

THE GOLD LEAF.

ESTABLISHED 1881.

THAD R. MANNING.

THURSDAY, MARCH 21, 1907.

The Raleigh Times is correct when it says:

If the legislature did nothing more than pass an act appropriating \$500,000 to care for the insane of the state, the money spent to keep them here 60 days would have been well spent.

Says the Wilmington Messenger: While a number of editors agree with the sentiments expressed by the judge who presided over the trial of the Strother brothers, we have failed yet to hear of one who endorsed the expressing of those sentiments from the bench at the time of the trial.

A Norfolk dispatch says arrangements have been completed in regard to the naval parade on the opening of the Jamestown Exposition. All the nations of Europe will contribute to the event by sending their best battleships. There will be 112 battleships and cruisers in the parade and the sight will be very imposing.

Representative Winborne showed that he was capable of further blackguardism when he stood up in the House and said that Rev. Plato Durham must have been suffering from an attack of hydrophobia. There would be just as much reason and fairness in saying that Representative Winborne was suffering from an attack of softening of the brain.—Waxhaw Enterprise.

If ex-Lieutenant Governor Doughton were to be called a "trust combine" candidate for the gubernatorial nomination, wonder how many people would believe it?—Raleigh Times.

The Gracious Act of Northern Men.

Editorial in New Reporter.

Nothing could have been more friendly or gracious than the action of the Northern men who came from Philadelphia and New England of their own volition and at their own expense to give testimony at Greensboro in favor of the mill men during the late trial. The Government had witnesses from the North who were against the mill men but they brought no manufacturers. The Southern mill men appreciate this action of their Northern friends.

We presume that any Democrat of good standing can be a candidate for office before the next State convention without being branded as a "trust combine" man, even if he should not be selected by a certain clique of the party.—Raleigh Times.

Paster and faster, pace to set. By people of action, vim and get. So if at the finish you would be. Take Hollister's Rocky Mountain Tea. Sold at Parker's Two Drug Stores.

No, dearie, the helmy feeling in the air, the smiling countenances of successful business men, the general undertone of joyous relief that is so apparent, does not mean that spring is here, but simply that the Legislature has adjourned.—Greensboro Industrial News.

No Case on Record.

There is no case on record of a cough or cold resulting in pneumonia or consumption after Foley's Honey and Tar has been taken, as it will stop your cough and break up your cold quickly. But do not buy the genuine Foley's Honey and Tar in a yellow package. Contains no opiates and is safe and sure. Sold by all Druggists.

Among the chief incidents of the Legislature was another speech from Mr. Winborne on a question of personal privilege on the Durham-conference committee matter. We tried to keep up with that member's questions of personal privilege during the session, but they came so fast that we lost the tally long ago.—Wilmington Messenger.

Worked Like a Charm.

Mr. D. N. Walker, editor of that spicy journal, the Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and an one applied Buckler's Arnica Salve. No inflammation followed; the sore simply healed the wound." Heals every sore, burn and skin disease. Guaranteed by Melville Dorsey, Druggist, 25c.

People may not stop to think of it, but the carriers who take rural mail to them every day regardless of cold and disagreeable weather, are to be commended. Rural mail service is a great convenience, as it enables the people along the routes to remain at home and keep comfortable in bad weather. The carriers who perform this daily duty are certainly entitled to every possible consideration.—Goldboro Herald.

Saved Her Son's Life.

The happiest mother in the little town of Ava, Mo., is Mrs. S. Rappee. She writes: "One year ago my son was down with such serious lung trouble that our physician was unable to help him when, by our druggist's advice I began giving him Dr. King's New Discovery, and I soon noticed improvement. I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Guaranteed best cough and cold cure by Melville Dorsey, Druggist, 50c and \$1.00. Trial bottle free.

Live on, ye politicians in ecstasy and joy, feasting upon hope and reveling upon excitement, for ere to-morrow's sun has set from amidst thy ranks a greatly numbered will go away back and crawl in a hole. Oh, shudders!—Wilmington Dispatch.

In 1897 I had a stomach disease. Some physicians said I had dyspepsia, some Catarrh. One said I could not live until spring. For four years I existed on boiled milk, soda biscuits, and doctors' prescriptions. I could not digest anything I ate; then I picked up one of our Almanacs and it happened to be my life-saver. I bought a fifty-cent bottle of Kodol and the benefit I received from that bottle all the gold in Georgia could not buy in two months I went back to my work, as a machinist, and in three months I was well and hearty. May you live long and prosper."—C. N. Cornell, Bowling, Ga., 1906. The above is only a sample of the great good that is daily done every where by Kodol For Dyspepsia. It is sold here at Parker's Two Drug Stores.

Congressman Kitchin Makes Denial

Stateville Landmark. Congressman Kitchin, who is a candidate for the Democratic gubernatorial nomination, says there is no truth in the story of the "fifth district combine" so far as it relates to him, and that the fifth district politicians mentioned as a part of the combine have not entered into any agreement to control nominations in the next Democratic State convention. Stories of the alliance and while there was apparently some basis for the report there was also reason to doubt its accuracy.

A Poor Organ. Damns the bile. That's what your liver does when it torps. Then the bile overflows into the blood—poisons your system, causing sick-headache, biliousness, sallow skin, constipation, sick stomach, dizziness, fainting spells, dark rings about the eyes, worn-out look, etc. Ramon's treatment of Liver Pills and Tonic Pills strengthens the liver, makes it do its proper work. Prevents and cures these troubles. Aids—doesn't force. Entire treatment 25c. At all drug stores.

The Dispensary, Its Advantages and Disadvantages.

Editorial in Gold Leaf: If you will kindly allow me a little space in your paper I will endeavor to express my opinion in regard to the dispensary. The dispensary has been a subject of much discussion in our sister county, Granville, for the past month or so caused by the people of Granville making application to the General Assembly to be allowed to vote on the question of establishing a dispensary in their town. (Quite a number of communities have agreed to vote on the question of establishing a dispensary in their town. One that has never been solved. Men of brain have given it considerable thought but they differ in opinion. Some favor the dispensary, some a dispensary, and others are for straight prohibition. But it is claimed that prohibition does not prohibit. If this be true, why does the legislature of liquor beforesaid as well as the law against stealing or any other crime?

I shall not attempt to suggest any better method for dispensing liquors but give some of the advantages and disadvantages of a dispensary. Since our legislature is now in session, it is fair to believe that crime is on the down grade. A great many people thought when our dispensary was established, that it was a step towards prohibition; others thought it was the lesser of two evils, while some favor the money side of it. It is unquestionably a very profitable business, it helps to beautify our streets, swells our public-school funds, and I understand is an important source of the highways of the county. I have been taught from my earliest recollection that the liquor traffic was a bad business and I don't remember hearing of a charitable institution running a saloon; but now we claim that our dispensary should be run by good men. This thoughtfully conceived, it is considered more respectable than the saloon, men will come themselves with a dispensary who would not think of being connected directly, or indirectly, with a saloon. We who claim to be children of God by regeneration have no more right to conduct a saloon than we have to run a saloon and when we ever attempt it we lose our influence for good to a great extent. The food book not only commands us to refrain from evil but to avoid the appearance of it. He that is not with me is against me says the Bible. For this statement.

CHURCH MEMBER. While the Legislature was not authorized to legislate on the subject of the state want to remember that they owe a debt of gratitude for its refusal to repeal or amend the newspaper label law.—Statesville Landmark.

Catarrh and Catarrhal Headaches

are quickly relieved by NOSTER. It soothes the congested mucous, allays inflammation and thoroughly heals and cleanses. It keeps moist all the passages whose tendency is to thicken and become dry. Cures colds, throat troubles, hoarseness, hay fever, "stopped up" nose, breathing through mouth while sleeping, offensive breath, etc. It is anti-septic and contains no chemicals or drugs having a narcotic effect, or that can cause the "drug habit." Sold at all drug stores.

It is hardly probable that the case of the two newspaper men and the preacher will get into court. The managers of the "investigation" probably have had enough of it. Wonder how much it cost the State, any way?—Charlotte Chronicle.

Is New York Progressive?

Our reporter says that five million population and the largest factories in the world, containing the most improved machinery, prove it so. The L. & M. Paint machinery produces L. & M. Paint at fifty times less cost for labor than if made by hand. Makes such perfect paint that if any defect exists in the L. & M. Paint that has been used on any house, it will be repaired for nothing. Also costs consumers less than \$1.20 per gallon, because 7 gallons of paint are made by mixing 3 gallons of L. & M. Paint about 60 cents a gallon, with 4 gallons L. & M. Paint. Donations of L. & M. made to churches. Sold by Melville Dorsey.

The Charlotte Observer very pertinently remarked the other day that the newspapers fight to get the law makers elected, and then have to fight like dogs for their natural rights.—Thomasville Charity and Children.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a humming sound or imperfect hearing and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give you Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circular free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation. Bed Bliss, White Bliss, and Early Rose Seed Potatoes can be found at H. THOMASSON.

Respect YOUR Stomach

GIVE it food that will not irritate or retard the performance of its natural functions, and it will reciprocate in a way agreeable and comforting.

No single ingredient contributes so largely toward wholesome, nourishing, agreeable food as Royal Baking Powder.

Royal Baking Powder's active ingredient, Grape Cream of Tartar, is the most healthful of the fruit products.

This is why Royal Baking Powder makes the food finer, lighter, more appetizing and anti-dyspeptic, a friend to the stomach and good health.

Imitation Baking Powders Contain Alum

"The use of alum and salts of alumina in food should be PROHIBITED. The constant use of alum compounds exerts a deleterious effect upon the digestive organs and an irritation of the internal organs after absorption.

"EDWARD S. WOOD, M.D. Professor of Chemistry Harvard Medical School, Boston."

ROYAL BAKING POWDER CO., NEW YORK

Postmasters Appointed. Easy of Belief.

Washington, March 14.—The following recess appointments of postmasters were made at the White House today: North Carolina—Robert D. Douglas, Greensboro; J. R. Joyce Reidsville, John B. Spence, Charlotte; William J. Letry, Sr., Edenton; Thomas H. Dickens, Edfield; Willie Percival Edwards, Franklinton; S. M. Hambrick, Hickory; W. Eugene Miller, Lenoir; Frank Roberts, Marshall; John R. Mobley, Williamston.

This is Worth Remembering. Whenever you have a cough or cold, just remember that Foley's Honey and Tar will cure it. Do not risk your health by taking any but the genuine! It is a yellow package. Sold by all Druggists.

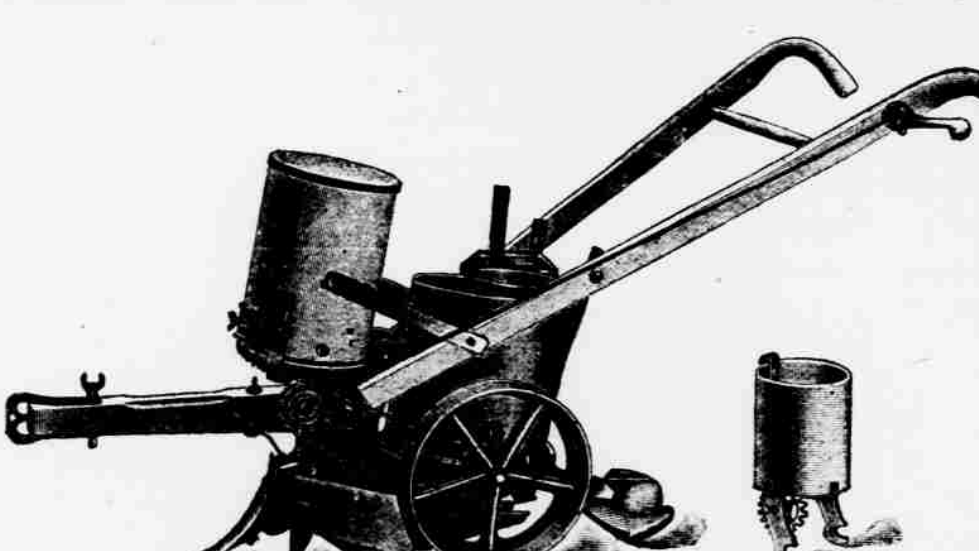

The Kind of Immigrants We Want.

Gastonia Gazette. According to a dispatch to the Charlotte Observer from Raleigh eleven young Scotchmen—the guard of a movement of Scotch to North Carolina—arrived there Saturday night direct from their native country and will be sent to farms in Eastern and Western North Carolina. It is stated that they are farm-bred boys of good character. This is the kind of immigration North Carolina stands in need of. It is to be hoped that this advance guard will find life so pleasant and conditions so favorable in their native country that they may be the means of persuading many more of their countrymen of the same class to come over and cast their lot here. There is room for thousands of good immigrants in the State.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Sold by all Druggists.

The Cole Universal Planter

With this you are prepared to plant all the principal crops in the best manner and fertilize them at the same time with the expenditure of less than one-half the labor and time of any other machine. Call and see the machine itself. We have a large stock on hand as well as everything used by Farmers.

Hackney Buggies and Tennessee Wagons.

You Want Cash or Credit. We Sell Everything. Leading brands of Fertilizers, Cotton Seed Meal, etc.

BURROUGHS-ALSTON CO., HENDERSON, N. C.

WHY DO YOU USE KEROSENE AND SMOKE YOUR CEILINGS, CURTAINS AND WALLS?

See us and we will convince you that ELECTRIC LIGHTS are better and frequently cheaper.

HENDERSON LIGHTING & POWER CO.

Telephones—Nos. 6, 21, and 48.
