AT HYMEN'S ALTAR.

Happy Young Couples United in the Holy Bonds of Matrimony.

Harris-Drake.
At the home of Mr. William R. McNair, brother-in-law of the bride, in Henderson, at 12 o'clock Wednesday, Feb. 21, Miss Adelaide Drake and Mr. Fred Harris, both of Raleigh, were united in marriage, Rev. Julian E. Ingle officiating. It was a very quiet affair only the immediate family being present.

Carter-Harris.
At the home of the bride in Henderson, at 12:45 o'clock February 21st, Mr. Herbert M. Carter and Miss Charlie Harris were married. The ceremony was performed by Rev. L. L. Nash, D. D., in the presence of a few friends and the immediate members of the family.

Rodwell-Mitchell.
The following dated Feb. 27, which is taken from the Richmond News-Leader, will be read with interest here:

PETERSBURG, Va., February 27.—Miss Essie Layris Mitchell daughter of Mr. and Mrs. E. D. Mitchell of this city, was married to Mr. Clement Allen Rodwell of Henderson, N. C., in the home of her parents on Main street, at eleven o'clock this morning. The Rev. M. J. S. Foster, pastor of the Tabernacle Presbyterian church, performed the ceremony. The company included only the relatives of the family. Miss Mitchell wore a traveling gown of green cloth with hat to match. Mr. and Mrs. Rodwell will live in Henderson, N. C.

AGENTS WANTED.—Our stock is reliable and can be handled for many successive years the same commission. We want a good local agent in this county. Terms liberal. First class reference required. Cedar Hill Nursery and Orchard Co., Winchester, Tenn.

Here with His Bride.
Mr. Joan Robert Clark of Sumter, S. C., arrived yesterday with his bride, to spend a short while with relatives and friends here. Clark, and his friends congratulate him on his happy good fortune.

Painting Season is Here.
Note change in advertisement of the Watkins Hardware Company. Moore's ready mixed paints, leads, colors in oils, linseed and floor oils, varnishes, hard oil finishes, Muresco, Japalac, Johnson's wax, etc. Farm and garden tools and hardware of every description. Chattanooga steel plows, White's Boy Dixie, Clipper plows and castings, harness, traces, back-bands, plow lines, etc.

Beginning of Lent.
Yesterday was Ash Wednesday—the first day of Lent. As many of our readers know the forty days of Lent correspond to the forty days' temptation and struggle of our Lord in the wilderness, and are kept in commemoration of that event. It is a season set apart for special devotion, special self-denial and self-discipline by those who observe it. Not all the religious sects, however, observe it any more than any other period of the year.

House Burned.
Mr. Frank O. Robinson, miller at Mr. Gene Falkner's mill near town, had the misfortune to lose his house by fire last week. Everything he had in the house was burned, even to the clothing of the family. Friends interested themselves and took up subscriptions for their benefit. Mr. Robinson is an honest, hard-working man with a wife and several children, and is deserving of sympathy and help which he greatly appreciates.

Death of Mrs. Sidney Cooper's Father.
Mr. and Mrs. S. P. Cooper returned yesterday from Atlanta where they were called last week on account of the critical illness of Mrs. Cooper's father, Mr. Howell Cobb Jackson. He died before they reached his bedside. The sympathy of the community goes out afresh to Mrs. Cooper in this her second bereavement. It was less than two years ago that she was called on to mourn the death of her mother, an accomplished and lovely woman who had many friends and admirers among our people.

Council to be Reinstated.
Gold Leaf Council, No. 116, Junior Order United American Mechanics, are this week moving into the Owen Davis building next to Burroughs-Coleman Co., where they will be allowed to have their friends and the public generally call on them in the future.

How's moving picture show at Cooper Opera House last Thursday night was by far the best thing of the kind ever seen here. It was both entertaining and instructive and the applause was greatly pleased. The manager H. Howe can always count on a crowd when he comes to Henderson.

The Home Minstrels, a company of local talent, gave a performance at Cooper Opera House Tuesday night. The weather was bad and the audience was small in consequence. Those who witnessed it enjoyed the show, and the work of the Longhlin Brothers being very good. We understand the performance will be repeated.

Fair at Bobbit School.
Contributed.
On Friday evening, Feb. 23rd, quite a large company gathered from the surrounding country to attend the Fair at Bobbit School. As one entered the "Gate" they were made aware of the fact that everybody had taken a day off in which to be jolly, and well they might for on the "Midway" was music by a band. Then about to be left as you entered was a beautiful Indian tent, in front of which stood a tall young princess, gay with red fringes and beads, ready to sell her wares and to make acquaintances much to the delight of the small boys, who at once proceeded to make all the noise they could. Next was a band of four with everything to tempt the innerman. Also that "wonderful pie" which was served with strings as "pie" so often is nowadays. The food and refreshments were very popular, but there were cosy corners everywhere, with seats "just built for two" mostly occupied by swains with their lasses, who to all appearances were making fortunes for themselves. Farther up the Pike was a booth with a dancing bear who did all sorts of stunts, much to the amusement and delight of everybody. Then there was a lantern show with pictures new and old—some taken before the flood so the showman said. But the negro minstrel were a constant delight. Then about to be left as you entered was a crowd as they sang, "Everybody works but Father" and "Hans won't you open the door?" and lots of other negro melodies.

Dangers of Pneumonia.
A cold at this time if neglected is liable to cause pneumonia which is often fatal, and even when the patient has recovered the lungs are weakened, making them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. La Grippe coughs yield quickly to the wonderful curative qualities of Foley's Honey and Tar. There is nothing "just as good." Melville Dorsey, druggist.

Exercises at Bearpond High School.
Contributed.

The Bearpond High School celebrated Washington's birthday last Friday afternoon, the program consisting of songs, speeches, tableaux, etc. The children acquitted themselves well and reflected credit upon the teachers, who have rendered themselves very popular with patrons. They have been uniting in their efforts to please and have succeeded most admirably.

Prof. J. T. Alderman of Henderson, delivered the address. Speeches were also made by Dr. Gill and others. The house was full to overflowing and everybody seemed to enjoy the occasion fully, and spoke highly of the school.

G. B. Burhans Testifies after 4 Years.
G. B. Burhans, of Carlisle, Conn., N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." A CURE FOR ECZEMA AT LAST

Remarkable Cures Now Being Reported—A Sample Bottle Free.

Eczeema and kindred diseases have often been declared incurable, but the reports now being received regarding D. D. D. prescription indicate that a remedy at last has been found which really and does remove this curse from thousands of sufferers.

Letters from every part of the country indicate that people are being cured of eczematous diseases by the simple external application of D. D. D. liquid. A few drops applied give instant relief. Then gradually the skin is cleansed and finally not a vestige of the disease remains. The cures appear to be permanent, at any rate cases of a recurrence of the disease have been reported.

We are advised that until further notice the proprietors of the remedy will send a large size sample bottle of D. D. D. prescription free of charge to any sufferer who has never used the remedy and wants to test this marvelous quick relief from an itch that no other remedy will allay.

For the free sample bottle address D. D. D. Company, 112 Michigan Street, Chicago, Ill.

To the Trustees of Henderson Methodist Church.

Gentlemen: Don't allow your church to pay 8 cents per pound for wood.

If they buy 100 pounds of White Lead and 10 pounds of wood; but when they buy L. & M. Paint they get a full gallon of paint that won't wear off for 10 or 15 years, because L. & M. Zinc hardens L. & M. White Lead and makes L. & M. Paint wear like iron.

4 gallons L. & M. mixed with 3 gallons Linseed Oil will paint a moderate sized house. L. & M. costs only \$1.20 per gallon.
