Veterans To Richmond.

Garolinians Expected to Go in Large Force Splendid Arrangements Made for the Veterans of the State Official Notice.

Headquarters N. C. Division United Confederate Veterans, Durham, N. C., May 6, 1907.

General Orders No 34. Paragraph 1. The seventeenth annual reunion of the United Confederate Veterans will be held in the city of Richmond, beginning on Thursday, the 30th day of May, and ending on Monday, the 3rd day of June, 1907. As North Carolina sent to Richmond during the war between the States, more soldiers than any other State except Virginia so at this reunion at the former Capitol of the Southern Confederacy, North Carolina should send more veterans than any other State. It is earnestly hoped, therefore, that there will be a grand outpouring of the old "Tar Heels" at this great reunion.

Paragraph 2. All veterans of this division are requested, on their arrival at Richmond, to report and register at the headquarters selected for North Carolina, at Sanger Hall, on Seventh street, between Broad and Clay streets. They can there meet each other and their visitors from other States, and make themselves at home. The hospitable and public spirited citizens of Richmond have made arrangements to feed and lodge all veterans who are unable to pay. but they must notify at once the chairman of the entertainment committee, Capt. D. A. Brown, Jr., at Richmond, and secure their quarters in advance, and not wait until they arrive at Richmond. This is very important, and unless such is done, veterans need not expect to be enter-

Paragraph 3. The official veterans' "Special" will be run on the Seaboard Air Line Railway, leaving Charlotte at 6:00 a. m. on the 29th and arriving at Richmond at 5:00 p m. same day, passing Raleigh at 12 o'clock. Special trains, as may be desired, will be run by the Southern and the Atlantic Coast Line, and the rate on all will be one cent a mile each way. The exact fare from every station can be learned by application to local railroad agent.

Paragraph 4. All camps that are in arrears are earnestly requested to send their dues at once to Col. W. E. Mickle, 824 Common street, New Orleans, La., as no camp will be entitled to send any delegates or have any representation unless all its dues are paid before the reunion. At many reunions too many of our camps are denied representation because of their failing to pay their dues, and it is hoped that this will not be the case at Richmond.

Paragraph 5. It is suggested that every veteran from this State wear on the lappel of his coat a sprig of long leaf pine, as an appropriate badge for Tar Heels.

Paragraph 6. The veterans of this division will have the honor of having as their Sponsor the granddaughter of Stonewall Jackson, Miss Julia Jackson Christian. Br order of Major General

To-day we want to talk to you about "Catarrh cures"

During the past few months we have been publishing what some of our good friends have called "heart-to-heart talks" on patent medicines.

That name suits us all right-"heartto-heart talks" is just what we have intended. There can't be anything more serious to a sick man or sick woman than his ailment and the remedies he or she takes to cure it.

Our talks have been "heart-to-heart." Every word we have printed has been written in absolute earnestness and sincerity, and judging from what our customers tell us, we have not been talking in vain. We are convinced that our frankness has been appreciated, and that our suggestions have been welcomedwhich naturally encourages us to con-

To-day, and perhaps for some time to come, we want to talk about that big class of remedies known generally as "catarrh cures."

Broadly speaking these are the patent medicines that have been the chief ta .gets for the attacks of the "Ladies' Home Journal," "Collier's Weekly" and other magazines which are waging such a lively warfare against patent medicine abuses.

As we have pointed out in previous talks, it is not our business to pass judgment on the crusade of these wellknown, highly-respected publications. The public alone must be the judge and jury. Our business, as we see it, is to carry in stock a complete line of patent medicines, and to sell those medicines at the lowest possible price.

We eell hundreds--ves, thousands of bottles of so-called "catarrh cures," and know nothing of their ingredients. The manufacturers advertise them, the public demands them; we order them from the manufacturers, and sell them at the lowest price. That is absolutely as far as our knowledge goes. The manufacturer keeps his formula a secret. It may be good, or it may not-we don't know, and we have no means of finding out.

edy that we know is right-that we can back up with all our reputation for honesty and square-dealing.

And wouldn't you rather buy that kind of a remedy? Wouldn't you rather hold us responsible than to hold no one responsible? We are right here, right where you can get at us every day in the week, right where one false move on our part will bring upon us your condemnation, the loss of your friendship, your patronage, your influence. Can we afford to tell you anything that you will learn

later is not absolutely true? Are you not safer in taking our word for the merits of an article, than you are to rely on the printed statement of a patent medicine manufacturer, whom you never even saw and probably never will? Common sense most emphatically tells

you that we cannot afford to depart one hair's breadth from the rigid truth. None of us can deny that there is such a disease known as "catarrh." Those who have it, or who have had it, know

that it is one of the hardest diseases to

Perhaps the worst thing about catarrh is its prevalence. Almost everyoneespecially in a climate like ours-has catarrh in some form or another. That is what has made the "catarrh cure" business so profitable. There are so many thousands of cases of the disease and it is so hard to cure, that the patent medicine manufacturers have reaped a harvest in preparing remedies that appeal to this

large class of sufferers. One of the most serious things about catarrh is that it breaks down the system, so that the sufferer becomes a prey to other diseases. This fact has led the proprietors of so many "catarrh cures" to advertise their remedies as a specific for almost every disease under the sun.

We have ONE catarrh cure that we are willing to say to you; "We know this is all right. Take it home and use it with the full assurance that if it does not cure you, you can bring it back to us and we will promptly refund your

MUCU-TONE

There is no guess work with us on Rexall Mucu-Tone. We know what it is made of. Not only do we know, but we will give you a

copy of the formula. There is no secret about any Rexall remedy -we make them-one thousand of us leading druggists all over America-in our great cooperative laboratories at Boston, Mass. We own the laboratories, and everything in them, and we operate them just as skillfully as our combined brains and money will let us, and just as honestly as honest men know how

The Ingredients of Mucu-Tene

The chief ingredients of Mucu-Tone are Gentian, Cubebs, Cascars Sagrada, Glycerine, and

Sarsaparilla Gentian is recognized in medicine as one of the greatest tonics ever discovered. It is the foundation on which Mucu-Tone is built. Gentian combines in high degree the tonic powers of all the known "bitters," with none of the disadvantages applying to them.

Cubels have long been recognized as a specific in the treatment of all catarrhal conditions. Its action is prompt and its benefits almost invariable. In whatever part of the body the inflamed or diseased condition of the mucous membrane exists, the use of Cubebs has been recommended by the best physicians for many generations. Cascara Sagrada is especially introduced for

its necessary laxative properties. The combination of these with Glycerine and Sarsaparilla makes Mucu-Tone a remedy that attacks catarrh from every point, gradually restores and rebuilds the diseased tissues to their former health and strength, promotes digestion and creates a normal appetite. Large trial bottle, 50c.

For Sale Only at This Store.

How can you know whether or not you have catarrh?

Well, here are the symptoms that usually in-dicate its presence. Check them over, and if you have any of them, try a bottle of Rexall Mucu-Tone.

Denounces Infanticide.

Rev H. H. Hulten, Preaching to Audience Composed Largely of Women, Declares That Prenatal and Postnatal Infaticide is a Growing Crime Among Women and is One for Which Eternal Burning is the Punishment.

Charlotte Observer.

Preaching upon the subject, 'Love's Ideal," to an audience composed largely of women, which packed the First Baptist church to the doors last night, Rev. Herman H. Hulten severely denounced infanticide, both prenatal and postnatal, as of the most diabolical crimes of the age. "So prevalent is it among the women of to-day in its different phases and stages that righteous physicians are raising their hands to heaven in holy horror at it. We need to have it impressed upon the minds of our womanhood that the taking of human life, though that life be but a moment old, is one for which the criminal must burn forever in the lake of eternal fire! The arts of miserable quack physicians are aiding and abetting the evil of infanticide. The role of motherhood is one of sublime holiness and no woman can do a nobler, worthier thing thanthe rearing of a family of honorable children who are a credit and a help to society.

There was just the slightest vestige of a slight murmur of applause that might have been at the denun-ciation of the physicians, but it did not develop. Continuing, Mr. Hulten said that he did not think much of the women who long for a public career. "No one," said he, "who has studied the nature of the race honestly and dispassionately can escape the conviction that she who does not yield to the growing feeling of restlessness which regards the home as a sphere too narrow for the exercises of her talents, and who devotes her life to lending her aid to the husband who is called upon to do the active work of the world, and who gives to society useful children, performs a greater work than she who preaches on every platform in the State. What greater service could a woman render to the world than that of Susannah Wesley, who gave to it Charles and John?'

Resolutions of Respect.

WHEREAS, It has pleased Almighty God, in His wise but mystrious providence, to remove by death from our midst, Brother Loie J. Wilson, a Mason in good and regular standing and a member of Henry F. Granger Lodge No. 412 of A. F. & A. M.

For nearly two years Brother Wilson was the subject of extreme suffering from cancer in the mouth and after spending much on physicians and in hospitals he continued to grow worse until on April 22, 1907, when his soul was released from its tenement of suffering and removed to the temple not made with hands, eternal in the Heavens.

WHEREAS, The Lodge has sustained a very great loss in the death of Bro. Wilson and the community in which he lived for he was noted for his quiet, peaceable, patient and exemplary life, therefore be it resolved.

1st. That we bow with humble submission to Him who doeth all things well.

2nd. That to the bereaved family and especially the widow and four orphan little boys, we extend our sincere sympathy in words of comfort and acts of kindness and point them to a happy reunion where sorrow, sicknesss and death are unknown

3rd. That these resolutions be inscribed on a page in our record made sacred to the memory of our brother. 4th. That a copy be sent to his bereaved widow. Also a copy to the Orphan's Friend and Public Ledger for publication and the GOLD LEAF be requested to copy the same. C. F. CREWS.

The press dispatches of last week told of a minister who beat his boy, for playing baseball on Sunday, until his flesh was lacerated to a pulp. The dispatch continued by stating that the minister was now beginning a six-year term on the rock pile. The boy should not have played on Sunday, but, having a father who was such a consummate brute, it is little surprising. The greatest regret is that the vacation on the rock pile was not made a life affair.-Charlotte
