MONMOUTH BATTLE.

HOW WASHINGTON SAVED THE DAY.

Snatching Victory From Impending Defeat—One of the Most Important Battles of the War for American Independence—The Heroism of Molly Pitcher.

Reference to the Battle of Monmouth and a visit to the historic ground, being made recently in connection with our account of the National Editorial Convention at Asbury Park, N. J., the following will doubtless prove interesting reading at this time:

The Battle of Monmouth was fought on Sunday, June 28, 1778, at and near Freehold, then known as Monmouth Court House. The first gun was fired and the first blood shed very near to the spot where the Battle Monument stands.

The Continental troops emerged from the woods westerly and adjacent to the field now known as Monument Park, and to the east of the Park the Queen's Rangers received the first volley, fled through the village and joined the main army of the British, then slowly returned over the plain beyond.

The American advances, under Lee, quickly crossed the ravine, a very short distance east of Monument Park, descended into the plain and engaged the British rear.

In and around the village of Monmouth Court House the hostile forces maneuvered for position, and fought, both with artillery and musketry, for more than three hours, when the Americans, having been ordered to retreat towards the main army, retired over the ground which is the present site of the Battle Monument.

Checked in their retreat, rallied and re-formed by Washington in person, they turned upon the pursuing foe and before night drove him discomfited from the field of conflict, and despite the perfidious conduct of General Charles Lee, impending defeat was changed into victory.

This battle was one of the most important of the war, and following the discouraging experiences at Valley Forge, its result gave great encouragement to the Americans.

The ability of the Continental troops to stand before British grenadiers, reform their broken lines while in retreat in the presence of the enemy, to renew the fight, dispute every inch of ground, and finally put to flight the power of Sir Henry Clinton's army was here demonstrated. It was the last and almost the only field engagement of that war between the main armies of the contending powers.

More officers of distinction participated in it than in any other battle of the Revolution. On the side of the British were Sir Henry Clinton, Lord Cornwallis, Sir William Erskine, Leslie and Knyphausen, while with the Americans were Washington, Lafayette, Greene, Wayne, Knox and Baron Steuben. Lord Stirling, Maxwell, Dickinson and Foran commanding New Jersey troops, were also here.

KATHLEEN.

BY SAMUEL MINTURN PECK.

I think of you beneath the blue
When morn't is o'er the sea,
For every ray of laughing day
Brings back your smile to me.
Yes, when the sads are aching
The pearly cover through,
Fondly I'm thinking,
Kathleen, of you.

I dream of you when blossoms strew
The bonny breast of noon,
And earth and air sweet and fair
Nestle summer's balmy shoon.
Yes, when the red rose gleaming
Reveals a richer hue,
Fondly I'm dreaming,
Kathleen, of you.

I long for you amid the dew,
When softly in the gloom
To guide my feet you trim the sweet
And wondrous light of home.
Yes, when the stars are thronging
The dusky dome of blue,
Fondly I'm longing,
Kathleen, of you.

For you,
—The Atlanta Constitution.

AGAINST STATE APPROPRIATION.

Speeches Made by Dr. Durham and Prof. Bickett at the Baptist Association Opposing State Aid to the University, &c.

The Pilot Mountain Association, which was in session four days at Mt. Olive church, Stokes county, closed Sunday.

The sessions were largely attended by delegates from all the churches in the bounds of the Association, and all seemed to act with one accord on all questions introduced for discussion or disposition.

The State University.
The proceedings of most general interest to the public was the position taken by the Association relative to the University of North Carolina.

The standing committee on Education, in their annual report, endorsed the recent articles of Dr. Taylor, Wake Forest's President, on "How far Ought a State to Undertake to Educate," and condemned the practice of the State Legislature of appropriating \$148,000 to higher education, and asked that that amount be reverted to its proper channel, the public district school fund.

Regarding the adoption of this report, which was enthusiastically and unanimously approved, the following forcible speeches were made by T. W. Bickett, of Danbury, and Dr. C. Durham, of Raleigh.

STATE DEMOCRACY.

PARTY PRINCIPLES ENUNCIATED.

Platform Adopted by the State Democratic Convention in Raleigh Last Week—Resolution in Regard to the Death of Senator Vance—Against the Senatorial Primary Election.

THE PLATFORM.
The Democracy of North Carolina submit to the voters of the State the following declaration of principles, viz:

Resolved 1, That we re-affirm the doctrines of the party as enunciated by the Chicago Convention of 1892; and desire to signify as follows what is the construction placed by us upon the section thereof relating to silver, viz:

We hold that it is the duty of the law-making department of the government, now in the hands of the Democracy, to take immediate steps to restore by legislation the equal privileges of silver with gold at the mints, by the free and unlimited coinage of both gold and silver at the ratio of 16 to 1, such being the ratio of coinage which heretofore has held in the United States.

Resolved 2, That we urge upon the said law-making department of the government the abolition of the unconstitutional and prohibitive tax of 10 per cent. upon the issues of State banks.

Resolved 3, That, in view of the depleted condition in which the late Republican administration left the Treasury of the United States—presenting as it did, such a lamentable contrast to the overflowing condition in which it was delivered by Mr. Cleveland's first administration to its Republican successor—we urge upon the said law-making department, the immediate enactment of an income tax.

Resolved 4, That we emphatically approve the tariff doctrine enunciated by the Chicago platform.

Resolved 5, That while we are opposed to the slightest qualification, in favor of the Federal Government, of the repeal of the ten per cent. tax on State bank issues, we nevertheless advocate as a matter of State policy such regulation and restriction of the issues of banks chartered by North Carolina as will secure a sound currency.

Resolved 6, That we admire the courage and lofty patriotism of the President, and that we most heartily commend his prompt and effective action under the law for the suppression of the efforts of alien anarchists to disturb, by force and violence, the true relations of labor and capital; his sturdy efforts to secure the enactment of tariff reform as called for in the party platform; his prompt approval of the bill repealing the Federal election law; the notable reduction of the expenses of government under his administration, and the freedom from scandal which has been such a marked feature of his return to the head of affairs.

We point with pride to the record of the Democratic party in North Carolina and endorse the present State administration. For eighteen years this party has had full control of the State government. It has administered it with the greatest economy and at all times with an eye single to the best interests of all the people. Coming into power at the end of a reign of debauchery and crime, it addressed itself to the work of rehabilitation, and its record is one which challenges public admiration. It has rebuilt our public school system; established asylums for the care of our unfortunate; administered justice; promoted our public works; fostered every public enterprise; reduced taxation, and in all respects justified the confidence of those who have trusted it. It has afforded security to life and property, protected both capital and labor in its rights, and done all that government can do for a people. No scandal has attached to its administration of public affairs. We congratulate our citizens upon their well reposed trust in it; we congratulate them upon the friendly relations existing between the races; upon the prospects of bounteous crops and returning prosperity. With the record before them we appeal to them for a vote of confidence this year in the Democratic party.

Resolved, That we favor the abolition of the internal taxes on spirits and tobacco as soon as practicable; and if this can not be done that the harsh and unjust features of the law for collection be modified.

THE POWER OF CHRISTIAN FAITH.

Human Friendship Not Sufficient in the Hour of Supreme Trial—The Humble Believer and Agnostic Compared—Hope Makes Sorrow Easier to Bear.

[New York Herald.]
Oh my Father, Thy will be done—Matthew xxvii, 32.
The man of faith lives with more satisfaction to himself and with greater benefit to his kind than the man of doubt.

We do not refer to the man whose brain contains a mere muddle of beliefs, who has prejudices and superstitions instead of convictions, but to him who feels sure that there is an eternal right and an eternal wrong, that the right is worthy of his support at all hazards, and the wrong will bring him to physical and spiritual bankruptcy in the long run.

We do not need a long creed, but we do need a few varieties as a basis for action. The Thirty-nine Articles may seem very prolix, and Institutes of Calvin may not commend themselves to our best judgment, but our rejection of them does not constitute us heretics in the sight of God, although God may ex-communicate us.

If we believe that the universe is ruled by love as well as by power, that the outcome of virtue is happiness and the result of evil is misery; if we see a Providence in the events of life and feel that we can communicate with that Providence by means of what is called prayer, if we have faith in another life where the freed soul will have larger opportunities than its environment has permitted here; if we absorb the spirit of brotherly love and helpfulness which was incarnated in the Christ, we need have no fears as to our fate in the future.

Man's creed is apt to be a long one; God's creed is very short. Short as it is, however, you will have no time to spare if you shape your years according to its requirements.

Your life, everybody's life, has its pathetic side, and you must have the sympathy of God if you are to do good work.

There are times when you are appalled by the situation in which you find yourself. There is no light anywhere, but darkness everywhere. A score of friends stand by you and give you what comfort, can be contained in the words, but they have lives of their own to live, they can not help you as you must be helped if you are to recover from the disaster.

Human friendship is precious, but much more is wanted. Human love mingles its sighs and tears with yours, but still there is an empty place in your heart which neither friendship nor love can fill.

We have all had that experience, a heaviness which no arm can lighten, a dread which no words can dissipate, a weariness which no one within reach can brighten with hope.

Is there no comfort anywhere, no consolation, no unseen influence that will steal into the soul with transfiguring power?

THEY WILL BE DONE.
