**TO OUR FRIENDS AND PATRONS**  
 We have done the biggest business this year that we have ever done—and we are going to keep on doing it if earnest and honest effort backed by a loyal constituency will count for anything. With a bigger stock and better and cleaner goods than we have ever carried, selling at PRICES THAT ARE PROFITABLE TO OUR CUSTOMERS AS WELL AS TO OURSELVES, promising prompt and appreciative attention to all business, we may say without boasting that we are in better position than ever before to serve our customers and will leave nothing undone to merit a continuance of the very generous patronage we have enjoyed. While we have been more prosperous the past year than any year previous, we have not forgotten that we owe it all to our friends and customers. And we would be ungrateful indeed if we did not deeply appreciate this expression of confidence and good will. The people have shown very emphatically that they appreciate our effort to please our customers in supplying what they want—GOODS OF QUALITY AT REASONABLE PRICES—and our success has created in us a desire to put forth still greater effort to meet every expectation and demand and to merit in future the same liberal patronage and kindly consideration accorded us in the past.
