EDITORIAL COMMENTS.

It is a fact that a big bank account often gives great weight to a man's opinion on almost any subject or occasion.

In some sections of the country the peanut crop is the farmer's chief dependence as a money crop. In a case like that the peanut is almost if not altogether the bull thing.

If those who want Senator Simmons' job decide that they will stand a better chance to get it in a State primary, then we may expect to hear of their being in favor of the primary.

Russia can bully poor old helpless China and force her to accept almost any terms. But it is a safe wager that Russia will not attempt any such thing with little Japan for many years to come.

A Chicago doctor thinks that kissing is a useless, senseless practice and advocates rubbing noses instead. You can stake your last dollar that there is going to be no such substituting in Henderson.

The originators of some of the less popular soft drinks are no doubt wondering how the coca cola people managed to get that government investigation started and thereby gain so much free advertising.

It is stated as a fact that the new reciprocity treaty with Canada removes the "duty" on peanuts. Now who ever heard of a "duty" on peanuts, unless it be that some fellows think it their duty to fairly litter all public places with the hulls?

Someone has just discovered that any man who has learned to attend strictly to his own business and let other people's alone is a desirable citizen. In our humble judgment, this is one of the greatest discoveries of modern times, and everyone should take due note of it.

If those men who want a good baseball team in Henderson, so that the monotony of their long summer afternoons may be broken, had a newspaper on their hands, they might find sufficient amusement without having to go out to the baseball park.

It has recently been decided by a learned judge that when a man gives a girl a diamond ring as a token of engagement, the ring at once becomes the property of the girl and that she can not be made to give it up even if the engagement is later called off. Here is an opportunity for almost any girl to secure one or more diamond rings without cost to herself and without fear of future molestation or embarrassment in the full possession and enjoyment of the same. This decision, however just or unjust it may be to the giver, may have the effect of making young men more cautious and considerate in the bestowal of such tokens.

The Henderson Garage Company.

The Henderson Garage Company's new 90x14 feet two-story, pressed brick front building on Garnett street, opposite the new postoffice, is nearing completion. And within the next ten days they expect to open for business in their new quarters. The second story will be fitted with machinery for repairing all makes of cars, while the first floor is divided into an exhibition room and a storage for a large stock of automobile accessories, and the Elmore and Humptre cars that this company have placed so successfully in Henderson and vicinity. It is said that there are more automobiles in Henderson, for its size, than in any other place in the State and, too, that the cars to be seen on the streets of Henderson, as a whole, are of a higher class than those seen elsewhere. Under these conditions and in the hands of experienced and skilled automobile men, this business will most likely become one of the largest concerns in Henderson. Its officers are: Mr. Alexander Cooper, President; Mr. J. C. Skinner, Secretary; Mr. C. N. Turner, Treasurer and Manager.

Constipation brings many ailments in its train and is the primary cause of much sickness. Keep your bowels regular, madam, and you will escape many of the ailments to which women are subject. Constipation is a very simple thing, but like many simple things, it may lead to serious consequences. Nature often needs a little assistance and when Chamberlain's Tablets are given at the first indication, distress and suffering may be avoided. Sold by all dealers.

Another Brick Building for Garnett Street.

Mr. Pryce T. Jones purchased the building occupied by the Royal Meat Market Company on Garnett street, Thursday last week, from Mr. W. W. Parker, for \$3,000, and will move the building down the site and erect a handsome brick building, which he will use both as an office for himself and as quarters for the Jones Stone Printing Company.

A Hint to the Wise.

The following is quoted from a letter written by Mr. J. L. Currin, who is now at Tucson, Arizona, to a friend in Henderson, North Carolina. "If railroads and real estate dealers would advertise our Southland and come to turn Southern and Western farmers to turn Southward, and spend one-fourth as much for land and as much for manure as these people spend for water, they could make a great deal more. The possibilities of the South are unlimited."

Relieved in 30 minutes by Woolford's Sanitary Lotion. Never fails. Sold by W. W. Parker, druggist. je 1

Officers for Rifle Practice.

Adjutant General Lester, of the North Carolina National Guard, has designated officers for the rifle practice of the Third Regiment which is to be held at Raleigh April 18, 19 and 20. The rifle practice will be in command of Maj. J. J. Bernard, of Raleigh, with Maj. J. B. Skinner as chief range officer, and Capt. Charles J. Smith, of Henderson, as executive officer, and Lieut. W. R. Miller, of Raleigh, as post adjutant.

Officers of the new military company known as Company M, recently organized at Dunn, have just been commissioned by the adjutant general. They are: Captain, D. C. Parker; First Lieutenant, J. M. Riley; Second Lieutenant, A. M. Hollingsworth. This company becomes a part of the Second Regiment.

Is Cleaner Than Carpet.

Paint your floor around the border of the room with L. & M. Floor Paint. Costs about 50 cents. It gives a bright varnished finish. Cover the center of the room with your home made carpet rug. Looks splendid. Get it from Melville Dorsey.

FOR CONSTIPATION.

A Medicine That Does Not Cost Anything Unless it Cures.

The active medicinal ingredients of Rexall Orderlies, which are odorless, tasteless and colorless, is an entirely new discovery. Combined with other extremely valuable ingredients, it forms a perfect bowel regulator, intestinal invigorator and strengthener. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Unlike other preparations for like purpose, they do not create a habit, but instead they overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the cause of constipation or irregular bowel action. We will refund your money without argument if they do not do as we say they will. Two sizes, 25c and 10c. Sold only at our store—The Rexall Store, W. W. Parker.

Lame Shoulder is nearly always due to rheumatism of the muscles, and quickly yields to the free application of Chamberlain's Liniment. For sale by all dealers.

"Where is the old-fashioned mother?"

inquires the New York world. Apt as not she's at home washing the dishes so her daughter can go down town and show off her hobble skirt and new Spring hat. She doesn't want the girl to begin training to be an "old-fashioned mother" before she has her day.

A Reliable Medicine—Not A Narcotic.

Mrs. F. Marti St. Joe, Mich., says: "Our little boy contracted a severe bronchial trouble and the doctor's medicine did not cure him. I gave him Foley's Honey and Tar Compound in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar Compound has many times saved us much trouble and we are never without it in the house." Sold by all druggists.

It is said that the Statue of Liberty is in danger of being blown up on account of the storage of high explosives in New York harbor. For goodness sake let them take all due steps to protect it, because we must have some liberty in this country, even though they have it anchored out in the river.

Vinol

Will Build You Up and Make You Strong

Old people, tired, weak, run down people, delicate children, frail mothers, and those recovering from severe illness, this is a fact.

Thousands of genuine testimonials from reliable people prove this claim, and to further support the fact and prove our faith in what we say, we unhesitatingly declare that any one who will try a bottle of VINOL will have their money returned without question if they are not satisfied that it did them good.

W. W. Parker, Druggist, Henderson.

Under the new law enacted by the last General Assembly, the work of assessing property for taxation will begin this year May 1st, instead of June 1st as heretofore. Hereafter the assessors are to make a house-to-house canvass for the purpose of listing all personal property, instead of having stated places and dates at which the tax payers are to meet him. The members of the General Assembly thought, and very wisely perhaps, that this would be an improvement on the old way.

There are plenty of things to fret about. It is simply astonishing how much annoyance may be found in the course of every day's living even at the simplest, if only one keeps a sharp eye out on the side of things. Even holy writ says we are prone to trouble like sparks to fly upward. But even to the sparks flying upward in the blackest of smoke there is a blue sky above, and the less time they waste on the road the sooner they will reach it.—Durham Sun.

In setting up the names of the list-takers for this county last week, the name of Mr. T. L. Jones, who was appointed for that purpose in South Henderson township.

The United States Court is considering a case in which it is called upon to decide the question: "What is a widow?" The court will be pretty apt to decide that a widow is a dangerous rival for a girl.

This would be a great deal happier and nicer world to live in if we would pay our debts, with the cheerfulness that we make them, and talk about the good in people with the same degree of glee and enthusiasm we discuss the bad in them.

Who cares to look at a preacher, anyhow, when he can catch glimpses of the beautiful tops of the golden pipes of the organ through a jungle of ribbons and feathers towering above wide velvet covered plains and prairies?
