'e Season's Greeting'
We take this occasion to extend the season's greetings to our friends and customers and to thank them for the very liberal patronage given us in the past, and solicit a continuance of same in the future. Our business this year has been double what it was last year and we are in better position than ever to serve our patrons.

It is impossible to enumerate, but we would, however, call attention to our line of cooking and heating stoves, representing the best makes in their respective classes. We sell the celebrated Majestic Steel Range, Isaac A. Shepard & Co.'s Excelsior Stoves, Garland Stoves and Ranges, Oil Stoves for bath room and parlor, and the best heaters that are made—both coal and wood burners.

Also kitchen utensils, table cutlery, Rochester Silver Nickel Ware, blue and enameled ware, (the most durable goods of the kind made) tin and woodware, harness, wire, rope, guns, pistols, rifles, and sporting goods of all kinds; building materials, nails, mechanics' tools, paints, oils, glass, farming implements and labor saving machinery, the celebrated Cyclone Feed Cutters, corn shellers, pea hullers, fan mills, the famous Pittsburgh well fixture, etc.

Soliciting the further favors of our friends, with best wishes to one and all for a Merry Christmas and a Happy New Year.

We are, very truly,

Tobacco Planters
We have for sale in the adjoining counties many farms which are adapted to raising the finest bright tobacco. All that is needed is persons familiar with the curing process.

This has been proven by several parties from North Carolina who have purchased these cheap lands and made a signal success in both color and quality. Wood for curing is accessible, abundant and cheap. For full description of these properties, sent free to any address.

Billions of people suffer with constipation, biliousness, indigestion and fever. Colds attack the lungs and contagious diseases take hold of the system. It is safe to say that if the liver were always kept in proper working order, biliousness would be almost unknown.

Theodor's Black-Draught is so successful in curing such sickness because it is without a rival as a liver regulator. This great family medicine is not a strong and drastic drug, but a mild and healthful laxative that cures constipation and may be taken by a young child without possible harm.

The healthful action on the liver cures biliousness. It has an invigorating effect on the kidneys. Because the liver and kidneys do not work regularly, the poisonous acids along with the waste from the bowels get back into the blood and violent contagion results.

Timely treatment with Theodor's Black-Draught removes the poisons which lurk in constipation, liver and kidney troubles, and will positively forestall the inroads of Bright's disease, for which disease in advanced stages there is no cure. Ask your dealer for a 25c. package of Theodor's Black-Draught.
