

THE GOLD LEAF.

ESTABLISHED 1881.

THAD R. MANNING.

THURSDAY, MARCH 22, 1906.

It is surprising to learn from the Gaines (S. C.) Ledger that it has heard "quite a deal of criticism of Messrs. Butler & Osborne for denouncing George Hasty."

The objection does not lie in denouncing a criminal, but the manner of doing it. Some lawyers go beyond setting their client's rights, in doing everything in their power to defeat the very ends of justice.

ADMIRABLE SPIRIT DISPLAYED.

The Norfolk Landmark says: "Admirable spirit is displayed by Col. W. F. Beasley, of Plymouth, N. C., in offering to serve without compensation on the national commission to locate the graves of Confederate dead in Northern cemeteries."

Yet notwithstanding Col. Beasley's offer to serve without compensation, the appointment went to another man, who it is presumed will take the pay that goes with it.

THE WILMINGTON STAR TO BECOME MORE EFFULGENT.

Our esteemed contemporary the Wilmington Morning Star, is becoming rejuvenated in its old age. It was not very long ago that it adopted typesetting machines and made other additions to its mechanical equipment.

Mr. Comstock's Nose.

Good for Mr. Hugh Gordon Miller of Virginia and New York. He has performed a splendid service—he smashed the nose of one Anthony Comstock. And he did it so thoroughly and so beautifully that he is lifted higher in the estimation of the people.

Mr. Comstock may be doing a public service to his country by getting himself, which was proved to be the case when he called Mr. Miller a liar. As he did so Miller took two steps in the direction of Comstock, shot out his right fist and landed with much effect on the voice agent's eye.

What Constitutes Gambling.

Rev. Dr. W. P. McCorkle, pastor of the First Presbyterian church of Savannah, Ga., preached a sermon recently in which he charged that ladies and children who played cards for prizes were violating the law against gambling.

Spring Opening of Dry Goods and Millinery.

Wednesday and Thursday, March 28th and 29th.

The ladies are cordially invited.

E. G. Davis & Sons Co.

To the Trustees of Henderson Methodist Church.

As a renovator of soil and as a food for stock, the cow pea is unsurpassed.

To get the largest possible yield of cow peas from any given soil, a plentiful application of POTASH is necessary.

The best methods leading to certain success are fully explained in the 65-page illustrated book, which we send free to farmers who write for it.

It tells of the remarkable results attained with cow peas nourished upon POTASH.

Drink Benton Mineral Water and be Well.

Nature's Own Remedy.

Convinced that I have good thing in the mineral water discovered on my place I want to convince others of its undoubted curative properties.

This water has proved efficacious in curing chronic constipation, indigestion and stomach disorders, kidney and bladder troubles and kindred diseases.

ANALYSIS SHOWS Iron, Calcium, Magnesia, Sodium, Potassium as Carbonates, Phosphates, Silicates and Chloride.

I highly recommend the water from Mc. B. F. Harris' mineral spring, for kidney and stomach diseases. I have been suffering with kidney trouble for many years, these organs at times failing to perform their functions.

MRS. MARY J. CLARKE, Henderson, N. C.

B. F. HARRIS, Henderson, N. C.

GUARD AGAINST DANGER.

Explosion of the Hot Water Back or Pipes connected with your Stove or Range may occur in Summer as well as Winter.

Hot water is not only a convenience and luxury but an absolute necessity in every household. But it carries with it an element of danger—explosions are liable to occur.

CAUSE OF EXPLOSION—All modern homes have in the kitchen a hot water boiler built of copper or galvanized iron connected with a cast iron water back in the range.

PREVENTION—Every pressure boiler of any description has a safety valve, so called. Why? Simply because steam is so useful when under control, so dangerous when beyond control.

Simplex Safety Valve

attached to the heating pipe of your hot water boiler explosion is impossible, whether from freezing, rust or otherwise.
