## CAMBRIDGE U. VIES WITH HARVARD FOR AQUATIC HONORS!

Great Enthusiasm Over Regatta Between Greatest Universities of England and United States lake Course on the Thames.

Past Records of Both Crews. Vivid Account of the Great Race. Cambridge Wins by Two Lengths, Time Being 19 Minutes and 16 Seconds.

Putney, Sept. 8.—The race between Harvard and Cambridge over the famous old Putney Mortlake course on the Thames, a narrow winding waterway, four and three-eights miles in length was the first dual inter-collegiate race rowed between American and English crews in 37 years. In 1869 Harvard sent a four to Putney to meet Oxford in a dual contese. The English crew was victorious by nearly four lengths. Today's race was the first between British and American University eights and apparently has opened the way for many similar contests in the future.

Interest in the event is heightened by the fact that Harvard's crew earned a decisive victory over Yale at New London on June 1, while Cambridge was this year's winner of a race with Oxford. In a way, the two crews were representative of the best college rowing talent of the two countries. All members of the Harvard crew had an excellent night's sleep and awoke feeling ready to row the race of their lives and confident of success The Cambridge men were no less satisfied that they would be able to carry

off the aquatic palm. The weather conditions were ideal when the two crews turned out early for a few brief practice starts, their final appearance before the great boat race which has caused the greatest excitement ever aroused in Great Britain by a contest over the historic championship course from Putney to Mortlake. The sky was cloudless, a light indian summer, haze hanging over the giver . The breeze was from the southwest and although against racers it was very light in the early

### WADESBORO NEWS.

Negro Dies Suddenly at Depot.-Criminal Court Next Week .- Personal. Wadesboro, Sept. 7.—Mr. J. L. Wall, of Walltown, Lilesville township heard a commotion among his fowls. A chicken thief was his first thought and so it turned out. Upon investigation he found a mink playing havock with his fowls a mink had an old hen by the throat and was sucking the blood from her veins. Mr. Wall seized the mink with his hands and chocked the animal to death.

Yesterday at the depot a young negro by the name of Deggs whose home is supposed to be Morven died very suddenly. Deggs who is supposed to be a consumptive, and was in a very feeble condition, arrived here on the Charlotte train. A negro friend had purchased a ticket for him to Monroe and was in the act of helping Deggs on that train. The unfortunate man fell dead before he could be placed on the train. Kind hearted people in that neighborhood sent the body to the home of his parents.

Raleigh, Sept. 8.—George Starling was granted his liberty this morning by Justice of the Peace R. C. Reid, after a week's imprisonment, first under \$1,000 bond for criminal asscult on Lena McDonald, 13-year-old girl, and later under \$300 bond for simple assault. Associate Justice Connor having held in habeas corpus proceedings that there, was no evitence of criminal assault, but there was evidence of simple assault. The reason for the collapse of the case is that the girl flatly contradicted herself several times at various nearings of the case.

## Must Demand Ten Cents.

Hot Springs, Ark., September 8.-The executive committee of the Southern Cotton Association late yesterday afternoon recommended to its members and cotton growers of the South that no cotton be sold during the present season at less than 10 cents per pound. In a resolution adopted by the committee, it is stated that the crop is in a state of deterioration, and for that reason no estimate of the crop was made. The resolution stated, however, that the committee is satisfied that the crop will not be as large as the current estimate. The placing of the minimum price of 10 cents was in the nature of a victory for the conservative element of the association.

While it is true that Scrofula may be acquired under certain conditions. it is usually inherited. Parents who are related by the ties of blood, or who have a consumptive tendency, or family blood taint of any character, are sure to transmit it to their children in the form of Scrofula. Swollen glands,

brittle bones, poor digestion, weak eyes, Catarrh, emaciated bodies and general weak constitutions are the principal ways in which the disease is manifested. The blood has been diseased from birth, and being in this condition cannot properly nourish the body and Scrofula is the result. A hereditary disease like this can only be reached, by a constitutional remedy and nothing equals brittle bones, poor digestion, weak

On this land there is a ber and people of experience in such matters who have examined the tim ber say that 10.000,000 feet of lumber can be cut on the land.

As a celebration has been ararnged for the formal opening of the new graded High School, which is located in the central portion of the city, and is considered the most beautiful build ing of its kind in the state. The high school pupils for the past years have been crowded into the grammar school, but the new building greatly relieves the situation, and the handsome structure will be thrown open to receive the school children next Monday morning. All prepara tions have been effected for the open ing and an appropriate program has been arranged. The attendance this year will greatly exceed that of past years, and it is evident that there will be one hundred or more pupils in the High school alone, over the attendance of last year. The building was transferred from the contractor to the school committee yesterday afternoon at 8 o'clock, after which the first meet ing of the teachers will be held, and a number of pupils stood examination

for the different classes. The corner stone of the new Episcopal St. Phillips church in this city will be laid next Wednesday morning with impressive and interesting exercises. Work on the beautiful brown stone structure has been inprogress for several months, but was greatly delayed on account of bad weather. The church when completed will cost more than \$20,000. The interesting occasion next Wednesday will be pre sided over by Rector S. S. Bost, of this city and Bishop Joseph Blount Chesh ire will deliver an address, and a num ber of other Episcopal rectors from other parts of the state are expected to be present. Th old church has been moved in the rear of the newly erected and will be used as a chapel for church meetings during the week days.
