

TELEPHONE PEOPLE ARE ORGANIZED.

Independent Companies Organized at Greensboro Last Night. Miss Esther Glass Loses Her Mind and Will Be Taken to the State Hospital.

Greensboro, July 30.—There was a meeting held here Friday night by parties interested in the telephone business of the State independent of the Southern Bell telephone system. While the proceedings were strictly private, enough was given out to show that there were representatives of 3,200 independent telephones actually present, and fully 25,000 phones were represented by proxy. A regularly organized association was determined upon, under the name of the "Independent Telephone Association of North Carolina." This organization was perfected by the election of the following officers:

W. A. Wynne, of Raleigh, president, and R. W. Learith, of Southern Pines secretary and treasurer. For the executive committee the president, ex-officio, was named as chairman with the following as members: J. F. Hayden, of High Point, J. D. Morris, of Roxbury, and H. P. Grier, of Statesville.

The executive committee was instructed to do certain work mapped for it and to make its report at the next meeting subject to the call of the president. This meeting, it is understood, will be held in about thirty days in Greensboro, at which time action will be taken on the report of the executive committee.

Relatives of Miss Esther Glass, a young woman who has been at Clegg's hotel for a week in apparent hiding, made application before Superior Court Judge Nelson for papers committing her to the asylum. Awaiting the hearing the young lady was taken to St. Leo's Hospital to be cared for, as she was plainly mentally aberrated. Miss Glass, who is a nurse, was employed at St. Leo's Hospital up to a short time ago, when she secured a situation in a Philadelphia hospital and went there. When it was seen that she was mentally unbalanced she was sent back to Greensboro, but instead of going home she took rooms at the hotel, where she remained until members of the family learned that she was there.

The young lady when brought before the clerk, was becomingly attended, and that she left home because he could not visit her there. Greensboro people are interested in a cotton mill that is to be established in Mt. Airy. A company is being formed with \$75,000 capital, of which a large part has been subscribed. A large brick building formerly occupied as a tobacco factory has been bought. This, with unimportant changes, will serve the purpose of a cotton mill. Messrs. Lee H. Battle, and E. P. Williamson are the principal promoters. A number of Greensboro people have taken stock in the enterprise.

At the Greensboro Table Company factory, this morning, the elevated water tank, holding 15,000 gallons of water, collapsed and fell from its forty foot perch. Decayed foundation timbers was the cause of the very wet tumble.

NEW BERN NEWS.

A Second Primary Called—Horse Runs Away.
New Bern, July 30.—Col. F. A. Olds and his "Sunshiners" passed through on their return to Raleigh Saturday. Their ten day's stay in Beaufort was delightful, and they were all enthusiastic over the outing.

The executive committee which met to canvass the vote of the primary held last Friday night appointed a second primary to be held next Wednesday. At that time a representative and register of deeds will be nominated. The candidates for the above named offices are Messrs. W. C. Brewer and D. L. Ward, and Messrs. Waters.

Several trains bearing companies of the Second Regiment to the encampment at Morehead passed through here yesterday.

A horse attached to a market wagon ran away yesterday and collided with a carriage on Palace street. The carriage was occupied by some ladies who jumped out and fortunately escaped injury.

The ladies of the First Baptist church will give a moonlight sail Tuesday night July 31st.

BITTERNESS AT CONVENTION.

The Republican State Committee met to arrange preliminaries. Des Moines, July 30.—The Republican State Central Committee met to arrange preliminaries for the State convention Wednesday.

Governor Cummins claimed to have a majority of the 1,460 delegates. The adherents of Perkins, also candidate for Governor, maintain that there were irregularities in a number of county conventions.

Two hundred seats were contested. Feeling on both sides is apparently bitter. The committee is understood to stand seven "Stand-pat" (Perkins), and four "Progressive" (Cummins).

H. L. GODWIN WINS NOMINATION ON THE 354TH BALLOT

After an All Night Session the Democrats of the Sixth Congressional District Rally to the Support of the Candidate From Harnett County.

New Hanover and Columbus County Broke the Deadlock by Casting Their Almost Entire Strength for Godwin. Other Counties Followed the Lead.

Fayetteville, July 27.—After an all night session the Congressional Convention about 10 o'clock this morning nominated Hon. H. L. Godwin, of Harnett county.

It took precisely 354 ballots to nominate, but the end came with a rush, being pushed forward with large majorities by Bladen, Columbus and New Hanover counties.

Combined Against Patterson. There was a great combined effort against Congressman G. B. Patterson, Hon. H. L. Cook, having withdrawn from the race last night and Patterson's supporters were unable to withstand the onslaught. New Hanover and Columbus made a tumble assault, agreed upon during the recess for a break and swept Patterson off his feet. The former county gave Godwin 24 out of 26 votes, Cameron MacRae and Fred Griffith, voting for Patterson and the latter rolled up a solid vote of 32. Bladen county gave Godwin 13 and Brunswick its solid 13 and Harnett her 24. All this gave a majority and Robeson the last of the roll call cast her vote of 49 in fine satire for Godwin. **Wild Enthusiasm.**

A scene of wild enthusiasm followed the Harnett delegates huzzed for the Bladen, Columbus and New Hanover delegates during the excited periods. The nominee was escorted to the building by a specially appointed committee consisting of George Bellamy, of Brunswick; E. F. McCullough, of Bladen; William Gilchrist and Jas. H. Garson, of New Hanover. Mr. Godwin made a ringing speech of acceptance and was followed by brief addresses by Congressman Patterson, Hon. J. A. Brown and Hon. W. A. Stewart.

It was felt at 5 o'clock this morning that Mr. Brown had polled practically his strength. He often secured 80 odd votes.

New Hanover Made the Break. Preparation for the deadly crash was commenced when New Hanover men made a wild and vigorous cheering effort at stampeding, preceded by a strong speech for Patterson from Hon. J. G. Shaw.

Cumberland, even made frequent frantic efforts to nominate Patterson.

WILL NOT SEND EXHIBIT. Raleigh, July 27.—North Carolina will not send an exhibit of resources on the circuit of New England fairs this fall as urged by Governor Glenn and contemplated by the State Board of Agriculture after an exhibit has been decided to prepare an exhibit in Mechanics Building, Boston, during October.

Mr. T. K. Bruner, secretary of the State Board of Agriculture, who recently returned from a trip through New England investigating the possibilities, says that he found that so many of the fairs in the New England States would be held during September that it would be impossible to cover the points desired because of their occurring the same dates.

The Boston Mechanics Fair at which the exhibit will be made is to be held under the auspices of the Boston Retail Grocer's Association, who have made arrangements for advertising on a very great scale throughout New England. Governor Glenn is to deliver the opening address for the fair which will be in progress all during October.

Union, S. C., July 28.—At a recent meeting of the board of directors of Monarch Cotton Mills, President J. A. Fant stated that there was sufficient room in the present building to add 3,000 more spindles and a few more looms, and that he thought it would be a wise procedure to do this, and as there were sufficient operatives' houses and power, this would give considerable more production.

The board then authorized President Fant to purchase the necessary machinery, and the order has been placed, and it is thought that the new machinery will be in operation by September 15th. This will fill the mills to their utmost capacity, and give them 11,000 spindles and 1,000 Draper looms. This enlargement is justified because of the mills' substantial prosperity.

BRANDS STORY A LIE.

Governor Glenn Says That New York American Story is False.

Raleigh, July 27.—Governor Glenn expresses just indignation at the publication made in the New York American, reprinted in some of the State papers about what is declared to have been an attempt on the part of certain Tammany leaders on the occasion of the Governor's visit to New York some months ago, to force the Governor of North Carolina to sign a pardon for Hawley, one of the noted "gold brick" convicts.

He says the whole publication is a tissue of lies and that he told the representatives of certain papers by whom it has been reprinted that this was the case.

It would seem that the purpose of the publication on the part of the New York paper was to discredit Tammany, whose guest Governor Glenn was while in New York, on that occasion.

The article was sent out from Atlantic City while the Governor was there some days ago and he told the representatives of the New York paper who sent it, there was no truth in the article.

A writ of habeas corpus was issued by Chief Justice Clark in favor of Everett Spence, held without bail on the coroner's jury finding for killing Walter Chavis, colored, Wednesday night. There will be a hearing this evening at 5 o'clock.

FOOD MUST BE PURE

Rigid Regulations Put Into Effect Concerning the Inspection of Meat—All Goods Must be Absolutely Pure.

Washington, July 27.—The most stringent regulations regarding the inspection of meat products for interstate and foreign trade was issued by the Secretary of Agriculture affecting the interstate transportation of products to be issued later.

All the slaughtering and packing houses are required to put into effect immediately the most improved sanitary arrangements, proper labeling of wholesome and diseased meats provided for, and a system has been adopted rendering it practically impossible for diseased meats to find their way on the market. Government inspectors will be sent to the establishments to have access to the day or night, men at all hours.

Special provision is made for the destruction for food purposes, of all carcasses and meat food products found to be unclean, unsound, unhealthful, unwholesome, or otherwise unfit for food.

It is declared to be a felony for any firm, person or corporation to attempt to influence the action of any Government inspector or for any such inspector to receive any gift, money or other thing of value from them for any purpose or intent whatever.

RUSSELL SAGE'S WILL.

Greater Part of Sage's Will Left to His Widow—No Charitable Institution Mentioned.

New York, July 27.—Except for a few small bequests to his relatives the fortune of Russell Sage was left to his widow.

No charitable bequests is in his will. Each of Sage's nephews and nieces left \$25,000. There is also a bequest of \$10,000 to Sage's sister, Mrs. Chapin, now deceased.

The will contains a section forfeiting the bequest to any beneficiary who objects to the probate of the will or directly or indirectly contests it. There is nothing in the will to indicate the value of the estate.

THE DAMAGE SLIGHT.

Steamer Chattahoochee Starts for the South Tomorrow.

Boston, July 27.—Slightly damaged in a collision with the steamer City of Memphis in the Savannah river Monday, the steamer Chattahoochee, arrived today. The damage to the Chattahoochee is confined to the denting of several plates on the starboard side above the water line. The temporary repairs will be made and the Chattahoochee will leave tomorrow on her regular trip to the South.

SHARK AFTER BATHERS.

Huge Specimen Creates Excitement at Beaufort—Break-water Terminal.

Beaufort, July 21.—There was quite a good deal of excitement on Front street yesterday afternoon when it was announced that a huge shark had made its appearance among some bathers in the sound nearby. Two fishermen secured a small boat and harpoons and soon appeared on the scene. After considerable trouble they finally succeeded in dispatching the big fish, which proved to be nearly fifteen feet long. It was of the variety known as the bonnet headed shark, and is thought by some to be of the man-eating species. At times the shark took the small boat at a rapid rate, making a great disturbance in the water by lashing to and fro with its huge spear-like tail.

A large dredge boat, to be used in constructing a break-water at the Beaufort terminal of the A. & N. C. R. R., was launched at the ship yard here yesterday. It was launched in the presence of many citizens and visitors. Col. Olds of Raleigh, and his "Sunshiners" being present. Little Miss Busbee, of Raleigh, broke the bottle of champagne. Col. Olds made an address in which he said that he had it on good authority that a magnificent hotel, costing way up in the thousands would be built in Beaufort.

Col. Olds and his "Sunshiners" are stopping in Beaufort instead of at Morehead as incorrectly reported in other papers.

A big excursion from Raleigh, Clayton and Selma reached here Wednesday. The excursionists were very orderly and seemed to thoroughly enjoy themselves. Several of them had never seen the ocean and readily accepted the theory of the practical joker that in crossing the sound between Morehead and Beaufort they had ridden on the billowy bosom of "old ocean."
