WOMEN'S NEGLECT

SUFFERINGTHESUREPENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nerv-ousness, sleeplessness, or other female weakness

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald of Woodbridge, N. J., writes:

Dear Mrs. Pinkham

Dear Mrs. Pinkham:

"Restored health has meant so much to me that I cannot help from telling about it for the sake of other suffering women.

"For a long time I suffered untold agony with a female trouble and irregularities, which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to fell other suffering women what a splendid medicine it is."

For twenty-five years Mrs. Pinkham

For twenty-five years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has under her direction, and since her ease, been advising sick women free of charge. Her advice is free and always helpful. Address, Lynn, Mass.

Trust to Nature.

A great many Americans, both men and women, are thin, pale and puny, with poor circulation, because they have illtreated their stomachs by hasty eating or too much eating, by consuming alcoholic beverages, or by too close confinement to home, office or factory, and in consequence the stomach must be treated in a natural way before they can rectify their earlier mistakes. The muscles in many such people, in fact in every weary, thin and thin-blooded person, do their work with great difficulty. As a result fatigue comes early, is extreme and last long. The demand for nutritive aid is ahead of the supply. To insure perfect fatigue comes early, is extreme and lasts long. The demand for nutritive aid is ahead of the supply. To insure perfect health every tissue, bone, nerve and muscle should take from the blood certain materials and return to it certain others. It is necessary to prepare the stomach for the work of taking up from the food what is necessary to make good, rich, red blood. We must go to Nature for the remedy. There were certain roots known to the Indians of this country before the advent of the white-which later came to the knowledge of the settlers and which are now growing rapidly in professional favor for the cure of obstinate stomach and liver troubles. These are found to be safe and yet certain in their cleansing and invigorating effect upon the stomach, liver and blood. These are: Golden Seal root, Queen's root, Stone root, Bloodroot, Mandrake root. Then there is Black Cherrybark. The medicinal principles residing in these native roots when extracted with glyccrine as a solvent make the most reliable and efficient stomach tonic and liver invigorator, when combined in just the right proportions as in Ir Pierce's and efficient stomach tonic and liver invigorator, when combined in just the right proportions, as in Dr. Pierce's Golden Medical Discovery. Where there is bankrupt vitality—such as nervous exhaustion, bad nutrition—and thin blood, the body acquires vigor and the nerves, blood and all the tissues feel the favorable effect of this sovereign remedy. Although some physicians have been aware of the high medicinal value of the above mentioned plants, yet, few have above mentioned plants, yet few have used pure glycerine as a solvent and usually the doctors' prescriptions called for the ingredients in varying amounts, with alcohol.

Recital at Lenoir College. A very entertaining recital was

given Monday night by the Expression and Music teachers of Lenoir College.

Miss Lillie Hallman showed her excellent talent for music in several grand pieces, among which was "Tannhauser" one of Wagner's most difficult pieces. She played the runs with the same even touch and at the same time keeping the sweet melody all the way through. Miss Hallman is a graduate of Elizabeth College.

Miss Bailey gave several very appropriate readings in which she convinced the audience of her careful study of articulation and expression. Miss Bailey is an excellent impersonator. In one of her selections, Miss Ora Huffman joined her in the cho rus, which made it a'l the mo
