remain available to business use." The existence of over three hundred million dollars in cash means that the government has not only the required Bottle Free to Sufferers.

It is the deep-seated obstinate cases of Catarrh and Rheumatism that B. B. B. (Botanie Blood Balm) cures. It matters not what other treatments, doctors, sprays, liniments, medicated air, blood purifiers, have failed to do, B. B. B. always promptly reaches the real cause and roots out and drives from the bones, joints, mucuous membrane, and entire system the specific poison in the blood that causes Rheumatism and Catarrh. B. B. B. is the only remedy strong enough to do this and cure so that there can never be a return to the symptoms. Don't give up hope, but try B. B. B. (Botanie Blood Balm) or 3 Bs.

For sale by druggists and Dorsey Drug Co., in Henderson at \$1 per large bottle, or 6 large bottles (full treatment) \$5. To prove our faith in B. B. B. we will send a Trial Bottle Free and prepaid to sufferers, so they may test the remedy at our expense. Address BLOOD BALM CO., Atlanta, Ga. gold reserve, as per the law just

The poet appears to have no writes that the editor is bound to respect.

KOJALI Baking Powder Absolutely Pure

Makes hot breakfast-breads wholesome-no yeast germs, no alum. Makes cake, biscuit and pastry of superior fineness, flavor and delicacy. Makes food that will keep moist and sweet. Is most economical, because it is the purest and greatest in leavening strength. In the easy, expeditious preparation of the finer cakes and pastries, Royal is indispensable.

> Care must be taken to avoid baking powders made from alum. Such powders are sold cheap, because they cost but a few cents per pound. No only sive acid, which taken in food means injury to health.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK,

THE A. & M. COLLEGE.

Textile Equipment Which Will Make Winston down, and it cannot result it One of the Best Furnished Institutions of the Kind In the Country.

The Agricultural and Mechanical College is making the very best possible arrangements for increased usefulness during the fall session. The Agricultural Department has received valuable additions. New

erected from the appropriation to this department for the next year. New lathes and machinery are being secured for the mechanical de-

very much enlarged. This embraces electrical engineering, for which a suitable brick building is now being

The school of textile fabrics will receive remarkable development over Charlotte, and quite an amount of bully them, or when one cotton mill manufacturers.

For the present the old chapel of the main building will be used for instruction purposes in this department. This room is 40x60 feet in size, and will be equipped with automatic sprinklers. No lappers for the present will be used until a separate building shall be erected but the real present will be exected but the real present will be used until a separate building shall be erected but the real present will be used until a separate building shall be erected but the real present will be used until a separate building shall be erected but the real present will be used until a separate building shall be erected but the real present will be used until a separate building shall be erected but the real present will be used until a separate building shall be erected but the real present will be used for instruction purposes in this departing. This is not a threat but a word of friendly advice which needs to be read, marked and inwardly digested.

Charlotte Observer.

DOES IT PAY TO BUY CHEAP? building shall be erected, but the remaining machinery will afford good, practical training for the present.

A cheap remedy for coughs and colds (Churchill, is all right, but you want something that will relieve and cure the more severe Dabney.

is even more admirable than the physical equipment and the improve-ments just noted, from President

otherwise.

Through No III Will to the Negro. (Wilmington Messenger.) The Democratic party is too wise,

too just, too far-seeing to take steps to curtail schooling facilities for those received valuable additions. New and improved machinery, increase of acreage, fencing in land for grazing ling to strive for the proper qualifications as electors. Do not enter upon tions as electors. Do not enter upon tions as electors. Fulfill all promises in good faith. Let the ne-groes have sufficient advantages to improve their minds and their morals.

HENDERSON, N. C, MARCH 15TH, 1966.

I beg to an-If they are ever to become desirable citizens they must have a sound moral basis and sufficient opportunity for acquiring a good primary education.

> It's a poor thermometer that won't work both ways.

Mr. Wilson, has been engaged, in connection with Mr. Tompkins of tolerant folk; but when it is sought to new machinery has been donated by among them arousing the worst passions of the ignorant and vicious,

practical training for the present.

It is almost certain that the Institution will be overcrowded. More dormitory room is absolutely needed, which it is believed the next Legislature will supply.

The other departments—Chemical, Civil Engineering, etc.—are well equipped and manned.

The College has an acknowledged position among the institutions of the State, and is sure to become the leading factor in the development of the splendid resources of North Carolina—for the splendidly equipped faculty

that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the oxily remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Bosches's German lung troubles, "Bosches's Ger

is hard enough as it is. It is to her that we owe our world, and everything should be made a easy as possible for childbirth. This just what
