luxury Airline, on a trans-continental flight, crashed three miles west of here today with a probable death toll of 23.

A two-year-old boy was the only survivor, airline officials in San Francisco reported. One woman passenger was brought to a hospital and died several hours after the tragedy.

The DC-3 plane crashed at about 2 a. m. (GST) a short distance from the Elko airport. The country is that although the rugged Idaho mountains are nearby.

A San Francisco airline spokesman said the cause was not immediately determined. The craft was on route from New York to San Francisco.

Elko is roughly midway between Salt Lake City and Reno.

The airline spokesman said in San Francisco and its records showed the total number of persons aboard, including the crew, was 21. The plane was on a charter flight, with a passenger list made up from various unrelated applicants.

NEW YORK COTTON

New York, Sept. 5.—(AP)—Cotton futures opened 20 to 40 cents a bale higher. Noon prices were 45 to 49 cents a bale higher. October 36.14, December 36.13 and March 35.86.
