Walter S. Martin & Company,

Druggists

Hickory, N. C.

Family Reunion at Mr. G. M. Yoder's.

Four years ago the children taken him by surprise by a picnic celebration of his 76th birthday. At the close of this picnic reunion dinner, he told them all to come back in on his 80th birthday, and as the four years rolled on and brought forth the set time which on the 23rd day of August, 1906, when the approaching sun rose on the day in the eastern horizon, clear and bright, wedding forth his beautiful and warm rays upon the Western hills. The appearance was that it would be a nice, fine and beautiful day, and so it turned out to be. About 1 o'clock the children began to roll in with their buggies, bringing their families well loaded with baskets well filled with various kinds of good eatables.

Among them was the good friend, Eph Hahn and wife from Hickory. Mrs. Hahn is a niece of Mrs. Yoder. He was the same Eph Hahn, as always very lively and was the life of the crowd. Q. A. Wilfong and wife also were present and brought a supply of good rations so did Mrs. Clara Finger and family; Mr. Milton Ramseur and wife from Asheville were in the crowd; Lee and Peter Yoder, his two nephews with their families were on hand with a supply of rations. Then about 11 o'clock while Herman and wife drove in by this time the number reached about 80 persons. There was a table prepared near the kitchen door in a shady place about 30 feet long and 3 feet wide. And about 1 o'clock the good women began to load it with all the good eatables from one end to other consisting of different varieties, down to pound cake and all other sweet cakes. When all was ready G. M. Yoder, of South Carolina, asked the blessing. All surrounded it together with all the grand-children and children. His six children were all present who are all living, the oldest 55, the younger 27. There were 32 grand children present and 2 great grand children, and 7 grand-children and 3 great grand children absent, and a daughter-in-law in South Carolina. After all were through eating there still remained a large quantity of rations left. All enjoyed themselves happily. This occasion will be remembered by all for many years, especially the grand children. In the crowd there were six denominations represented; viz: Lutheran, German Reformed, Baptist, Methodist, Episcopalian and Presbyterian.

Prof. Stirewalt from the Lenoir College was represented also at the feast. Participating Cephas Anthony and wife and baby were on hand. Bud Ward and wife and child were also on hand. This is a remarkable family. The three sons were students at the Catawba College and the youngest son whose name is was a student at Lenoir College, and here were 13 grand-children who were students at Lenoir College.

ONE PRESENT.

CONSUMPTION PREVENTABLE

DISINFECTANT IMPORTANT.

Results Obtained in a Large Institution.

The importance of disinfection is shown by the results obtained at the Brooklyn Home for Consumptives, the finest institution of the kind in New York. A letter from the President is quoted:

"We have used Platte's Chlorides in the Brooklyn Home for Consumptives for more than ten years, and find it not only a comfort but a necessity. Through its use we defy 'the germs' to make any inroads on the nurses and employees who are in constant attendance upon the sick, one hundred of whom are now in the institution. One nurse has been there well on to ten years, a second almost as long, and not one person ever employed in the Home has developed lung trouble."—Mrs. S. V. White, President, Kingston Ave., Brooklyn, N. Y.

Platte's Chlorides is an odorless, colorless liquid disinfectant which instantly removes any foul odors and destroys disease-breeding matter. A quart bottle will last an average family a month and it can be obtained at all druggists.

Conover News.

Conover has lost one of its best young men, in the death of Robert L. Hunsucker, son of Nelson Hunsucker. His pastor, Rev. Milton Whitener and Dr. J. C. Clapp conducted the funeral services, which were attended by a multitude of the kin and friends of the deceased.

August 22, the birthday of Mrs. Diana Yount was celebrated by a great family reunion. Besides her brothers and sisters and her children, there were a number of her grand-children present. Her pastor, Rev. Paul Bischoff and her daughter's son, Rev. J. F. Yount, of Akron, Ohio, took part in the festivities. About one hundred of the relatives cut watermelons and shared in friendly intercourse. Her nephew, Hon. Marshall Yount, of Hickory, was there. We hope his solid worth will secure for him a large majority in the coming election. We want him in the busy days of our next legislature.

Mr. Wade Smith, son of Mr. Elmore Smith, one of our leading farmers, and Miss Vertie, daughter of Mr. P. E. Isehower, one of our leading merchants, were married last week.

Rev. Frederick Kuegell, author and preacher of Augusta county, Va., attended the meeting of the board of trustees of Concordia College last Tuesday. Owing to the death of a lady in his congregation, he had to return the next day.

Rev. E. T. Coyner, of Asheville, and Rev. Hatchel, of Chattanooga, are among those attending the Lutheran conference at Conover this week.

AGAINST LOSS BY FIRE?

ARE YOU INSURED?

What better investment is it possible to make of a few dollars annually than to have your property covered by a policy of insurance in a good, reliable company? Be prepared for any emergency. Don't wait till the fire fiend calls on you. See about it NOW—TODAY. Send us a postal and we will call.

Is at your command and in the business to stay. Call phone 44, McComb Bros., Willis' Cafe, or Central Hotel, and the carriage will come.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of his popular medicines, and they are now of known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycyrrhine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherry bark and Bloodroot, contained in Golden Medical Discovery, in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover Cox, of New York; Bartholow, of Jefferson Medical College, Philadelphia; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

To Fruit Growers

I desire to say that I am the sole agent for Catawba, Burke, Alexander and Caldwell counties for the well-known and popular nursery, operated by W. L. Killian & Son, of this county. I will be pleased to take your orders for any and all kinds of fruit to be found in any first class and reliable nursery; and I assure you that all orders entrusted to me shall receive prompt attention.

Yours respectfully,

W. S. RAMSOUR,

Hickory, N. C.

Any Paint Man

will tell you that no paint is any better than the oil that's mixed into it—not with it, but more than that—into it. By that he means that the paint will not stay on the surface it's applied to any longer than the oil in it holds out. "Dead oil—dead paint." The dearest way to get the dearest paint, because the oil in it can't help but be the dearest, is to get paint that's "ready mixed." "Ready mixed" is another way of saying "Already used up," because the oil in the ready mixed paint was, of course, put there the day the paint was canned. When that was nobody can say. And all the time the can was in the factory, and in the freight car, and on the dealer's shelves, the lead—and, possibly zinc, mixture, if it's a well mixed paint—was eating the life out of the oil. It's wine, and not paint that improves with age. And properly to mix lead and zinc, turpentine and all the other ingredients, so as to be sure of the freshness and strength of your lined oil, is too great a task for the householder—and even for the up-to-date painter. What to do then? Get a paint that is in a condensed form—with all the right things ground into it by machinery, but with the pure raw lined oil left out for you to put in. That paint is HAM-MAR paint—the paint you're sure of—the paint that is all paint. The only paint that is guaranteed to wear for five years. Come in and talk it over before you paint. You not only get the best paint but save at least 25% on your paint bill.
