

# PREST. STENSLAND THE BANK BREAKER CAPTURED TO-DAY

Notorious Breaker of Chicago Bank and Fugitive from Justice was To-day Arrested in Tangier. He had \$12,000 in a Tangier Bank.

The Old Story of a Woman Scorned Gave Representative of Chicago Tribune First Scent of Stensland's Trail. Prisoner Surrendered Peaceably.

Chicago, Sept. 3.—A special cablegram to The Tribune announces that Stensland, president of the Milwaukee Avenue State Bank, was captured today in Tangier.

How he was Caught. Stensland was arrested by a Tribune representative and Assistant State Attorney Olson, of Chicago, in an English postoffice. Stensland agreed to return peaceably.

The Stensland despatch says, he chose Morocco as a permanent residence, because there is no extradition treaty with that country. The Sultan at Fez, however, will do anything for President Roosevelt. The matter of throwing a man in jail and keeping him there indefinitely is so small a request that it is granted before it is asked.

Stensland had \$12,000 in a Tangier bank. Steps have been taken to tie this money up.

It was the old story of a woman scorned that led to the finding of Stensland's trail. One of his numerous friends who thought she had been shabbily treated put the Tribune in possession of the first hint as to the fugitive's whereabouts. He fled from Chicago Sunday July 12, went to New York, thence to Liverpool, Gibraltar and Tangier.

Nichols, a local merchant, for something to stop the pain. ## INVESTIGATION BEGUN.

District Attorney Bell Began Investigation Into Affairs of Failed Trust Company.

Philadelphia, Sept. 3.—District Attorney Bell began an investigation of the affairs of the Real Estate Trust Company which failed last week, with the view of ascertaining to what extent in the transactions carried on by Frank K. Hipple, the late president of the company, and others connected with the institution. In the preliminary examination with Receiver Earle, Mr. Bell said he found sufficient evidence to cause several arrests, but preferred to make a complete independent investigation before obtaining warrants.

Receiver Earle now has nothing to say regarding the possible reorganization of the company and paying of the depositors in full. It is believed the company will never resume business and that the percentage of money depositors to receive will not be as large as was first expected.

## LONGSHOREMEN STOP WORK.

Trouble Was Because of Failure of Agents to Sign Contract.

New Orleans, Sept. 1.—Because of the failure of the Stevedores and the ship agents to sign the new contract, the longshoremen on the river front, white and black, suspended work. The new contract, which terminated the last strike, has ended. The longshoremen have not asked for an increase of pay, but wanted the privilege of changing the rule so that any gang would have the right to call on the foreman for additional help when their work became too heavy to handle. It is expected that the city authorities and exchanges will intervene and seek to force a settlement in order to prevent any serious interruption to cotton and other traffic.

## Letter to A. C. Link.

Charlotte, N. C., Sept. 3.

Dear Sir: How did you go your business? We'll tell you how we got ours. You sell shoes, we make paint; perhaps we can do a good turn to ourselves, you and we, by swapping experiences.

We began 152 years ago in a little shop a few minutes walk from where we are now; a great many things have happened, we don't remember them all. We made as good paint as we could and learned to make better. We are the oldest now; we don't know whether we had any teacher or not; it's so long ago; if we had, he's gone and forgotten. We should have been forgotten, if we hadn't made good paint and friends.

You buy your shoes; you have an advantage in that; if you make a mistake, you can stop it quick; if you make a hit, you can push it quick. We've had to go slow; it's hard to pick-out one's own mistakes, and nothing but fun to correct the mistakes of others.

You know where to go for leather that keeps its shape, feels good, looks new, and wears a long time. What a comfort it is to be comfortable from making one's customers comfortable!

We also have a unique advantage—unique, you know, means that nobody else has anything like it. We make a strong paint that takes less gallons, saves half the cost of painting your houses, and it's like that leather of yours for wear. It is all paint and the strongest of paint. Paint is usually adulterated and weak.

We're very old, but we make young paint! one gallon is better than two, if it has the stuff in it.  
Yours truly,  
F. W. DEVOE and Co.  
New York.  
P. S. F. B. Ingold sells our paint.

# BLACKBURN BADLY IN NEED OF HELP

Statesville, Sept. 4.—That Congressman Blackburn expects to derive much benefit from the speech which Secretary Shaw will deliver here, 11th inst. is the opinion of the people to keep alive hereabouts. It is believed by many that Mr. Shaw's coming was designed from the beginning to help the campaign of the spectacular congressman from "De Ate." There is no question that E. Spencer is sadly in need of assistance from some quarter. His refusal to meet Hackett in joint discussion has killed a good part of the enthusiasm the representative's followers have had, and has shaken their confidence in the "Drummer Boy's" courage and ability. How Spencer has managed to keep alive, thus far, the mountaineers' belief that he is not afraid of man or devil, is passing strange.

During the past two or three weeks Dick Hackett has been speaking at the school houses in this and adjoining counties, and his honest, eloquent talks to "the boys" have put great enthusiasm into the Democratic campaign. The people here, versally called in the western counties, and many prominent Republicans in Wilkes county are declaring for him through the Wilkesboro papers. The radical paper published there (The Patriot) endeavors to belittle the Republicanism and standing of these "Hackett Republicans," but their number is constantly increasing and includes many steadfast Republicans who have been honored by their party with positions of trust and responsibility.

If the Democrats do their duty Hackett should win by at least 2,000 majority, and I do not think his majority will fall below a thousand.

Col. H. C. Cowles, clerk of the Federal Court here, and at Charlotte, would only express the opinion that the race "will be close." Col. Cowles stated that the effect Secretary Shaw's speech would have on the congressional campaign would, of course, depend largely upon the character of the speech.

Almost everybody believes that Judge Furches was induced to make the race for the State senate in freedom solely for the purpose of assisting Blackburn. The Judge has hung himself on to an issue that is all but dead, and nobody believes that he will be able to put any life into the carcass. I refer to his opposition to sundry parts of the present liquor law.

The personal popularity of Mr. Furches and the great respect the people generally have for him, are expected by the radicals to carry his, and incidentally, Blackburn's vote a trifle higher than the Republican vote usually gets in this county.

However, the speech which Senator Bailey will make here this fall is expected to more than offset the effect of Shaw's effort and Democrats do not believe Judge Furches a candidate will swell Blackburn's vote to any appreciable extent.

It is pretty safe to say, so far as things political may be safe, that the Eighth Congressional District will be represented in the next Congress by Richard N. Hackett, of Wilkes county.

## GREENSBORO LABOR DAY.

Holiday Generally Observed in that City—A "Pale Face" Burned. Greensboro, September 4.—There was a general observance of labor day here, the postoffice, the banks and many of the stores being closed. The labor unions of the city celebrated the day in splendid style.

At ten o'clock, headed by a brass band, a hundred mounted marshals, accompanied by Mayor Murphy, other city officials and Rev. Dr. Detwiler, the chaplain, in carriages, there was an imposing parade of the various orders and unions in the city.

In the procession were many tasty and representative floats, indicating the various trades and industries of the city.

The streets were thronged with people from the shops and factories and other industrial enterprises of this and near by cities, High Point, Wiston and Burlington had big delegations.

After dinner, the first event was at the Opera House, which was packed with labor representatives, men, women and children to hear the speeches. After an invocation by Rev. Dr. G. H. Detwiler, Mayor Murphy delivered an impressive and eloquent address of welcome, introducing the orator of the day, Judge R. C. Strudwick, city attorney who made an impressive speech. He was followed by Dr. Detwiler and others in brief talks.

At Come Park, later, besides a baseball game, there were many other attractive athletic exercises, such as picnicking, potato racing, etc., prizes being awarded the winners of the contests.

Last night at Lindley Park there was an immense crowd to witness the ceremonies of the local tribe of Red Men, the most interesting feature being the burning of a "pale face" at the stake. There was an old fashioned square dance in the pavilion, which closed the interesting day.
