THE HORRIBLE CRIME OF A FIFTEEN

A Counterpart of Jesse Pomroy Appears in Philadelphia-Samuel Henderson, Fifteen Years of Age, Lured Little Percy Lockyar to the Woods Where He Was Brutally Killed and

PHILADELPHIA, Jan. 17.—The body of 5-year-old Percy Lockyar, who is believed to have been murdered on bottom of "Reddies" creek, Sixtieth and Catherine streets, West Philadel phia, and there seems little doubt in the minds of the police that young Henderson is guilty of the crime. He is now locked up in a cell at police skull was crushed in and there was a knife thrust just above the heart and similiar wounds on his breast, side and forehead, while on one side of the face is a long cut, extending from below the eye to the chin.

From what the police have been able to learn the crime seems to have Leen one of the most horrible character, and if its details are true it stamps young Henderson as a degenerate of the worst type. He does not seem to cient times had the solemnity and the realize the enormity of the crime. On Saturday, after his arrest, he told this story of the killing:

Under the Roman empire marriage West end schoolhouse; and induced for instance, gives to the fraction of a was simply a contract; hence we read him to walk across the fields to the cent the expenses incident to the conwoods in search of "piggies" to play struction of a car or a locmotive Among the Jews the rule was for a hocky with. Federal government would be exceed-

There has recently appeared a detailed statement of the cost of constructing at the Altoona shops of the Pennsylvania railroad a sample first class, modern, up-to-date, luxurious passenger car, and some of the items are of interest. The wheels and axles represent a cost of \$332.25; the trucks upon which the car rests cost \$538.62; the air brake represents \$131.75; the seat fixures, twenty-five in number, cost \$50.50; the three bronze lamps, \$13.50; the two gas tanks, \$84; the chandeliers, \$50.75, and the item of screws, which might not appear to be an important one, \$51.88. For the building of a car like the one taken in illustrations, 2,480 feet of poplar wood, 3,434 af ash, 1,100 of white pine, 2,350 of yelfow pine, 440 feet of hickory, 400 of cherry, 700 of Michigan pine, 500 of oak and 439 of maple veneer were required in addition to thirteen gallons of varnish, forty-five pounds of glue and nearly 3,000 oounds of iron, exclusive of 800 pounds of iron castings. For the furnishing of the car there were required sixtynine yards of scarlet plush, forty-four yards of green plush, sixty-one yards of sheeting and 243 pounds of hair. The basket racks cost \$77.35, the sash leavers \$42, the bronze window lifts \$14.40 and the gold leaf for the embellishment of the wood work fasteners \$15.47 worth of material was required, two stoves cost \$77.55 and the tin used on the roof of the car \$41.44-The labor in the construction of the car represented a cost of \$1,263 94,
