was in its infancy half a century ago. To-day it doth "bestride the narrow world like a cal asus." What is the secret of its power? Its cures! The number of them! The wonder of them! Imitators have followed it from the beginning of its success. They are still behand it. Wearing the only medal granted to sarsaparilla in the World's Fair of 1893. it points proudly to its record. Others imitate the remedy; they can't imitate the record:
