WOULD YOU THROW AWAY \$1,000?

The man who could save and bank \$5. per month and doesn't do it, is throwing away \$60.00 per year—the gross earning power of \$1,000 at 6 per cent interest.

Safe investments which annually pay 6 per cent. net are not so plentiful as they used to be.

Why not start an account with us and conserve this "\$1,000 earning?" You can open an account with a \$5 deposit or even less. Come in and let us talk over the matter.

The bride is the second daughter of Mr. and Mrs. Thomas I. Harris of Henderson, and is a young lady of lovely character and attractive personality, who is loved and admired by a large circle of friends and ac quaintances.

time to time, died at his home in Henderson at eleven o'clock Sunday night. He had been in declining health for several months and the fatal termination of the malady from which he suffered was not unexpected by his family and friends. Mr. Nutall was a good man and worthy citizen, of quiet manner and friendly disposition, and had the confidence and esteem of all who knew him. He was an honest man, upright in his dealings with his fellowman, a consistent member of the Methodist Episcopal church, with which he had been connected for 35 years. A Confederate Veteran he was among the bravest and most loyal of those who followed the fortunes of Lee and Jackson and the other immortals, commanders and privates alike who won imperishable renown in the unequal struggle of '61-'65. Mr. Nutall was desperately wounded and carried the marks of bullet-pierced infirmities to his grave. He was born July 29th, 1838, and would have been 71 years old the 29th of this month. He is survived by his wife and two children,

Mrs. W. A. Britt of Durham, and Mr. Edward Nutall of Wilson. The funeral was held at Plank Chapel at 4 o'clock Monday afternoon, Rev. R. C. Craven conducting the service, assisted by Rev. G. W. Starling. Interment was made in the cemetery at the church.

There's only one way to get it, trade here and get a coupon with each purchase, and you will be in line with as good a chance of success as anybody else. You read our advertisement last month. The same rule applies this

month, the only difference being that the prize is a more valuable one.

OUR PROPOSITION:

Every one making a cash purchase—small or large—during the month of July will be given a coupon. Each coupon will be numbered and each number will correspond with another number. The person holding the lucky number will get the prize. Everything will be perfectly fair and the small purchaser will stand just as good a chance to getithe prize as the large one. DON'T FAIL TO KEEP YOUR COUPONS—given with each purchase.
