

THE GOLD LEAF.

ESTABLISHED 1881.

—BY— THAD R. MANNING.

THURSDAY, JUNE 21, 1906.

THE KITCHIN FAMILY.

The Kitchin family is quite an office holding one. The late W. H. Kitchin was a member of congress. His two eldest sons have been in congress for several terms, and now a third son, A. P. Kitchin, announces himself a candidate for the legislature from Halifax county.

"The Kitchin family is quite an office holding one," but if they have ambition and ability and possess the capacity and fitness for holding office, why not them as well as individual members of any other family? Surely one brother should not be barred from seeking and holding office because another brother is similarly honored by his people.

DISPLAYED POOR JUDGMENT.

Former Senator Marion Butler was the alumni orator at the University commencement. In introducing Mr. Butler, Mr. John A. Parker, the toastmaster, said, among other things: "The demand in the South for successful men is imperative and is for statesmen instead of scheming politicians."

The least that can be said is that those having the matter in charge displayed poor judgment in the selection of a speaker. Why go out and pick up and dignify such creatures as Marion Butler by inviting them to speak on an occasion of this kind?

If the corporation commission has no power to enforce its orders, "how come?"

UNION CHRISTIAN COLLEGE, of Indiana, the most prominent institution of learning of the Christian church in the Middle West, has conferred on President Emmett Leonidas Moffitt, of Elon College, the degree of LL.D.

The State Bankers' Association is holding its annual meeting at Toxaway this week, 19th, 20th, 21st. Secretary of the Treasury Shaw delivers an address at the meeting.

AFTER an absence of a year in Canada, Prof. Franklin Sherman again becomes the State entomologist of North Carolina. His salary has been raised by the State Board of Agriculture to \$2,500. Would it not have been better if the board had done this at the time of Prof. Sherman's resignation so as to have kept him from going away from North Carolina at all?

The North Carolina Retail Merchants' Association is in session this week at Morehead City. Addresses are to be made by various members of the association and prominent gentlemen from a distance, among the latter being John A. Green, Cleveland, Ohio, president of the national association, and "The National Association," M. Unstader, president of the Norfolk (Va.) association, on "The Need of a Spirit of Fraternity Among Retail Merchants."

The cream of society—massage cream. Eat one of Ring's Dyspepsia Tablets after each meal and you will not suffer with indigestion. Sold by the Kerner-McNair Drug Company.

Persons who have used Hattie Benton Spring Mineral water commend it highly in relieving kidney and bladder troubles and indigestion. For sale in bottles at Dorsey's, Parker's, Thomas Brothers and Kerner-McNair Company's drug stores.

JUDGE SHAW'S DEFEAT.

A lawyer friend takes exception at what the GOLD LEAF said last week about the probable defeat of Judge Shaw—that he was not popular with the lawyers—they couldn't run his courts. "There are others" who have been guilty of the same indiscretion of saying what they think.

A visiting lawyer in Charlotte told the Observer the other day that the lawyers did not like Judge Shaw and that they are behind the fight against him. The truth of the matter is, many of the lawyers dislike Judge Shaw because he conducts the business of the courts over which he presides according to his idea of the way it should be done and not theirs.

The Statesville Landmark, conservative yet outspoken in its opinions, says the defeat of Judge Shaw is a matter for State-wide regret, and adds: "The foremost judge on the Superior Court bench, who has done more for the promotion of morality and respect for law—who has done more to make the lawless fear and respect the law and for the security of the law-abiding—than possibly any other judge in the State, is to be turned down because another man wants his job."

Four persons have been ordained to the deaconate and three to the priesthood. About four hundred have been confirmed. The present number of clergy in the Diocese, which covers about 100 miles of the State, is fifty-eight, of whom eight are colored men.

It's about time Policemen Skeens and Causey were asking for an increase in salary. They are not arguing the merits of the case, but these are questions the people are asking. These gentlemen should apply to strain the wondrous assertions from carrying out their diabolical purposes. The injunction is the thing when the company can't be sued.

The health of the Hon. John W. Webster continues good. He takes a fall this week out of the Kilgo European trip. He wants to know who "pays the freight?"—Greensboro Record.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant U. S. A., of Rural Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchitis, troubles and all lung diseases. Guaranteed at Melville Dorsey's Drug Store. Prices 50c and \$1.00. Trial bottle free."

The State Board of Agriculture has decided to appropriate \$5,000 for a special car to be filled with North Carolina products and to be sent throughout New England, this fully carrying out Gov. Glenn's idea, which grew out of his trip to New England last autumn.

Geo. A. Sherman, Lisbon Bed Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and was treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." Melville Dorsey, drug-gist.

Persons who have used Hattie Benton Spring Mineral water commend it highly in relieving kidney and bladder troubles and indigestion. For sale in bottles at Dorsey's, Parker's, Thomas Brothers and Kerner-McNair Company's drug stores.

The Episcopal Convention.

The annual convention of the Diocese of North Carolina met last week in the Church of the Holy Innocents, Henderson, Va. A preliminary service was held on Tuesday evening, at which an eloquent sermon upon mission work was preached by the Rev. Robert W. Barnwell, of Petersburg, Va.

The action of the convention was largely occupied in the passage of resolutions, endorsing the recommendations of the Bishop and in urging conformity thereto upon the people of the Diocese. A matter of special interest was the renewal of a proposal made at the last convention for the formation of a separate convention of the colored people, in which they should legislate for themselves in conformity with the laws of the Diocese, while continuing in organic union with the white.

The reports of the archdeacons of convocations were of great interest as showing the present condition of mission work within the limits of the Diocese. On Thursday morning the Bishop read his annual address, which recited his episcopal acts during the year, and then discussed certain matters of special interest and importance at this present time.

The pallbearers were Messrs. Walter J. Alston, Carl Whitaker, Ed. Lassiter, Sidney Dickerson, Noel Smith and Ralph Stainback. One precious to our hearts has gone, her voice is hushed and still; a place is vacant that never can be filled. God has called her up yonder to that heavenly home to sing around the throne of God, there to await the resurrection morn.

The convention was congratulated upon the extension of the line of the Norfolk and Carolina R.R. to the new station at Mary's School, Raleigh. Within a period of nine years a sum of nearly \$75,000 has been expended in purchase money and improvement of the property, and \$12,000 more are in hand for the extension.

that catarrh before all your health is gone. Without health life becomes a burden to yourself, your family, and all your friends. Do you know catarrh ruins brain workers? for medicine that will cure catarrh in all its annoying, offensive, loathsome forms. The one great medicine that never fails to cure is called, Dr. Bennett's NEW LIFE.

Benjamin Farrer No. 813 Locust St., Camden, N. J., writes: "I was living in Norfolk, Va. six years ago. At that time I had the worst case of catarrh I ever saw. My breath was very bad, the sense of smell was almost entirely gone. I had headaches nearly all the time; and my stomach would not retain my food. A two months treatment of Doctor Bennett's NEW LIFE cured me; and I have not suffered any more of that old disease since I took New Life."

Hale Whaling, Memphis, Tenn., writes: "My little girl had suffered of stomach trouble for several months. We tried all the doctors in our town, until a friend told me of New Life. One bottle cured her."

Bennett's NEW LIFE is sold by all leading druggists. Manufactured by BENNETT MEDICINE CO., Norfolk, Va.

of an auditorium. The necessity of due care for the provision of endowments for the support of the Diocese, the importance of a loyal obedience to the Christian faith and of the maintenance of a high standard of Christian morality in both public and private relations, were briefly but forcibly treated in the conclusion of the address.

The action of the convention was largely occupied in the passage of resolutions, endorsing the recommendations of the Bishop and in urging conformity thereto upon the people of the Diocese. A matter of special interest was the renewal of a proposal made at the last convention for the formation of a separate convention of the colored people, in which they should legislate for themselves in conformity with the laws of the Diocese, while continuing in organic union with the white.

At Epsom, N. C., just as the light of a new day was crimsoning the east, on Saturday, June 9, 1906, the gentle spirit of Susie Cleora Medlin, wife of Arthur A. Medlin, took his everlasting flight.

On Sunday, at the Wynn family cemetery, they dug a tomb beneath the green sod, and in a snow white casket, beneath flowers of love, lilies and cape jasmines, and amid hearts that wept but souls that hoped, they laid to rest the last that was earthly of Susie Medlin.

The pallbearers were Messrs. Walter J. Alston, Carl Whitaker, Ed. Lassiter, Sidney Dickerson, Noel Smith and Ralph Stainback. One precious to our hearts has gone, her voice is hushed and still; a place is vacant that never can be filled. God has called her up yonder to that heavenly home to sing around the throne of God, there to await the resurrection morn.

Improved Seeding Knife

Stop and Investigate This the Latest Improved and Best Fruit Stoning Knife.

In preserving, canning or pickling fruits, such as Peaches, Appricots, Plums, and Prunes, it is desirable to remove the stones and leave the fruit whole and as near its natural shape as possible. A knife of peculiar shape and size is required for this purpose as with ordinary knives of old style it is impossible to so cut around the stone as to leave it in good shape. My knife is particularly adapted for this purpose, and has only to be seen to be appreciated and purchased. With a desire to place it on the market, I will sell State and County rights and a premium of 50 cents per dozen on each County sold will be given free which will enable the purchaser to soon realize his clear profit. Any one wishing to buy sales rights, call on or write me for full particulars. All correspondence will receive prompt attention. Soliciting your patronage, I am J. O. BECKHAM.
