## Seven Springs News.

Seven Spring, Sept. 10. — Well, I guess the readers of the Democrat would like to hear something from Luke Lightning this morning.

Everything is quiet around the springs this morning. A couple of days sunshine. It makes a fellow feel mighty good to see the sun shine.

If the boys want to be on the winning side they must vote the Democratic ticket the 6th of November. The people must have an honest and intelligent government. Intelligent and incorruptible men must be sent to the legislature. Mr. M. H. Yount is the man to vote for, according to my gumption.

Well the times have fallen to us in pleasant places. The springs is the best and liveliest little place all out of doors. Its citizens are so nice and sweet—especially the ladies. What one can't see, hear, and learn around the springs is torn out of the book. We have a whole world. It's said it takes all sorts of folks to make a world, and we have other things in proportion, except it be ice, and that we have in winter.

To the voters of Catawba county. Don't allow yourselves to be duped with the cry, "That corn whiskey will make times better." How is it possible that a sensible man can preach such a conclusion? How can the licensed saloon increase the business prosperity of the country. Here is a traffic that takes thousands of dollars from our people and gives them nothing. Yea, worse than nothing in return. A traffic that produces drunkenness, idleness, rags, disease and death; a traffic that can point its boney fingers to three-fourths of the poverty stricken homes, to four-fifths of the ignorance, crime and pauperism of the land—a traffic that can point to the sots and tramps, and to nine-tenths of the worthless and depraved young men, and say: All this is my work; this is what I am doing for your country. And then with all this before our eyes to be told that the whiskey traffic is the one thing needful to bring prosperity to the State of North Carolina. The father of lies himself should hide his face for very shame when he goes before men with such a statement as this. Amen.

Misses Georgie Ekard and Mamie Smith, and sister, Miss Hattie, all of Mountain Creek, were at the springs Sunday having a nice time.

J. R. McKinis, of Catawba R. F. D. 2, was at the springs Sunday.

Ed Drum and wife and Tat Caldwell and his best girl were at the springs Sunday drinking good mineral water. They are all from the Little Mountain section.

Mr. Charlie Pope and wife and four children, of Hickory, are visiting Mrs. Pope's parents, Mr and Mrs. Gilbert McKinis at Catawba.

# CONSUMPTION PREVENTABLE

DISINFECTION IMPORTANT.

Results Obtained in a Large Institution.

The importance of disinfection is shown by the results obtained at the Brooklyn Home for Consumptives, the finest institution of the kind in New York. A letter from the President is quoted:

"We have used Platt's Chlorides in the Brooklyn Home for Consumptives for more than ten years, and find it not only a comfort but a necessity. Through its use we defy 'the germs' to make any inroads on the nurses and employees who are in constant attendance upon the sick, one hundred of whom are now in the institution. One nurse has been there well on to ten years, a second almost as long, and not one person ever employed in the Home has developed lung trouble."—Mrs. S. V. White, President, Kingston Ave., Brooklyn, N. Y.

Platt's Chlorides is an odorless, colorless liquid disinfectant which instantly removes any foul odors and destroys disease-breeding matter. A quart bottle will last an average family a month and it can be obtained at all druggists.

## Do You Want to Know

What You Swallow?

There is a growing sentiment in this country against the use of known poisons. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery" the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and outspoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated and delicious granules. They regulate and invigorate Stomach, Liver and Bowels. Do not upset the "pill habit," but are constipating. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

**\$50,000 GIVEN AWAY**, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at \$1.50 per copy. Last year we gave away \$20,000 worth of these invaluable books. This year we shall give away \$50,000 worth of them. Will you share in this benefit? If so, send only 2 one-cent stamps to cover cost of mailing only for book in stiff paper cover, or 3 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.
