THAD R. MANNING.

THURSDAY, AUGUST 16, 1906.

Murder would not be so frequent in this State if individual murder was regarded and treated by the courts as more of a hanging offense than it is.

Those Georgia candidates have about reached the end of their rope as they are now suing each other in the courts.—Durham Herald.

The decent citizenship of Georgia ought to repudiate both candidates and elect another man. If half the things that Hoke Smith and Clark Howell and their partisans, have said about each other is true, neither one is fit to be Governor of the State.

The Greensboro Industrial News prints as a "Morning Tonic" at the head of its editorial column, in the issue of Aug. 9th, the following extract from the Democratic platform:

We congratulate the people of the State that under Democratic auspices there has been established throughout the borders of the State a reign of law and liberty, peace and progress.

This is too good not to be enjoyed—even at the expense of the Democratic platform.

Even if the other ninety-nine escape Hall got no more than he deserved.—Durham Herald.

True, but we will never believe that Hall was the leader of that Salisbury mob. A little bolder than the others, perhaps, and with a bad record behind him, he was recognized, arrested and made an example of while the "prominent citizen" was not known and never will be. Hall deserves his punishment, but if the matter is allowed to stop there we would be in favor of letting him go along with the rest, and then let it be understood that in case of the next mob of lynchers the officers will shoot and shoot to kill, whether those in front of them be leaders, abettors, idle lookers on or prominent citizens.

New Series of School Readers by Dr. E. A. Alderman.

An interesting fact to the educational world, but known only to a few until quite recently, was that Dr. E. A. Alderman had under preparation a new series of school readings. Dr. Alderman, as is well known, is now President of the University of Virginia, was formerly President of Tulane University, and of the University of North Carolina, and in this, his native State, as a young and enthusiastic teacher won distinction in every branch of public school work.

The accomplished author has shown rare skill and grace in his work. From the First Reader up the books are beautifully graded; the selections are carefully and tastefully chosen from numerous authors; while in mechanical execution they are excellent, being rich in appropriate illustrations, well bound, well printed and on splendid paper.

In this state it is not necessary to serve a five days notice for execution of a will. Use the original laxative Honey and Tar. Sold at Parker's Two Drug Stores.

Sewer System for A. & M. College.

In order to add to the health and comfort of the North Carolina College of Agriculture and Mechanic Arts, at Raleigh, the Board of Trustees at a recent session appropriated \$7500 to install a complete, modern, up-to-date sewer system. Work on this plant will begin at once, and it is hoped will be completed at a very early date.

A Sweet Breath.

A sweet breath adds to the joys of a kiss. You wouldn't want to kiss you wife, mother or sweetheart with a bad breath. You can't have a sweet breath without a healthy stomach. You can't have a healthy stomach without perfect digestion.

The jury at Salisbury has wisely convicted an executor. We await the return from the trial of the "good citizen" with interest.—News and Observer.

WHY THERE SHOULD BE A TELEPHONE IN EVERY HOUSE.

The business house and the office must, of course, have a phone. It pays for itself twenty times over and nothing else can exactly take its place.

Can the average household with small income afford a phone?

The phone is a time-saver.

Experience proves that it saves the average household one hour a day—more than thirty working days annually.

For that length of time it is doing some person's work.

The phone is a labor-saver.

An Important Decision.

Fine of \$100.00 Imposed for Substituting Labels.

St. Louis Globe Democrat, Aug. 8th.

Jacob, alias James Goldgraber, a saloon keeper, of 2300 Market street, St. Louis, Mo., recently indicted by the Grand Jury for using Anheuser-Busch Beer labels, taken from empty bottles and putting them on bottles containing beer brewed by other brewers and selling same as Budweiser, was convicted and fined \$100.00 in Judge Moore's court.

The case was vigorously prosecuted by Campbell Cummings and is the first of several similar proceedings in which he will appear for the brewer. The case was begun Monday and continued Tuesday until the jury went out at 3:30. Within an hour and a half a verdict of guilty was returned against Goldgraber, but Henry Steiman, who was a co-defendant was discharged.

The evidence showed that Goldgraber owns the saloon and that Steiman is employed as a bartender. The contention of the Anheuser-Busch Brewing Association's attorney was that his client suffered much annoyance and pecuniary loss by the practice of some saloon keepers of substituting "Budweiser" labels for those of cheaper grades of beer.

Why a Twenty-Year Limited Payment Policy in the Southern Life Insurance Company Will be Worth at Maturity Several Hundred Dollars in Cash More than a Policy of the Same Kind in Some of the Old Giant Companies of the North.

Why will a Twenty-Year Limited Payment policy in the Southern Life Insurance Company be worth at maturity several hundred dollars in cash more than a policy of the same kind in some of the old Giant Companies of the North?

Simply because of the fact that the death loss on insurance in force in these older Northern Companies is averaging now over \$12.50 per thousand, while the experience shows the death loss per thousand insurance in force in these Companies, when they were young, not to have exceeded an average of \$5.00 per thousand for the first twenty years of their careers. So on the maturity saving the Southern Life Insurance Company averages \$7.50 less on each \$1,000 of insurance in force over its older competitors.

Now if this \$7.50 saving should for 20 years earn six per cent, interest it would make \$300. In this item of mortuary dividend the Southern Life can make \$300 cash on a Twenty-Year Limited Policy per thousand dollars over its older Northern competitors.

Which shall we do, save this \$300 for ourselves, or let it go to others who neither know nor care for us?

In addition to the above we should not forget that the older Companies above referred to have such large accumulations in money on account of the greater age of their policies that they claim they cannot average more than four or four and one-half per cent on their investments. The Southern Life Insurance Company has younger policies, and has so much money as to prevent it from earning six per cent, thereon. With the progress that is going on in the South and the active demand for money, it will be many years before we will earn less than six per cent, on our investments.

THERE IS A REASON FOR CHEWING REYNOLDS' SUN CURED TOBACCO. Chewers becoming tired of heavily sweetened sun cured tobaccos caused REYNOLDS' SUN CURED to quickly win from the old brands of much longer standing the place as favorite with sun cured chewers, because it contains just enough proper sweetening and flavoring to preserve the quality of the leaf and enhance its goodness, causing a large increase in the demand for sun cured tobaccos. REYNOLDS' SUN CURED is not only pure sun cured, but it is made from choice selections of the genuine sun cured leaf grown where the best sun cured tobacco grows. It is like that you formerly got, costing from 60c. to \$1.00 per pound, and is sold at 50c. per pound in 5c. cuts; strictly 10c. plugs, and is the best value in sun cured tobacco that can be produced for chewers.
