Why is it that three bottles of B. B B. are sold in Atlanta to one of any other blood remedy, and twice as much consumed in the State of Georgia as any other preparation? No one need take our word, but simply ask the druggists. Ask the people. They are competent witnesses. Six houses in Atlanta are buying B. B. B. in five and ten gross lots. and some of them buy it every two months. Why these unprece lented sales here at home with so little advertising? Modesty forbids us making a reply. Had B. B. B. been before the public a quarter or half a century, it would not be necessary to be bulstered up with crutches of page advertisements now Merit will conquer and down money.
