M. P. STATE CONFERENCE MEETS HERE THIS FALL.

The next annual session of the North Carolina Methodist Conference will be held in this city, beginning November the 22nd and continuing through several days. This is one of the most important religious bodies in the State, and the coming to our city of the large number of consecrated ministers and laymen who compose it will mean much in what they contribute to the spiritual thought and interest of the community.

The conference consists of 2300 members, valued at \$283,912, with 20000 members. There are 60 churches and 33 preachers, unorganized men, in and under the direction of this annual conference.

The plan of the organization is as follows: Every pastoral charge has one delegate who represents the church or group of churches, in addition to an authority in authority with the ministers. The delegates and ministers constitute the membership of the conference.

The body is called to order by the presiding officer, and preliminary business is transacted. Then a president is elected out of the ministerial membership, who presides at the conference and remains the official head of the church until the next session, when he is either re-elected or succeeded by someone else chosen for that purpose. There are 60 churches elected for more than five consecutive times.

The conference appoints the positions after the following manner: A committee known as the stationing committee is elected to make the appointments. This is composed of one minister and one layman. These two consent with the delegates and ministers, and try to give to each charge the minister it wants and to assign each minister to the charge he will best work in. Will of course this is not always done. There are 60 churches in the Methodist Protestant conference.

Rev. W. E. Swain, of Asheville, is the present president, and Mr. S. W. Taylor, of Littleton, is secretary. The president travels the State and looks after the welfare of the churches, but the secretary's duties are such as to require his time and attention only during the sessions of the conference.

The number of converts in this conference in 1910 in the services held in the various churches was 1889, and the number of accessions to the membership of the Church was 1187. The total amount of money contributed to all interests of the Church was something over \$75,000. The official organ of this conference is the "Star-Gazette." Protestant Herald, and the publishing house is located in Greensboro. The orphanage is at Denton. There are two schools owned by this conference, the Perkins College, and the other at Denton. The theological seminary is at Westminster, Md.

There will be quite a number of visitors in attendance upon this session of the conference, which it will be the privilege of the good people of Henderson, irrespective of denomination, to entertain. The missionary and educational secretaries, the president of the General Conference, the editor of the Sunday School literature, and members of the Board of Foreign Missions will be present during the conference.

There are ten Methodist Protestant churches in Vance county, with three pastors. These are Rev. R. M. Andrews, who is now concluding his third year as pastor of the Henderson church, and Rev. N. G. Bethel and Rev. R. C. Stubbins.

Mrs. Wedd—John, what do you think of a man who smokes cigars in a room where ladies are?

Resolutions by Vance County Farmers' Union.

At a regular meeting of Vance County Farmers' Union, at Henderson, on October 8th, 1911, the following preamble and resolutions were adopted:

"Whereas we view with alarm and dissatisfaction the downward tendency of the price of tobacco and cotton, and

"Whereas we do not believe this condition is due to the overproduction of either of these crops, but that the cause lies in speculation entirely and the manipulation of prices by those who have no cotton to sell but are gambling on futures and thereby misrepresenting actual conditions,

"Therefore, be it resolved, that we will, as far as we can honorably do so, hold our property, believing that the demand for spot goods will justify in such action.

"We further request all non-union farmers to join us in this effort to secure at least a living profit on the products of our soil.

"The above resolutions should have appeared last week, but came in after the paper was printed and mailed.

Cure For Smallpox.

Since the men who were sent to our legislative halls to make laws for the betterment of our citizens prefer to save a little money though North Carolina has made one vast pesthouse in consequence, it is well to publish everything that will tend to stay or destroy this loathsome disease. More than half a century has passed since this recipe was given to the public, but that makes it none the less efficacious. This recipe to my certain knowledge has been used successfully in hundreds of cases. It will prevent or cure the smallpox. It is as unailing as fate, and conquers in every instance.

Sulphate of zinc, one grain; foxglove (digitalis), one grain; half a teaspoon of water. When well mixed add four ounces of water, shake well, and take a tablespoonful every hour. For a child a smaller dose.

It will disappear in twelve hours. If you value experience, use this. It is perfectly harmless to all well persons. MRS. A. A. WATKINS, Mansons, N. C.

To the People of Henderson.

The Methodist Protestant Annual Conference meets here November 22, and we are expecting about one hundred and seventy-five present; it will continue about six days.

Now we are informed that it has been customary heretofore when such church bodies meet here for the good people in all churches to join in entertaining them. We shall greatly appreciate it if all who will aid us by taking one or more delegates will call up either A. J. Harris, R. S. McCoin or H. T. Powell, and let them know how many delegates they can take. This committee will not call personally upon any outside of the church to help, but will greatly appreciate it if those who can and will help us, will let them know as soon as possible what outside assistance will be given.

I am very truly yours,
 R. M. Andrews, pastor.

METHODISM.

(Charlotte Chronicle.)

In the great Ecumenical Conference, now in session in Toronto, Bishop Kilgo, of North Carolina, has taken quite an active and conspicuous part and home people have followed his remarks with much interest. The Baltimore Sun has made a summary of facts in regard to this conference which we find of absorbing interest. Prefacing its editorial with—"Methodism was born in a great missionary movement, and for more than a century has gone marching on its way around the globe. From the days of Wesley it has observed the call to go into all the world and has done its part in bringing nearer the time when the gospel shall be preached to every living creature. Its enlistment of men of every land and tongue is exemplified in the Ecumenical Conference now in session in Toronto. Seventeen countries are represented by the 500 delegates, and the statisticians assert that the various bodies of Methodists now embrace 9,000,000 communicants, with 20,000,000 adherents under Methodist influence." The Sun says no Protestant denomination has shown more remarkable growth than the Methodists, and there appears to be little ground for pessimism in regard to the future. Dr. H. K. Carroll pointed out in an address at Toronto that in the past decade there has been an increase of but 437,562, or 15 per cent, compared with 1,261,209, or 33 per cent, in the decade ending in 1891. But this is only relative, and a denomination that can show a net increase of over 400,000 in ten years is certainly moving forward. While conditions in England are not so favorable as in America, according to the accounts of Rev. Simpson Johnson and Rev. Henry Thoburn, the reports from the mission fields are more than gratifying. Rev. William Williams declares that "every tenth person in Australia is a Methodist," while the conferences in China, Japan, India, Africa, and other mission fields have a membership of 708,195, 1,414,292 adherents, and 458,165 in the Sunday schools. There are 2,528 missionaries in active service, while there are 52,978 ordained ministers in the home conferences, the consecrated captains who lead a vast army of worshippers. The address of President Lewis at the Methodist Protestant General Conference for a union of all American Methodists into one body was an eloquent plea for a closer co-operation of the 17 separate bodies, which now bear the Methodist name. Heretofore neither the efforts for "organic union" nor for consolidation have been entirely successful. But whether the Methodists maintain their distinctive organizations or unite in one immense body, they will continue to be one of the most virile and energetic divisions of the Church Militant.

EASILY DECIDED.

This Question Should be Answered Easily by Henderson People.

Which is wiser—to have confidence in the opinions of your fellow-citizens, of people you know, or depend on statements made by utter strangers residing in far-away places? Read the following:

W. H. Hart, 243 Andrews Ave., Henderson, N. C., says: "Since using Doan's Kidney Pills, I feel like a different person and in return for the benefit received, I cheerfully recommend them to anyone afflicted with kidney trouble. I was a victim of this complaint for a long time, the most annoying symptom being a dull pain in my back. Upon arising in the morning, I was often so lame and sore that I could hardly straighten and I even found it difficult to get about. My kidneys were also disordered and the secretions caused me much annoyance by their irregularity in passage. I at last obtained a box of Doan's Kidney Pills from the Kerner-MacNair Co.'s Drug Store and they cured me. I now have no backache, my kidneys are normal and my health is better in every way. Anyone annoyed by disordered kidneys will do well to give Doan's Kidney Pills a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

If you can't have your own way you can at least keep out of other people's way.

Germes Spread in Skin

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Unless these germs are promptly destroyed they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a festering and torturing skin disease with its years of misery. Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D. D. D. Prescription for Eczema. A 25c bottle will prove this to you.
