

AGE IN A BANK

Indicates strength and experience, and when age is the accompaniment of large assets and Capital, it is the best assurance of stability and safety.

Through its Sixteen Years of existence the Citizens Bank of Henderson has shown a growth in all these elements of strength.

ASSETS \$500,000.00.

J. B. OWEN, President. W. A. HUNT, Cashier.

VERY LOW PRICES. Lumber, Lime, Shingles, Doors, Windows, Frames, Oak Mantels, Tiles, Grates, Etc. JOHN B. WATKINS.

Mr. C. L. Blackhall of Kittrell, was a Henderson visitor Tuesday.

Mr. and Mrs. L. N. Watson of Axell, were visitors to Henderson Tuesday.

Mr. Ben Powell of Baltimore, is visiting relatives and friends in Henderson this week.

Mrs. J. R. Tompkins of Edgefield, S. C., is visiting her parents, Mr. and Mrs. George B. Harris.

Master George Harris Tompkins is visiting his Grand Pa, greatly to the delight of the "old man."

John J. S. Carr of Durham, was here short while Tuesday and was impressed with the street improvement work going on in Henderson.

An exchange has an article on "How to make the dinner table attractive." Briefly we should say the best way is to decorate it with good things to eat.

As will be seen by card elsewhere, Dr. P. Arrington, dental specialist, of Goldsboro, will be in Henderson, at Massenburg's Hotel, next Monday and Tuesday, Oct. 30th and 31st.

Henderson enterprise was evident at the State fair last week. The Corbett Buggy Company and the Watkins Hardware Company had exhibits and won first premiums.

Mr. Henry Alston sailed yesterday from New York on his return to Cavalla, Turkey, where he has been for nearly five years representing the American Tobacco Company.

Mr. B. F. Harris came home from Chapel Hill last week and spent a few days, returning Saturday. He and Mrs. Tompkins came to attend the marriage of their sister, Miss Carlin Harris, to Mr. Henry T. Powell on the 18th.

Mr. and Mrs. C. B. Lashley have returned to Henderson to live, Mr. Lashley taking the position of yard master with the Seaboard Air Line Railway which he formerly held. They have been making Raleigh their home for some time.

Mr. and Mrs. D. C. Crabtree desire publicly to thank their friends for kindness shown them on the occasion of the death of their infant child. The sympathy so freely expressed in the time of sorrow is very comforting to the bereaved parents.

The Watkins Hardware Company made an exhibit of Cyclone Feed Cutters at the State fair last week—one of the largest and the best that was there in fact. They carried off five blue ribbons—first premiums on different styles of vehicles—and found ready purchasers for most of the stock on exhibition.

Mrs. D. C. Longthin and sons, Masters Dave, Fred and Charlie, who have been filling an engagement with a circus touring the New England and Northern States, are home for the winter. As judged by press notices the boys have developed into fine performers, and are destined to keep up the family name, their mother and father being among the most famous circus artists in the profession.

To Cure a Cold in One Day. TAKE LAXATIVE BROMO QUININE Tablets. All druggists refund the money if it fails to cure. E. W. Groves's signature is on each box, 25c.

Money Lost. Soon after selling his tobacco at Harris' warehouse last Friday James Terry, colored, lost his pocketbook containing the money that had been paid him, \$85.00. Beside the money, a twenty-cent and a five-dollar bill, the purse, a small lead-colored one, had in it a tax receipt for 1904 bearing the owner's name. Terry is an honest, hardworking young negro from his land near Epsom, and the loss is a serious one to him. He offers a reward of \$5.00 for its return.

New Cure for Cancer. All surface cancers are now known to be curable by Bucklen's Arnica Salve. James Walters, of Duffield, Va., writes: "I had a cancer on my lip for years that seemed incurable till Bucklen's Arnica Salve healed it, and now it is perfectly well." Guaranteed cure for cuts and burns. 25c at Melville Dorsey's drug store.

General line of Groceries always on hand at H. THOMASON'S.

Doing Good Work.

The GOLD LEAF had pleasure in commending the manacard street work done by Mr. Robert Lowe Peters, under the intelligent and skillful direction of Mr. J. R. Gibson, and it was glad when the contract for the granite sidewalks was awarded to him. The work is progressing nicely and Mr. Gibson seems to be giving the town as good a job in this as he did in the other. When our sidewalks are finished Henderson will boast as fine streets as far as the work goes as any town in the State.

Has Stood the T. St 25 Years. The old, original GROVES' Tasteless Chilli Tonic. You know what you are taking. It is iron and quinine in a tasteless form. No cure, no pay. 50c.

Lost. At Harris' Warehouse a lead colored pocketbook containing \$35, a tax receipt and another receipt for reward of five dollars will be paid for its return to James Terry or to this office.

Death of a Little Child. The infant child, a little boy about five months old, of Mr. and Mrs. D. C. Crabtree, died suddenly Sunday night. To all appearances he was well and hearty when he was brought home from the hospital, but died next morning. Heart failure superinduced by the use of condensed milk probably, was attributed as the cause of death by the physician who was called to the little boy's bedside. He was taken to Granville cemetery and buried in the old family graveyard Tuesday.

Just received, a big lot of market baskets at H. THOMASON'S.

For Sale. Good Milk Cow, with calf six weeks old. THOMAS HORNBEY. MANSON, N. C.

Date Cancelled. Manager Aronson has cancelled the date with the Sites Stock Company, booked for Cooper Opera House next Monday, Tuesday and Wednesday nights. He did not like the photograph paper which was sent him to bill the town with and while the show may be all right he judged it by the character of advertising matter used. Rather than take chances and possibly impose upon his patrons by giving them an inferior attraction Manager Aronson preferred to cancel the date and wired the management to this effect.

Indigestion, constipation, dyspepsia, kidney and liver disorders, and all stomach troubles positively cured by using Hollister's Rocky Mountain Tea. 35 cents. Tea or Tablets. Parker's Two Drug Stores.

Market baskets and groceries and provisions to put in them. H. THOMASON.

Death of Mr. Paul Jenkins. Mr. Paul Jenkins died at his home in this county Saturday, and was buried at Plank Chapel at 3 o'clock Sunday afternoon. He had not been well for a long time but the announcement of his death caused surprise to his friends. Mr. Jenkins was one of the oldest and most highly esteemed citizens of the county. He was an honest man, a good neighbor and consistent Christian and he will be missed in the community where he lived. The funeral was held at Plank Chapel Methodist Episcopal church at 3 o'clock Sunday afternoon, Rev. A. L. Ormond conducting the service. The pall bearers were: P. A. Bobbitt, R. K. Young, J. L. Edwards, J. W. Kittrell, Sr., H. M. High, Dr. J. G. Gill. There was a very large attendance showing the esteem in which the deceased was held by his neighbors and friends.

Doctors Said He Would Not Live. Peter Fry, Woodruff, Pa., writes: "After doctoring for two years with the best physicians in Waynesburg, and still getting worse the doctors advised me if I had any business to attend to I had better attend to it at once, as I could not possibly live another month as there was no cure for me. Foley's Kidney Care was recommended to me by a friend, and I immediately sent my son to the store for it, and after taking three bottles I began to get better and continued to improve until I was entirely well." The November Pearson's. Pearson's Magazine for November contains an unusual collection of bright short stories and clever articles for the reading of the evening.

First, there is Lawrence Perry's deep-sea story, "The Duel of Two Ocean Tramps," a tale of storm and stress and suspense and the breaking of the world's conscience. "The Shirker" is a capital Esquimaux dog yarn, full of the human interest that has made Kipling's stories immortal. "The Great Seal of England" is an exciting link in the "Burglars' Club" series; just as "How Dick Broke Training" is a vivid chain in the new gentleman prize-fighter character.

Besides, there are six special articles: one on Richard Mansfield, another, "The American Diplomat in Foreign Eyes," and "The Great Seal of the Y. M. C. POWELL-HARRIS.

Mr. Henry T. Powell and Miss Carlin Harris Plight Their Troth at Hyman's Altar—Marriage a Quiet Home Affair.

The marriage of Mr. Henry T. Powell and Miss Carlin Harris which occurred on Wednesday morning, October 18th, took not a few of their friends by surprise. It was known that they were to be married soon but the interesting event had not been anticipated quite so early. It was a quiet home affair only members of the immediate families and a few special friends being present. Rev. A. G. Dixon, former pastor of the Methodist Protestant church, performed the ceremony.

Both young people are well known and very popular. Mr. Powell is a member of the Henderson bar and is a young man of bright mind and promising future who enjoys the confidence, friendship and esteem of all who know him. The bride is a daughter of Mr. and Mrs. George B. Harris and is a young lady of lovely character and attractive personality, loved and admired by a wide circle of friends.

Immediately after the marriage Mr. and Mrs. Powell left on an extended Northern tour visiting the principal cities and Canada. Upon their return they will occupy their residence on Charles street as soon as it is completed. Mr. Powell recently purchased the Charles Staircase plant which he is having remodeled and painted anew.

Dr. B. F. Arrington, Dental Specialist.

Will be in Henderson, at Massenburg's Hotel, Monday and Tuesday next, October 30th and 31st.

The Public Cordially Invited.

The public and Bible students especially are invited to hear Mr. W. H. Bundy, who will preach in Odd Fellows Hall over Davis & Watkins' store on Tuesday night, Oct. 31st, at 7:45 o'clock.

Those who appreciate Bible truth will be interested and not have cause to regret hearing him. No collection. G. C. WOODWORTH, L. T. HOWARD, Committee.

Rev. A. R. Shaw Accepts Call to Charlotte.

Rev. A. R. Shaw, pastor of the First Presbyterian church, Portsmouth Va., having accepted a call to the Tenth Avenue church, Charlotte, N. C., asked his congregation to concur with him in a request to Presbytery to dissolve the pastoral relation. The congregation met last Sunday morning and adopted the following resolutions:

WHEREAS, Our beloved pastor and his faithful wife have been called from our midst to another field of usefulness, and wishing to testify our appreciation of their work among us, be it

Resolved, That this church in the Rev. A. R. Shaw a man of acknowledged piety, ability and earnestness, and in his wife, a consecrated co-worker, both of whom are justly beloved and respected by this church and the community irrespective of denomination, that while we feel our loss deeply, we believe our pastor has acted under divine guidance, and we follow him with our prayers for God's richest blessing upon him; that we solemnly and unanimously consent to the dissolution of the pastoral relations between him and this church.

That these resolutions be spread upon the church records and a copy be sent to Mr. Shaw.

The Presbytery of Norfolk met last Monday and dissolved the pastoral relation of the Rev. A. R. Shaw to the church of the Portsmouth church stated to the Presbytery that he desired to testify to the great help Mrs. Shaw has been to her husband in his work. "The congregation feels that it is losing two pastors instead of one, in the departure of Mrs. Shaw with her husband.

Mr. Shaw was former pastor of the Presbyterian church in Henderson. He is a native of this State and his friends will be glad that he returns to North Carolina. Mr. Shaw expects to be in Charlotte the first of December.

A Word About Money.

Our subscribers will bear witness that we do not often call on them for money through the Henderson Gold Leaf. We do during the season when everybody is supposed to have money. We are not always ding-dogging at them to pay up if they know that when we do call on them we mean it. But we must have money to run our business. We have obligations to be met like other people and these require the ready cash. In going over our books we find that some of our good friends have allowed their subscription to get too far behind. In this perhaps we are as much to blame as they are. However, this is a request to all those who are in arrears to pay up. Do not wait for a statement but come in and leave a little money with us to lubricate the machinery of business. We cannot thank the paper enough for the money which flows for two years or more unless they pay up.

We have quite a number of subscribers in distant States, and in distant counties of this State, who cannot come to the office. We ask those to send us a remittance at once. The figures on your address label indicate the time to which your subscription is due. For instance, 16 Oct. '04, shows that you owe for one year. If in arrears the amount may be ascertained without making enquiry at the office. When remittance is made the figures are changed showing the date to whatever time paid for. Examine your label and see that proper credit is given.

Glorious October.

Scotland Neck Commonweal. Glorious October, the red leaf month is here again. This is the month of matchless charms when hill and dale, mountain and glen are all covered with nature's great kaleidoscope of beauty; and when the cool breezes of gladness autumn tulle rally us to say farewell to sultry summer and welcome the bracing atmosphere of fall and winter. It is the joyous harvest time when he who has faithfully and laboriously tilled the soil since the opening of the spring can now realize the results of his year's exertions and rejoice in the plenty that comes to him who has been diligent in his work.

He has for months given thought and labor. With the chatting groups of children who go running over the hills and sun-tanned toilers in the ripened harvest fields there is gladness and joy in glorious October. Other charms about this good month of October are the harvest moon, the busiest month in the year. For the most part there is less hindrance by reason of heat or cold or rain; and so the round of toil goes on undisturbed. Then there are fewer holidays in October than any month. The whole blessed, smiling days are given to busy work and the results of this month count more for the people, perhaps, than of any other month of the year. Again we say: Glorious October, and good cheer to all the land throughout this most delightful month.

OUTRAGEOUS TREATMENT.

Passengers Indignant at Seaboard's Special Train Service to Raleigh Last Thursday—Schedules and Wishes of Patrons Utterly Ignored.

If outraged feelings and indignation freely expressed by persons who were passengers on the Seaboard's special train from Bennahan, Oxford and Henderson to Raleigh last Thursday had not been impotent under the circumstances they would not have tolerated the miserable treatment to which they were subjected. The train was scheduled to leave Henderson at 7:50. Several hundred persons who were promptly on hand bought tickets to Raleigh. But no train came. It was reported late—how late nobody knew. Finally it was given out that the train was two hours late in being taken from here to Bennahan, the starting point. Whose fault it was we do not know. It was said the engineer had overslept himself. But of the truth of this we do not know. At any rate it was after ten o'clock when the train reached Henderson. Eight coaches all well filled stood on the tracks here and waiting for the train to arrive. At Raleigh the train was scheduled to arrive there at ten o'clock when these were looked on at the coal chute to the engine and four coaches brought down from Bennahan and Oxford and the train pulled out for Raleigh—nearly one hour and a half after it was scheduled to arrive there.

Coasting for ten or fifteen minutes got disgusted and gave up the trip, demanding their money back. Others regretted that they did not do the same thing when they found that they were to be subjected to still further outrage and inconvenience. Arriving at Raleigh the train was sidetracked at Johnson street station. Announcement was made that the three rear coaches would be cut off and all passengers were ordered to go forward into the other coaches, already uncomfortably crowded. And less than ten minutes later the three rear coaches were cut off and the passengers to still further discomfort until time for the train to move on. If an announcement had been made that the train would be there half an hour or more those persons who wished to do so could have walked across to the capitol and taken the street car there for the fair grounds. But then the fares paid to the street car company would have been lost to the railroad and it may be this had something to do with withholding all information.

It was a quarter to one o'clock when the Henderson special finally emptied its passengers, disgusted and disappointed, at the union station. Three hours and three quarters after the time advertised to put them there. Most persons who went to Raleigh on that train Thursday went for the express purpose of seeing the President. When they reached the fair grounds he had gone and the day had settled when the weather was all wrong. Was there not cause for outraged feelings, disappointment and indignation at such treatment?

Letter to Mayor Southerland.

Henderson, N. C. DEAR SIR: You are so well known that the people have put you in office. They knew what they were about: They didn't do it by accident.

Wouldn't it be a handsome thing to do to point your horse? It is a nice horse, has a good substantial commodious look, and isn't rusty at all, you know; but I'll bet it doesn't contract itself as much as we contract it.

Devoe is beautiful paint, but the beauty of it is: it lasts so long much more than an ordinary interesting and attractive horse. It is the most natural thing in the world to do for them.

Yours truly, F. W. DEVOE & CO. P. S.—Parham Bros. Supply Co. sell our paint.

He Had One.

Philadelphia Public Ledger. Professor—We know that heat expands, and we also know, Mr. Smart, that cold contracts, do we not? Mr. Smart (hoarsely)—I guess so; but I'll bet it doesn't contract itself as much as we contract it.

AN AGED PHYSICIAN

After Years of Experience Gives the Following Advice.

"If you have anything to do with medicines at all be pretty sure you know what you are taking.

Our local druggist, W. W. Parker, says this is a strong point in favor of their valuable cod liver oil preparation, Vinol. Everything it contains is plainly printed on the bottle, therefore it is not a patent medicine.

Vinol contains a highly concentrated form all of the medical elements of cod liver oil, actually taken from fresh cod livers, but without a drop of oil or grease to nauseate and upset the stomach.

This is the reason that Vinol accomplishes such wonderful results in curing chronic coughs, colds, bronchitis and lung troubles, and there is nothing known to medicine that will so quickly build up the run-down, over-worked, tired and debilitated, or give strength and renewed vitality to the aged, as Vinol.

Mrs. Martha Fraser of Portland, Me., writes: "I was all run down from overwork and had a chronic cough for years. I had tried so many remedies without benefit that I lost all faith in medicine. My daughter bought me a bottle of Vinol. It simply worked wonders for me; it cured my cough and brought back health and strength and I am better than I have been for years."

We can only ask every one in Henderson who needs such a medicine to try Vinol on our guarantee to return their money if it fails. W. W. Parker, Druggist.

Important Enterprise Projected

The North Carolina Connecting Railway Co. Incorporated.

An Enterprise Which May Mean Much to Henderson and to Eastern North Carolina.—The Plan Suggested by One of Henderson's Most Prominent Citizens.

Some two years ago, Col. William H. Hood of Henderson, who has had large experience as a surveyor and engineer in laying out lumber and timber plants, tram roads and railroads, conceived the idea that a railroad from Roxboro, in the county of Person, to Spring House, in the county of Nash, connecting with the four great trunk lines in North Carolina, to-wit, the Atlantic Coast Line, the Seaboard Air Line, the Southern, and the Norfolk and Western, besides opening and developing one of the best sections of land running through some of the most prosperous counties in the State, would be a paying investment.

Being thoroughly convinced that the enterprise could be made a great success financially, he also felt that he could do nothing which would add more to the development of his town and county or to the upbuilding of the State of North Carolina, than by urging the building of this line. He therefore opened communication with various persons and people in different parts of the country having money to invest, and succeeded in getting several capitalists interested in his plan.

About twelve months ago he induced certain gentlemen of means, namely, Messrs. D. J. Nyswander of Roanoke, Ohio, and D. W. Gunn, of Roanoke, Louisiana, and with power in Henderson, and to go over the ground with him. They were greatly pleased with the situation, and on their return home they interested other capitalists and men of large experience and influence in the same enterprise.

The result of Col. Hood's efforts in this behalf is best shown by the fact that on last Monday a charter was obtained from the Secretary of State of North Carolina, incorporating the "North Carolina Connecting Railway Company," with an authorized capital stock of \$5,000,000, with power to increase the same, and with power and authority to survey, lay out, construct, maintain and equip and operate a railroad with one or more tracks from a point at or near Spring House, in the county of Nash, to a point at or near the town of Roxboro, in the county of Person, running through the counties of Nash, Franklin, Halifax, Warren, Vance, Granville and Person, and to build branch lines; the length of the main line being about ninety miles.

Ninety thousand dollars of the capital stock has been subscribed for by the following named persons, who are also directors of the company named in the incorporation, to-wit: D. W. Gunn, Roanoke, La., 180 shares; N. P. Douglas, Toledo, O., 180 shares; D. J. Nyswander, Toledo, O., 180 shares; T. F. Whittlesey, Mobile, Ala., 180 shares; W. H. and R. H. Hood, Henderson, N. C., 180 shares.

Immediately upon securing their charter the incorporators met at the office of their counsel, Mr. A. C. Zoll-coffer, in Henderson, and organized, and elected the following officers:

President, T. F. Whittlesey, Mobile, Alabama.

1st Vice President, D. J. Nyswander, Toledo, Ohio.

2nd Vice President, D. W. Gunn, Roanoke, Louisiana.

Secretary and Auditor, S. P. Douglas, Toledo, Ohio.

Treasurer, R. H. Hood, Henderson, N. C.

It was decided that work should begin at once making the surveys for the route and securing rights of way.

The gentlemen interested in this enterprise are well known in business and financial circles, and have had management of railroads and other large enterprises.

Mr. T. F. Whittlesey, who has been elected President, is at present the general manager of the Mobile, Jackson & Kansas City Railway Company, and built the Great Belt Line around the city of Toledo, which cost about three millions of dollars.

Mr. S. P. Douglas will take charge of the affairs of the Company, and will soon move his family to Henderson.

The route of the railroad has not as yet been decided upon, as this will of course depend upon the survey, but it is hoped that they may find it to their interest to run to or through the town of Henderson. It would mean much for the town and community, and would open a splendid country.

The GOLD LEAF joins in wishing this enterprise the greatest success, and extends a cordial invitation to the promoters to our town and county.
