REGARDING LEAP YEAR.

A great deal has been said about leap year, when the women are supposed to be clothed with license to exercise the prerogatives of the men and do the love making. Almost two months of leap year have vanished into the past, and so far there has been no appreciable increase in parsons' fees, or the receipts of wedding cake in every four years. •

riage in 100,000 is brought about by than they would need, with much to the woman in the case doing the talking. The Count Lyap challenges the ing. The Gold Leaf challenges the standing the low price of cotton, were acquainted and make engagements, a young lady would show you her card. "The flaming splendor, production of any well authenticated out of debt and were therefore comcase in all North Carolina where the woman has "popped the question." State who raises either cotton or to-Such a case will be printed in the in- bacco, had his smokehouses and barns terests of a broader knowledge and full of food supplies, how much better does not remember all the topics, though And people of peotic temperament have the names of the parties held sacredly off they would be to-day.
