ROBERTS SICK.

There was no congressional joint discussion here on Wednesday as the Republican candidate, Dr. Frank Roberts, telegraphed that he was sick. Webb promptly put in his appearance and met the folks with his usual friendly greeting. For a part of the time he was the guest of the Hickory Club where a number of the local Democratic leaders called on him. Mr. Webb looks well and is in fine spirits over the prospects for the coming election. Of course, there is not the slightest possible doubt about his success the situation in this district is all that could be desired and there is no doubt that the Ninth will roll up the usual big majority. The sickness of Dr. Roberts necessitated a postponement of the joint canvass, and Mr. Webb left for Shelby on the 4 o'clock train of the C. & N-W. The appointments for Hickory and Newton will be filled after the remaining list of regular appointments is completed.

A Comparison of War Records

Our attention has been called to the fact that Mr. Williams has a war record which is being urged

as a reason why he should be elected to the Senate over Mr. Reinhardt. Let us see whether the experience of Mr. Williams who we are told has seen "men falling all around him" has superior claims to his opponent. Mr. Williams is the Republican candidate but can hope for success only by Populist votes. The war for which he volunteered was the war against the Filipinos. In 1900 the Populist national platform declared that it was cruel and unjust to prosecute such a contest against a people who were struggling to be free. The Populist Party took its stand on the ground that one nation could not buy and another nation sell the right to rule a third nation. What were the men whom Mr. Williams saw "falling all about him" fighting for? According to the Populist contention if they were Filipinos they were fighting for freedom. If they were our own troops, according to Populist teaching they were prosecuting a war of foreign conquest in which our government ought not to have engaged.

On the other hand Mr. Reinhardt when only a sixteen year old boy put on the Confederate and fought gallantly through four years of a terrific struggle in comparison with which the Philippine war was a mere skirmish. So even accepting Populist Standards of comparison Mr. Reinhardt has nothing to lose on the war record.

THE candidate who is elected Clerk of the Superior court should not engage in any profession or calling that is likely to require his repeated absence from his office. The people of Catawba county want the official who will be elected for which he is elected.

BUTLER will not fill his appointment in Hickory, it seems. That is a matter which the Democrats need to regret. The man who while a Senator from North Carolina and sworn to protect her every interest, entered into a secret agreement to prosecute the South Dakota bond suit against her would be likely to help any cause that he opposed, and hurt any cause that he favored.

Hickory Lutheran Church.

Gentlemen: We want to donate some L. & M. Paint to your church whenever they paint.

The largest Methodist church in Georgia expected to use 100 gallons of the usual kind of paint, they only used 32 gallons L. & M. mixed with 24 gallons Linseed Oil.

It costs less to paint a house with L. & M. than with other paint, because painter mixes Linseed Oil fresh from the barrel at 60 cents a gallon with L. & M., and doesn't pay \$1.50 per gallon for Linseed Oil as done if ready-for-use paint is used. Also because the L. & M. Zinc hardens the L. & M. White Lead and makes the paint wear like iron.

Actual cost L. & M. about \$1.20 per gallon.
