CURED OF ECZEMA

Of Many Years Standing by D. D. Prescription

Davemport, Iowa, August 25, 1904.

Mr. H. A. Emeis, Druggist, City,
Dear Sirs: I consider it but just to write you about the wonderful cure effected in my severe case of Eczema of several years standing, by the D. D. Prescription which I precured of you some time ago. For a long time I have suffered untold torture from Eczema and have tried all binds of physicians and patent remedies with kinds of physicians and patent remedies with no result. Finally I was induced by you to try D. D. D. and I did so. I was very agreeably surprised by the improvement the first bottle made, and I kept on using it freely until now I am glad to say that I am thoroughly cured, and have no trace of it for a month past. It certainly is a wonderful remedy and I unhesitatingly recommend it to anyone suffering from Eczema or any other skin disease. I have recommended it to one of my friends and he tells me that it has

completely cured him also.
Yours truly, MAX E. OCHS. In the face of the many genuine testimonial letters we have presented to the readers of this paper it would seem needless for us to advance any further argument to prove that D. D. Prescription will cure any and all cases of Eczema or skin The treatment is scientific and logical. Attack the parasites in the skin directly. Don't dose the stomach and upset the entire system.
