What Do They Cure?

The above question is often asked cor-cerning Dr. Pierce's two leading medi-cines, "Golden Medical Discovery" and Favorite Prescription." The answer is that "Golden Medical Discovery "is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat bronchial tubes, stomach, bowels and bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarnal cates whether the disease affects the masal pasages, the throat, larynx, bronchia, stomach as catarnal dyspepsia), bowels (as mulous darrhal dyspepsia), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections, it is often successful in affecting cures.

or the chire of one class if diseases those peculiar weatnesses, derangements and recularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak wornout, over-worked women-no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous Ition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and moting what scores of eminent medal authors, whose works are consulted by physicians of all the schools of practice s guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non - professional testimonials, because such men are writing for the guidance of eir medical brethren and know whereof Both medicines are non-alcoholic, nonsecret, and contain no harmful habit
