Instead of the old style which necessitates running a stove to heat the irons, she uses an electrically heated iron to do the work at her pressing and cleaning rooms.

A Daily Thought.

This from an exchange is worthy of a second thought: One little act of kindness, one genuine exhibition of usefulness, is found to be a thousand times more valuable than the piled-up millions of the rich. But, more than that, the loss of character, man's best possession, is found to be the loss of all, for when the heart condemns and the finger of scorn is pointed at a man or woman it matters not how many millions he has, they all appear to be but a millstone that is hung about the neck.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure the most insidious Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." Melville Dorsey.

Sudden Death of Mr. W. A. Parham.

Mr. W. A. Parham, familiarly known as "Guss" Parham, died suddenly at his home near Watkins, in Granville county, Monday morning. He was plowing at the time and all appearances was in his usual health. Another person who was in the field with him looked around and saw a turn at the end of the row and saw that he had fallen. Death ensued in a short while after he was struck. Mr. Parham was a well known and successful farmer and was highly esteemed by all who knew him. He had a large family connection in Granville and Vance counties. Capt. Tom Parham, of this county, was a brother. He leaves several children.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth Melver of Vanceboro, Me., permitted a little colt to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold; but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure. At Melville Dorsey's drug store. 50c and \$1.00. Trial bottle free.

The bride who is a charming and accomplished young woman, was Miss Bessie Ferrebee Morgan, daughter of Mr. and Mrs. Patrick Henry Morgan, of Shawboro. She has frequently visited Henderson and having many friends and admirers here already she does not come among us a stranger. The wedding occurred on June 19th.

The Impossible.

And it came to pass that after he had advertised his goods there came unto him great multitudes from all the regions round about and did buy of him. And when his competitors saw it they marvelled among themselves, saying: "How be it that this man is busy while we loaf idly about our doors?" And he spake unto them: "In this last age of push and hustle it is easier for a camel to enter the eye of a needle than for a man to flourish without advertising."

Pushing a Good Thing.

Mr. John P. Stedman, general manager and secretary of the Head-Easy Company, Oxford, N. C., was here yesterday in the interest of their well known preparation: Head-Easy, the great headache and neuralgia remedy, and Stedman's 5-cent Blood and Liver Pills, both standard remedies, which have been on the market a long time. So great has the demand grown for them, in fact, that Mr. Stedman found it necessary to organize a stock company to manufacture his preparations on a large scale. The company is chartered under the laws of North Carolina, with an authorized capital of \$50,000. The officers are: Z. W. Lyon, president; F. L. Taylor, vice-president; W. H. Hunt, treasurer; J. P. Stedman, general manager and secretary. All well-known and successful business men of Oxford, with many of the leading business men of the town as stockholders.

Mr. Stedman has for years manufactured Head-Easy, first for his local trade, and as its fame spread and the demand increased he undertook to supply the outside trade. But the demand grew beyond his capacity and resources to meet it. He called some of Oxford's leading business men to his aid and a stock company was formed. They have a good thing in "Dr." Stedman's remedies and they are "pushing them along." But articles of such merit as Head-Easy and Stedman's 5-cent Blood and Liver Pills pretty much do their own pushing. The main thing to say is that the company which their merit is understood and appreciated.

Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by Melville Dorsey, druggist. Price 50c.

Met Death by Drowning.

A sad case of accidental drowning occurred at Rowland's mill pond, near town, Friday afternoon. Mr. Cornelius Allen, an employe of the Rowland Cotton Mills, was bathing with a number of other persons. He waded out some distance and it is supposed that he stepped in a hole and got beyond his depth. At any rate he got in water over his head and being unable to swim he drowned before assistance could reach him. The body was in the water about three hours before it was recovered. It was brought to town and taken to Hardee's undertaking rooms where it was embalmed and prepared for burial.

It is a relief for sour stomach, palpitation of the heart, and other ailments arising from disorder of the stomach and digestion. Take a little Kodol after your meals and see what it will do for you. Hon. Edward W. Pou

Renominated By Acclamation for Congress from the Fourth District for the Fourth Time.

Hon. Edward W. Pou, representative in Congress from this (Fourth) district, was renominated by acclamation for the fourth time by the convention in Raleigh Monday. We copy from the News and Observer as follows: The meeting was called to order by Chairman James R. Young, who in doing so congratulated the Democracy of the district on its splendid condition, with no contests or bitterness, and also that Mr. Pou is to be congratulated on the determination of the people already expressed to have him as their standard bearer, as he has been tried and has proved faithful.

Mr. Thomas M. Pittman, of Vance, was named by Mr. Young as temporary chairman, and the temporary organization made permanent on motion of Col. F. B. Arendell, Mr. Edward E. Britton, and Mr. J. H. Brantley, the members of the Democratic press assistant secretaries. Mr. Pittman briefly expressed his thanks for the honor conferred and at once proceeded to business.

On motion of Mr. A. C. Zollicoffer, of Vance, who stated there were no contests, and in the absence of a candidate, Johnston yielded its place to Vance, and Mr. A. C. Zollicoffer, of Henderson, addressed the convention, and in a brief but interesting speech presented the name of Hon. E. W. Pou.

Mr. Zollicoffer said that the delegation from Vance had come to express its appreciation of the splendid work done for Henderson by the present congressman, who had secured for it an appropriation for a public building, and that he felt bold in being selected to present his name, but that if he talked until the sun went down he could not add a word to the endorsement of Mr. Pou shown by the presence of the delegation which had come when the result was already known. He declared that Mr. Pou had proven faithful as presidential elector, solicitor, and as congressman for six years; that no public officer had more faithfully performed his duties, and that Mr. Pou had discharged these faithfully, faithfully and boldly the appreciation of the people being shown in the fact that there was no opponent to him. Vance county, he said, is especially proud of Mr. Pou because of his work for Henderson, and in the name of the county he thanked him. "There is not a nobler man in congress from the South," the speaker said, "and he is the equal of any in the North, being always ready to serve his district and his State. He richly merits the unanimous nomination which he will receive today."

Col. F. B. Arendell seconded the nomination, saying he did this on behalf of Wake, the metropolitan county of the State, adding: "I pledge to you that Wake county 3,000 majority over any man who has the gall to run against him."

Sheriff J. T. Ellington, of Johnston, seconded the nomination on behalf of Mr. Pou's home county, saying he was present to voice the unanimous endorsement of Mr. Pou by Johnston county, and that he was glad to see the disposition in North Carolina to give a man sufficient terms in congress for him to be worthy of the service, and to learn, but he did not want a man to learn too much of some things, as had some who were in congress for twenty-five or thirty years. He endorsed Mr. Pou as faithful and courageous, a man who did his duty and was true to his convictions.

The nomination of Mr. Pou was made by a rising vote, and a committee consisting of Messrs. J. A. Thomas, of Franklin; F. B. Arendell, of Wake, and George A. Kittery, of Vance, was appointed to escort Mr. Pou into the hall. [Mr. Pou's speech of acceptance will be published in full next week, it being too lengthy to give space to here.—GOLD LEAF.]

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.
