The glories and possibilities of Millinery art are revealed in artistic and elaborate display to be found in

Millinery Department,

Which has never been more popular than it is this season. Our sales up to this date have never been equaled in any past season. We take this to mean that our stock is satisfactory to our enstomers. In the selection of our stock it has been our aim to anticipate every demand that may be made upon us. In this we flatter ourselves to think that we have succeeded most admirably. Every imaginable shape is represented, a great variety of styles, sizes and colors, both in hats and trimmings being shown.

Nothing more need be said than that the entire stock reflects the artistic and discriminating taste of our head milliner and her able corps of assistants who have had long and valuable experience in trimming and fashioning hats.

A cordial invitation is extended to our lady friends to visit our Millinery Department and inspect these "exquisite creations" of millinery art whether they wish to buy or not.

# I Have Had Twenty Years Experience.

I am no stranger to the people at large and have quite a number of old customers that say my glasses have given them better satisfaction than any other. I am also furnishing myself with the latest and best books that I may keep right up with the times, therefore I will be able to correct all errors of refraction generally done by the aid of glasses-and they are many. Quite a large per cent, of the business people would have to retire but for the aid of glasses, and it has been agreed by all of Joe Mitchell Chapple in the National the best writers that too much delay is dangerous and possible to lead to blindness.

I have the latest Scientific Optical Outfit and can serve you to best advantage. I also expect to do a flail Order Business, by using the proper size type in the newspapers so you can make your own test, (some may tell you it can't be done but it can—with people between the ages of 40 and 60, and in some cases younger if the directions given are followed.)
