### MOST TOO FISHY.

If there is a concern that preys, upon the weekly press to a greater extent than the manufacturers of a certain alleged fish oil product, in not paying the price for advertising space that it should, it has not come to our notice. We do not blame the advertisers though as much as we do the publishers. It is the fault of the newspaper man and no one else if he sells his space at the absurdly low price these fellows offer.

The cadaverous clientele they cater to may fatten by feeding upon their nauseous nostrum, but newspaper publishers will never thrive by feeing upon their advertising rates.

Yet we find in many of our State exchanges the advertisements of this concern conspicuously displayed. Nor have we any reason to believe that they are paid any better prices than the offers repeatedly made us "for papers of the same class."

As long as this sort of thing obtains among publishers-accepting business at any figure that may be offered-just so long will there be weak, delicate, hungry, consumptive looking papers presenting the ghostly spectacle of "after taking."

### COL. BURGWYN FOR TREASURER.

Referring to the communication of 'A Voter" suggesting the name of our distinguished townsman Col. Burgwyn for State Treasurer, it would afford the GOLD LEAF great pleasure to support him for that or any other position, knowing him to be eminently fitted for any place in the gift of his fellow citizens.

We do not know that Col. Burgwyn will be a candidate. Under certain conditions he may, that is if certain other gentlemen are not. In such event we take it his claims are in the hands of his friends.

A better man could not be found for the office of State Treasurer and the GOLD LEAF has pleasure in urging the claims of Vance county's honored citizen as worthy of recognition.

### THE GROWTH OF A YEAR.

"Nothing succeeds like success." And the success of no advertising agency has been more pronounced than that of the Mahin Advertising Company, of Chicago, Ill. December 27th, 1898, the floor space occupied by this firm was 784 square feet. March 25th, 1899, it was 1,426 square feet. December 27th, 1899, they were compelled to enlarge their quarters still more in order to accommodate their rapidly growing business, this time moving to another building, corner of Monroe and 65th avenue. oc-

supying 5,000 square feet. There has been something behind this rapid growth. The cause is not far to seek. It lies in the progressive, up-to-date business methods of the Mahin Advertising Company, and in their prompt and reliable dealings and courteous and considerate treatment of patrons and papers.

That the present year's growth of this very worthy firm may be even more phenomenal than the past year's business, is the wish of the GOLD

Weighed in the balance of impariality, its strong points intelligently considered and its advantages appreciated, there can be but one result -a choice in favor of the new Rem .-

It represents the highest improvement in typewriter construction, the nearest approach to typewriter perfection. Its reception has been more favorable, its success more pronounced, its sales more extensive than any other typewriter on the market. Besides its perfect work and ease of operation, the Rem. Sho. is made of superior material in every part, is longer lived and therefore cheaper in

In a letter just received from the manufacturers, the Remington-Sholes Company, of Chicago, they say: "The only trouble we have had in the past in regard to our machines is in making them fast enough to fill our orders. There has been no time in the past two years when we could ship machines out short of a week or two after the order was received, and from that up to two months. We are just at present getting in shape, so that we can increase our output, and hope to be in position to till orders

promptly after February 1st." That shows the popularity of the Rem.-Sho. typewriter. # The Truth About a Great Remedy.

What killed him? you inquire when a man dies, but when he is cured you do may be effected by the discovery of a A Great Remedy is the embodiment of

great truth. Know the truth and be

free from the many ills that flesh is heir to-nine-tenths of which may be traced to the effect of bad blood and a system that needs "toning up." Nothing is worth accepting as truth that has not been tried. Mrs. Joe Person's Remedy has been tried and it has stood the test. It is now known by its fruits; wherever it goes it brings the blessings of truth. Disease and falsehood fly before it. Thousands have tried it and know its virtues but there are still other thousands waiting to be convinced. They

are slow to believe and very naturally.

It is a notable illustration of human

perversity that man some times opposes

most bitterly the very thing that wi bring him the desire of his heart. He skeptically asks: "How can one Remedy be good for so many different things?" How? Why by getting at the bottom of things. Just as many diseases may be traced to one or two great evils. So by eradicating the root of all evil it is able to bring about such wonderful cures.
