NEGRO THOUGHT TO] HAVE ASSAULTED WOMAN LAST NIGHT

Mrs. Sallie Gibson of Columbia Suffering from Terrible Wound in Head, Thought to have Been Inflicted by Negro, who is in Jail.

Woman Tells Story of Struggle with Man Early this Morning. Robbery May have Been Motive as Woman is Very Wealthy and Prominent.

Columbia, S. C., Oct. 29.-Mrs. Sallie Gibson, a mi-ldle aged woman living on North Main street is suffering from a terrible wound in her head, and a negro, Jerry Whitmire, is in jail on the charge of assaulting her in her home.

Mrs. Gibson states that about 2 o'clock this morning, some persons entered her house through a window, and attacked her with a heavy instrument.

She fought the assailant with a riece of hinge and drove him off, but not until she had received a blow in her head from which she bled protusely.

Her screams brought help, and her aged mother was found crouching under the bed covered with blood from the daughter's wound.

A search revealed a cap where the struggle took place, and later the negro, Whitmire, was found in a livery stable next the house, which belongs to Mrs. Gibson.

The negro denies all knowledge of the affair, but the authorities claim to have evidence fixing the matter on him.

Mrs. Gibson is the niece and heir cf old 'Squire Levi Metz, who died about a year ago, leaving hidden money.

Soon after the old man's death she deposited \$30,000 in cash in the National Loan and Exchange Bank, but later withdrew the deposit when it was attached by alleged creditors of Metz.

She has since been supposed to have large sums of cash in her house, and the robbery was probably the motive, if an attack was made on her. Metz was a long time, a very wealthy man, and lost heavily by the defalcation of a bank official here many years ago. After that time, he would not trust a bank, and lived the life of a miser until his death, his riece, being his sole companion. She on the detective.

is not regarded as of sound mind. A white man named Smith, who had a room in the house, has also been arrested in connection with, the affair. Mrs. Gibson is not fatally

There is real pleasure in chewing the best tobacco grown-where the best tobacco grows-in the famous Piedmont Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and onequarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along-one chewer makes other chewers-until the fact is now established that there are many more

chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the large 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tcbacco for tobacco's sake, there is no chew like SCHNAPPS.
