THAD R. MANNING. THURSDAY, JANUARY 20, 1910.

THE GOLD LEAF acknowledges receipt of the program of the annual session of the North Carolina Associatian of City Public School Superin Durham, January 27, 28 and 29. The officers of the Association are L. C. Brogden, president, Raleigh; Harry Howell, vice-president, High Point; C. W. Wilson, secretary, Greenville. Such men as Superintendent Tighe, Prof. E. C. Brooks, Dr. C. W. Stiles, Prof. J. A. Matheson, Prof. J. A. Bivens, and others will be among the speakers.

By the way, what has become of Brother Cade and his new typesetting maching which was to revolutionize the printing business? The first completed working model was to be ready last fall and a practical demonstration made of it at Shelby this State, we were told, and patiently and expectantly we have been awaiting developments. Can the Shelby Star tell us anything that will encourage the hope that the typesetting problem will ever be solved for the fellow who cannot afford a Mergenthaler?

A NEW enterprise for which Henderson offers an inviting field is a hosiery mill. Knitting mills we have had and they did not succeed. But they were not of the right kind. #### Sermon to the Veterans.

The special sermon of Rev. J. A McClure preached to Heny L. Wyatt Camp, Confederate Veterans, at the Presbyterian church Sunday morning, was heard by a large and attentive congregation. The main auditorium was full a number of persons occupying chairs in the aisles.

There was a good turnout of the Veterans, headed by Commander J. T. B. Hoover and Adjutant T B. Parham. The Vance Guards, under command of Capt. B. F. Payne, attended in force, and a number of the ladies of Vance County Chapter, Daughters of the Confederacy, graced the occasion by their presence also.

#### Fatal Automobile Accident in Jacksonville, Fla.

Mr. I. J. Young received a telegram Sunday afternoon from his brotherin-law, Mr. Asa Farrar, of Jacksonville, Fla., conveying the sad intelli gence of the death of one of his little sons, William, aged about six years, as a result of an automobile accident. The following particulars were given in an Associated Press dispatch published in the newspapers Monday: Jacksonville, Fla., Jan. 16.—Little William K. Farrar, 6 years of age, lies dead at the home of his father, Asa Farrar, traveling claim agent of the Sea-board Air Line Railway, and his brother, James Farrar, 8 years of age, is dangerously injured, having been run down by a big sight-seeing car on one of the prinboulevards this afternoon. The little boys were riding their bicycle, William doing the propelling and James being on the handle-bars. Just as the big car was about to pass them, the wheel veered and struck the big automobile. William Farrar's skull was fractured and he was internally injured, dying before he could be taken home. #### COAST LINE TO BUILD.

Will Become Independent of Seaboard Air Line by Constructing Bridge at Weldon-New Structure to be of Steel and Cost \$1,000,000.

Special to News and Observer.

Weldon, N. C., Jan. 13.-Surveys are now being made and route mapped off for a new steel railroad bridge over Roanoke river at this place and two miles of road to tep the main line of the Atlantic Coast Line railnecessity for the Atlantic Coast Line intendents and Principals, to be held to use the Seaboard bridge and track from Garysburg to this point.

For sometime the Atlantic Coast Line Railway Company has been considering and preparing plans to build a bridge here and to extend its track

In the fall of 1877 the Petersburg and Weldon railroad (now part of the Atlantic Coast Line system) lost by the great freshet of that year their steel bridge in Mush Island and the tracks and roadbed were washed away. This loss caused the road to enter into a contract with the Seaboard Air Line to use its track from Garysbug to Weldon passing over the Seaboard bridge and the old right of way was abandoned. Since that on the old railroad piers.

The Coast Line's new route will bring them into Weldon overhead. The bridge will be West of the Seaboard bridge and will cross the land formerly owned by J. T. Evans, now owned by Dr. D. B. Zollicoffer.

At present the plan is to build a steel bridge to cost in the neighborhood of \$1,000,000 and come into Weldon in the rear of what is now known as the Weldon hotel.

The Atlantic Coast Line and the Seaboard will build a union depot, two stories high. The Seaboard people will use the lower or first floor and the Atlantic Coast Line will use the second story. Their passenger trains will come in even with the second floor, just as the Seaboard Air Line trains now run into Richmond, at the Main street station.

The track from Weldon to Garysburg will be a double track and the bridge will be constructed for a

#### Letter From Chapel Hill.

Chapel Hill, N. C., Jan. 17, 1910.-Dr. Archibald Henderson has this month an article on George Meredith in the Deutsche Reven, published in Berlin. Dr. Henderson contributes in this country to the Arena, Scribner's, Harper's Monthly, Current Literature, Mansey, The North American Review, and the Atlantic Monthly. Last year he had several articles in foreign magazines. As a critic of the two Merediths, Mark Twain, Ibsen. and Bernard Shaw, Dr. Henderson has achieved a reputation on two continents. The Carolina-Georgia debate will be eld in Chapel Hill about the middle of April. The Carolina-Washington & Lee debate has been postponed from March to April. This debate will be held in

There are numerous rumors that several members of the University faculty bave received offers from other colleges and universities with far larger salaries. It is becoming a serious question how long the Legislature of North Carolina is gong to allow other universities and other States to draw away the big men of the University. Dozens of the faculty could leave to-morrow, but they remain with many a conflict between dire necessity and college and State loyalty.

#### Plans to Entertain State Federation of Women's Clubs.

The Four Federated Clubs of Henderson held a joint meeting in the Masonic Hall Thursday afternoon, Jan. 13th, to make plans for entertaining the North Carolina State Federation of Women's Clubs, which will hold its annual meeting here in May. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is nflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, leafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will e destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but in inflamed condition of the mucous surfaces. A Growing Charlotte Concern-Mrs. Joe Person and her Wonderful Success-An Enterprise That is Prosper-

Friends of Mrs. Joe Person and her son, Mr. Rufus Person, in Vance county will read with interest the following article wich is taken from the Charlotte Observer:

"Charlotte with its varied enter-Cooper presented them to the receiving prises is particularly interested in a comparatively recent addition, operating as the Mrs. Joe Person Remedy Company. Mr. R. M. Person, manager, and Mrs. Joe Person moved their business to Charlotte some three years ago and it has shown wonderful increase each year. The year just closed, however, is the banner year for the sale of Mrs. Person's remedies and preparations. The sale of the Remedy alone has exceeded the sales of any previous year by 590 dozens.

"The sale of the Mrs. Joe Person's preparations is looked after throughout the State by Mrs. Joe Person personally. Mrs. Person, who grows younger each year, numbers her friends throughout the State by the scores. It will be of interest to the public to know that Mrs. Person numbers each bottle of her Remedy and records in the office where each bottle goes. The care taken in preparing the medicines is no doubt to a very great extent responsible for the increasing sales. Mr. R. M. Person, manager, will permit no one save himself to handle in any way any of the ingredients of the medicines and of his own knowledge knows that no foreign matter gets into the medicine or remains in the bottles before being filled. The Observer is delighted at the success of 'The Persons,' and would like to publish an even more favorable report of the business for the coming

#### Teacher of Dancing.

Mention is made elsewhere of the dancing academy to be started in Henderson by Prof. W. H. Allmon. The attention of our citizens is called to this unexcelled opportunity to have their children properly taught in all departments of graceful movements of dancing. The people and papers of Wilson, Rocky Mount, Turboro and other places where Prof. Allmon has been, say that he is the best teacher of dancing who has ever visited their city. At the close of his dancing school in Tarboro the Southerner said this of Prof. Allmon: Most assuredly the Tarboro people have been fortunate in having Prof. W. H. Allmon to instruct the children of parents whose desire is to rear them to appear with ease and grace, when thrown out into the society realms. Nothing promotes this more than being instruct-

thirty years of experience among the highest society of our land. This class has closed for the present and the citizens look forward to the time when Prof. Allmon will return to resume his work with other classes. Prof. Allmon was endorsed by a

ed by a master from the old school, with

number of ladies among the leaders of society in Tarboro as he has been elsewhere, and he hopes that he will be given an opportunity to make his work impress itself equally as favorably in Henderson.

Memorial Adopted by the Women's

Tuesday Club on the Death of Mrs. W. W. Parker. For the fourth time the Tuesday (lub s called upon to give up one of its members. At the last meeting Mrs. W. W Parker was among us, apparently in the best of health, and in unusually high spirits. Today she sleeps beneath the sod, awaiting the Resurrection. Our loss appals us. Where shall we find another woman with her tact, her poise, her wisdom, her ability to lead and direct our

affairs in crises that are to come? Per sonally she was dear to us all.

She possessed in a rare degree the charm that attracts and holds all hearts. The Club will do better work, and we shall be better women for her having been among us. The two years during which she was our President must ever remain sanctified to her memory. May a portion of her mantle fall upon us.
