Let It Pass.

Be not swift to take offense Let it pass! Anger is a foe to sense Let it pass! Brood not darkly o'er a wrong Which will disappear ere long! Rather sing this cheery song-Let it pass!

Strife corrodes the purest mind. Let it pass! As the unregarded wind, Let it pass! Any vulgar souls that have May condemn without repriese Tis the noble who forgive Let it pass!

Echo not an angry word: Think how often you have erred. Let it pass! Since our joys must pass away Like the dewdrops on the spray, Wherefore should our sorrows stay?

Let it pass! Let it pass! If for good you've taken ill. Let it pass! Oh, be kind and gentle still! Let it pass! Time at last makes all things straight Let us not resent, but wait, And our triumphs shall be great:

Let it pass! Rid your anger to depart Let it pass! Lay these homely words to heart Let it pass! Follow not the giddy throng. Retter be wronged than wrong: Therefore sing the cherry song-Let it pass

Let it pass!

Teach the Boys to Work.

James J. Hill, the great financier and builder of railroads, who began life as a poor boy says this:

I am not going to find fault with education; it never hurt anybody. But in place of spending so much time and so much money on languages and higher studies, we fitted them for the life that they are going to follow for the sphere in which they are going to move, we would do more for them.

I know that in two or three railroads in which I am interested, the pay rolls cover over 80,000 to 90,-000 people. We have tried all manner of young men, college men, high school men, and everything else, and I will take a boy at fifteen years old who has to make a living-his chances will be better if he has a widowed mother to support-I will and get him in the first place, before you would get the most of the others to enter the race with him; simply because he has to work. He has to work, he has the spur of necessity

If there be anything that you can do, I feel sure that you will all put your hands to the plow and help;but you will never build a city faster than you have a country to support it. And that is the first and most important thing.

NERVOUS PEOPLE.

Something You Ought to Know.

"No nerves and never irritable." This s what our well known druggist, W. W. Parker, says people report after taking Vinol. "It is remarkable," said Mr. Par-ker to the editor of the GOLD LEAF, "how many people buy sedatives and all sorts of opiates to quiet and deaden the nerves when they are weakening their entire nervous system bp doing so.

"Nerve troubles are easily cured," continued Mr. Parker. "It is simply a case of treating the general weakness, not the nerves alone, and that is just what Vinol does in the most direct and simple manner possible. It cures nerve troubles because it builds one up, and makes one strong all over. It invigorates the entire nervous system, makes new blood and "Vinol contains no drugs, and you

know what you are taking-simply the medicinal curatives found in cod liver oil with a little organic iron added. It is fast superseding old forms of cod liver oil and emulsions because it is so delicious to the taste and has such marvelous vi-"It is for this reason that we say to

every nervous, run-down and debilitated person in Henderson, try Vinol, and if it does not cure you come back and get your money." W. W. Parker, Druggist. Statistics show that the sooner a

VINDICATION FOR DR. PIERCE.

Decision by the Supreme Court of the State, Against the Ladies' Home

A verdict has been rendered in tayor of the laintiff in the libel suit brought against the Ladies' Home Journal, (published by the Turtis Publishing Co.) by the World's Disensary Medical Association, of which Dr. R. Pierce is president. The suit was brought by Dr. Pierce against the Curtis Publishing Co. for making false statements about one of his standard family medicines known as Dr. Pierce's Favorite Prescription. In the May number of the Ladies' Home Journal (1904), Mr. Edward Bok, the editor, stated hat Dr. Pierce's Favorite Prescription con ained alcohol and some other harmful in redients, and Dr. Pierce had in the action dleged that the defendant maliciously pub ished this article containing such false and lefamatory matter. Dr. Pierce further claim-d that no alcohol is or ever was contained n his Favorite Prescription, that said medine was a vegetable preparation and contined no deterious ingredients whateve that Mr. Bok's statement, pretending to give ome of the ingredients of said medicine, was wholly and absolutely talse. During the trial, the vice-president of the World's Dis-pensary Medical Association stated that the ingredients of Dr. Pierce's Favorite Prescriptive roots: Golden Seal, Blue Cohosh, Lady's Slipper, Black Cohosh and Unicorn, by means of pure glycerine. He was asked how he knew, as a physician and experienced medical man, that the Favorite Prescription was cure for the diseases peculiar to women, such as amenorrhen, dysamenorrhen, auteversion, retroversion, and he stated that he knew such was the fact because of his professional experience and the many thousands of women whose ills had been cured by this Prescription. The vice-president being asked to give his authorities, read from the stand-ard works, such as the United States Dispensatory, the American Dispensatory and many other standard medical books.
