Keep Your Money at Home.

It is good policy to deal with people you know—the folks at home—when you can buy the same goods for the same money. Indeed, we might say it is good business policy in the long run to do so even if you have to pay a little more for the same goods. Then you keep your money at home, and make it possible for you to share in the general benefits that come from patronizing home institutions and building up home enterprises.

Along this line the Henderson Book Store makes an announcement for the benefit of those persons who are in the habit of sending money out of town for magazines, books, etc., clubbing offers. The Henderson Book Store will fill any offer made by any reputable house for the same money, and solicit your orders.

Minstrel Performance.

The young men composing the Henderson Concert Band are arranging to give a minstrel entertainment at the Grand Theatre, December 20th. Some good talent is listed and a first-class performance is promised. This organization has been practicing only a short while but they are making good progress and have reached a point where they now see fit to give an entertainment for the purpose of recouping their expenses and better equipping themselves. It is a laudable object they are working for and the people of Henderson should give them liberal support and encouragement.

A free street parade will be given on the afternoon of the 20th and an open air concert will take place in front of the theatre just before the performance begins. The songs and jokes will be the latest and best and everything will be up-to-date in every respect.

Worthy of Patronage.

Perhaps not many people know of the superior quality of work done by G. E. Morris, Jr., the mattress maker, who has a shop in the rear of Sam Parham's store on Main street, near Beck's meat market. He makes all kinds of felt and shuck mattresses, repairing, etc., and his charges are very reasonable considering the quality of work done. Morris is an industrious, reliable and worthy colored man and deserves to be liberally patronized. His work is all handmade and is first-class in workmanship and comfortable and luxurious. He has experienced mattress maker and knowing how to do good work he does it. Prices range from \$1.75 to \$15.00, according to grade and material used. His felt mattresses are fancy tickling, with hand straps, are comfortable and luxurious. Comfort and satisfaction to the possessor.

If interested it will be worth the while to stop in and look at Morris' stock or have him make you a mattress to order any size or style desired.

Pleased the Audience.

The presentation of Beulah Poynter's dramatization of Mrs. Mary J. Holmes' novel, "Lena Rivers," by C. H. Packard's Company, headed by Miss Blanche Crozier, at the Grand Theatre last Thursday evening, was up to expectations. One of the largest audiences of the season greeted the performance, which to all appearances was thoroughly enjoyed.

The support was very good, those worthy of special mention being Miss Edna Van Buelow as "Caroline Livingstone," Miss Bernice Bell as "Mrs. Graham," Paul T. Case as "Durward Belmont," Phil Bishop as "Joel Slocum." Of course Miss Crozier as "Lena" was the bright particular star in the constellation of players, and she sustained her part admirably. Frequent applause, demonstrated her artfulness in winning the approval of her auditors. The play, while not strictly following the lines of the book, many of the characters being omitted as necessarily had to be done in the dramatization, is full of heart interest and pathos, interspersed with comedy and appeals especially to lovers of romance and humor.

A WOMAN'S BACK.

The Aches and Pains Will Disappear if the Advice of This Woman is Followed.

A woman's back has many aches and pains. Most times 'tis the kidneys' fault. Backache is really kidney ache. That's why Doan's Kidney Pills cure it.

Many North Carolina women know this. Read what one has to say about it: Mrs. Nellie Benson Reeves, of 218 North Tryon Street, organist at the Episcopal church, Charlotte, N. C., says: "I used Doan's Kidney Pills for coughs, colds and all lung complaints, and they have benefited me more than anything else I ever tried. I obtained them at a drug store and used them for my back and kidneys which have caused me great trouble and misery for a number of years. The use of this remedy wonderfully benefited me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Won Drills Medal.

The Vance Guards held a competitive drill at their armory on Tuesday night of last week, ending with an oyster supper which was greatly enjoyed by all present. A number of invited guests were privileged to witness the exercises and participate in the festivities with the soldier boys. To say that the Vance Guards gave a supper is sufficient assurance of its completeness of detail and excellence of cooking and service.

W. B. Shanks won the medal as the best drilled man. This is a gold medal and is competed for twice a year. The winner is entitled to wear it six months but is not allowed to compete for it twice in succession. The winner in whose keeping it has been for the past six months is N. W. Willis.

Christmas is Coming.

Although Christmas is more than a month off signs are on every hand that merchants of the city are preparing for Christmas trade and for taking care of the great wants of the public. Henderson merchants are laying in supplies of holiday goods and many of these have been received and are being arranged for an early showing. The demands of the public grow every year and the local dealer begins early in the year to prepare to meet these demands, secure splendid lines of attractive goods for the season. This year will be an unusually busy one for our merchants, no doubt. The selection of holiday goods is no easy task and the same thought and care shown by the individual shopper is exercised by the discriminating judgment in his selection for his trade. Already the signs are in the air and Christmas goods are coming to the front in the many pretty stores of Henderson. It is not too early to say that the people of this town, county and surrounding territory can find that which will appeal to their needs and wants among the many well selected stocks now being received and arranged by our enterprising merchants.

A Splendid Address.

Prof. J. B. Carlyle, of Wake Forest College, delivered an address in Masonic Hall Tuesday evening which was a real treat to all who heard him. His subject was "The Mission of Free Masonry" and he treated it in a masterly manner becoming the earnest, eloquent, gifted speaker, brilliant scholar and eminent Mason that that he is.

Dr. A. S. Pendleton, Worshipful Master of the lodge, was master of ceremonies, and after calling on Rev. R. C. Craven to invoke the Divine blessing he presented Mr. Bennett H. Perry who had been assigned the pleasant duty of introducing the speaker of the evening. In few but well chosen words Mr. Perry discharged this obligation and Prof. Carlyle was warmly greeted when he arose to speak. Would that we could produce his entire address. It was a gem of its kind, appropriate to the occasion and no one who heard him can fail to have a more exalted opinion of the noble order he spoke for. Prof. Carlyle spoke about forty minutes and his address was all too short for those who heard his charming and eloquent words.

The work of the orphans' homes of North Carolina appeals strongly to our judgment and to our sympathies. It merits our heartiest support. In helping to provide for homeless, orphan children a home, a tender care, and an opportunity to obtain training for life, we perform a service the value of which is at present great and, in the future, will be multiplied beyond measure.

The Thanksgiving season has been set apart by the good people of this State as a time of special effort and aid to our orphanages. This is a beautiful and practicable expression of gratitude and is, we are sure, pleasing to the great and loving Father of the fatherless. The thank-offerings of Thanksgiving are a real factor in the maintenance and improvement of our orphanages.

We bespeak for this most worthy work even the greater interest and love of a people who are so significantly blessed of God, a people who have abundant cause for gratitude. We believe the offerings will be made gladly and that they will be truly large and liberal.

An Appeal for "The Bread Line."

The Bovey Mission "Bread Line," at which 1,000 men who are out in the streets for the night are given a breakfast, is a noble and commendable work. It is one of the most practical and noble of all the wide world. Long before the hour of opening, these poor starving men stand in single file, sometimes extending for blocks in length, waiting for the coffee and rolls. During the last winter this breakfast was given to 10,000 men, 6,000 of these men and boys, and up to date nearly half a million of the homeless have had their weary tramp restfully interrupted by this unique ministrations. The first of these breakfasts is given on Thanksgiving morning, and the last on the following Easter morning. Altogether the Bovey Mission has given 1,000,000 meals and 10,072 lodgings to homeless men and boys.

It is for this grand philanthropic work that we ask your kind and practical co-operation. The homeless, friendless, disheartened and despairing men and boys of the Bovey are not native New Yorkers, but men and boys who, until within a year, lived happy at the old homestead with father and mother, and perhaps wife. They are stranded here, and in despair appeal to the Old Bovey Mission, which, for over thirty years, has been to the unfortunate, as the rescue cities of old, a haven of encouragement, rest and protection. *Shilwe turn them away!* It rests with the good people of this country to decide this question, and we God graciously help you to decide it aright.

JOHN C. EARL, Financial Secretary, 92 Bible House, New York City.

You can't be well if you have a weak, unhealthy, tired out stomach. Neither can you feel good if by some little irregularity in eating you have caused the stomach to get out of order. These little stomach troubles are signs of indigestion, which may and very often do turn into a very bad case of dyspepsia. Don't allow this to go on until it is too late. Without doing something to overcome it. Take some good reliable and safe digestant like KODOL For Dyspepsia. KODOL is the best remedy known today for heart burn, belching and all troubles arising from a disordered digestion. It is pleasant to take and affords relief promptly. Sold at Parker's Two Drug Stores.

Sunny Monday Soap has cleansing properties superior to any other laundry soap on the market, and will do better, quicker and more satisfactory work in every way. It is in fact the most economical laundry soap ever made, as you can readily prove to your satisfaction the first time you try it. One bar of Sunny Monday Soap will go as far as and do better work than two bars of any other laundry soap made. The reason for this is that Sunny Monday Soap is all soap, not part soap and part adulteration.

Sunny Monday Soap lathers freely in all kinds of water; and its dirt-starting qualities are retained to the last wafer of the cake. It does the same good work from start to finish.

Sunny Monday Soap can be used with equal success in hard, soft, cold, lukewarm, hot or boiling water. In short, Sunny Monday will work as well in hard as in soft water. It is one of the few soaps which have never before been combined in a laundry soap. In fact, Sunny Monday Soap is all soap, not part soap and part adulteration.
