Electric Power.

Surely brighter days are dawning for the good old town of Statesville. We feel free to predict that by this time next year those who know us now will know us no longer. The electric power, is in our minds, assured, and nothing short of the Statesville Air Line can come near doing for the town what this power will do. In our local columns are two enterprises that are depending on this power and there are many more that will spring up like mushrooms. Cheap power is what it takes to make a town. Coal and wood is advancing so rapidly that it costs entirely too much to make power. The two cotton mills of the town will save \$2,500 each on their steam plant alone. That is pretty good dividend in itself, and the smaller plants will save more accordingly. A gentleman in Asheville is running his plant now by electricity for what it cost him to hire a fireman for a fifteen horse steam plant. That is the argument that is to bring the enterprises to the city. The town will save in the neighborhood of \$3,000 on her pumping and electric stations. Let us all push Statesville to the front and soon we will have, not only the best town in the State, but one of the largest. A gentleman remarked on the train recently that the Piedmont section was the best section of the South, and that this section was the most favored. So note it be. We don't want any kickers; what we want is workers, and the town will come. — Mascot.

The farmer bends his knee to none, and is less disturbed by the worldwide reign of graft and greed than any of his fellows. May he live long and prosper—this son of the soil, who is the balance wheel of the universe.

If you have made up your mind to live in a town, then stand up for it, and if you know positively no good, then silence is golden. Do all you can to help along every man who is engaged in legitimate business. Do not send away for everything nice you want and still expect the home men to keep a stock to suit the whim of one or two customers. The success of your fellow townsmen will be your success. No man liveth to himself and no man does business independently of his fellow business man.

Charlotte, N. C. By engaging Prof. Charles Lane, the noted humorist, the directors of the greater Charlotte Chautauqua have completed their program for the September meeting. The completed programme contains some of the best known humorists of the country. Among them are: Rev. Sam P. Jones, Dr. W. H. Sears, Hon. John Temple Graves, Senator Benjamin R. Tillman, Governor Robert B. Glenn and Rev. George R. Stuart. The musical part of the programme is, in every way, up to the standard of it.

Dr. Pierce's Favorite Prescription.

Is not a secret or patent medicine, against which the most intelligent people are quite naturally averse because of the uncertainty as to their harmless character, but is a medicine of known composition, a full list of all its ingredients being printed in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol, in its make-up. The "Favorite Prescription" of Dr. Pierce is in fact the only medicine put up for the cure of woman's peculiar weaknesses and ailments, sold through druggists, that does not contain alcohol and that too in large quantities. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of some of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card or letter, of Dr. R. V. Pierce, Buffalo, N. Y. Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and delicate ailments, is not a patent or secret medicine, being the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed in plain English on every bottle wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines. Send for these endorsements as above. They are free for the asking. If you suffer from periodical, headache, backache, dizziness, pain or dragging down sensation low down in the back, or are in distress from being long on your feet, then you may be sure of benefit from taking Dr. Pierce's Favorite Prescription. Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic.

Count the Cost

Buy paint—not canned oil at paint prices. Because, when you buy the ready-mixed paint the oil is almost sure to be dead. Killed by months of confinement in airtight cans with the chemicals in the paint. That is why ready-mixed paint peels or washes away so soon. Dead oil. Dead paint.

Hammar Condensed Paint
Is the best paint because it is minus the oil. You add your own oil—pure, fresh linseed oil. One gallon of oil, one gallon of Hammar Condensed Paint. Easy enough. Then you know you have a live paint that will stick. Guaranteed for five years. See us and save money. Costs less. Looks better. Wears years longer.

Hammar Condensed Paint
If you are going to paint this season, count the cost. Come in some day before you paint and let us show you how you can save 25 per cent on your next paint bill.
