

INDIANS OUTWITTED MILITARY AND MAKE PROFITABLE RAID

Details of Raiding of Government Supply Train and Capture of 3000 Pounds of Flour by Indians Characterize it as Clever Work.

In Flash 100 Mounted Redskins Dashed Upon Booty and Capture was Accomplished. Soldiers Handicapped in Carry out their Plans.

Sheridan, Wyo., Nov. 2.—Further details of the raiding of the government supply train bound for the camps of the Tenth and Sixth Cavalry from Arvada characterize it as a clever piece of work, evidently planned by the older heads of the tribe.

According to Driver James Forgen to Indians were in sight until a bunch of about 100 mounted redskins suddenly dashed out a defile in the hills and quickly surrounded him. They made little noise outside of a few sharp yells in the nature of commands, and while several Indians kept Forgen under their rifles, the balance rifled his wagon train of 3,000 pounds of flour.

As a result of the raiding of the supply train the troops are in chase and the operations looking to a chase of the Utes is practically at a stand still until supplies can be had.

The Utes have completely outwitted the military and now are reported back in Wyoming on Powder river retracing the route by which they entered Montana.

They evidently know of the arrival of the troops at Ashland and have either given up the attempt to reach Cheyennes or are waiting for them to meet them in some other part of the country.

The Innocent Immigrant Girl. Robert Watchorn, the commissioner of immigration, has made a sympathetic and thorough study of the immigrant types that reach New York.

Discussing these types the other day, he said: "The most naive are the Germans from the smaller and remote states. They have charmingly simple and quaint minds of children."

A beautiful German girl disembarked here the other day. She was tall and strong, blue-eyed and yellow-haired. She wanted to know at once if there were any letters for her.

"The postmaster at the pier, after getting her name, said, by way of a joke: "Is it a business of a love letter that you expect?"

"The girl faltered. "A business letter." "Well, there's nothing here," said the man, after looking over the assortment.

"The girl hesitated. Then, blushing as red as a rose, she said: "Would you mind just looking among the love letters, sir?"

SMOKE PEACE-PIPE. Utes and Troops Have Conference and Come to Terms of Agreement.

Sheridan, Wyo., Nov. 3.—A conference between the Indians and the troops today resulted in an agreement on the part of the Utes to return with Col. Rogers to Fort Meade S. D. to be taken care of there by the government while Chiefs Redcar and Black Whiskers go to Washington to talk the matter over with President Roosevelt.

The Utes will go overland with the troops of the Sixth Cavalry. The Indians have not been disarmed and will not be as long as they take no threatening actions.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, disorganizes ambition, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Many Persons Have Catarrh of Kidneys But Do Not Recognize It.

Mr. David L. Jaycox, Chaplain Clara I. O. G. T. and Chaplain G. A. R., 365 Broadway, Oakland, Cal., writes:

"I am an old war veteran. I contracted severe bladder and kidney trouble. I spent hundreds of dollars and consulted a host of doctors, but neither did me any good. Finally some of my comrades who had been cured by Peruna advised me to try it. At once I bought a bottle and found it helped me so much that I kept using it for nearly four months. Peruna has proven the best medicine I ever used. My pains are gone and I believe myself to be cured. I feel well and would not be without a bottle in time of need for ten times its cost."

AGED WOMAN WAS KILLED BY TRAIN

Mrs. Mary Tarlton Terribly Mangled by Train this Afternoon at Chestnut Hill Crossing Near Salisbury. The Cause of Her Death.

Salisbury, N. C., Nov. 2.—This afternoon at 1:30 o'clock Mrs. Mary Tarlton was instantly killed at the Chestnut Hill crossing, near here, by falling under a freight train. Her body was fearfully mutilated.

Mrs. Tarlton had been living with the family of Robert Strange and was preparing to go to Albemarle to stay with her relatives there. She was waiting on the Yadkin train, when a northbound freight train came suddenly up. She was carrying a heavy grip and on seeing the train immediately stepped to one side to let the train pass and attempted to climb the steep embankment when suddenly the weight of her grip unbalanced her and she fell directly under the car wheels.

Mrs. Tarlton has a sister in Albemarle and it is thought the remains will be taken there for interment. She was 50 years of age.

The report of the commission would have been filed about this time if it not been for this contingency. The surveyors who have done the work for Fairview county are W. H. H. Newell and W. H. Yeldell.

The Hampton monument commission will meet next Tuesday to accept the monument, which is now in place and almost completed. A War Veteran Spends Hundreds of Dollars in His Attempt to Cure Kidney Trouble. He Took Pe-ru-na Upon a Friend's Advice and It Evered the Best Medicine He Ever Used.

CATARRH of the kidneys is a very much neglected disease. It is not until the disease has a firm hold upon the kidneys that the patient begins to realize that there is some derangement of these organs.

The slight backaches, the feelings of lassitude, and other warning symptoms of kidney disease are overlooked. They are not serious enough to detain the patient from his regular work.

Even when he discovers that the kidneys are affected, he does not recognize the difficulty as being caused by catarrh.

Catarrh is sometimes so very gradual in its approach and its earlier symptoms cause such slight discomfort that it is not noticed. However, when it is once firmly seated in the kidneys, it becomes a difficult disease to exterminate.

Indeed, catarrh of the kidneys is more serious than catarrh affecting some of the other organs of the body. In the kidneys, it is liable to terminate in Bright's Disease or diabetes, both of which are recognized as very serious ailments, if not fatal.

The thing to be done, when catarrh of the kidneys is discovered, is to take some internal, systemic catarrh remedy, one that reaches the very source of the catarrh and removes the cause of the difficulty.

Such a remedy has been found in Peruna. It reaches catarrh, no matter where it may be located in the body—whether in the more exposed membranes of the nose and throat, or whether in the remotest part of the kidneys.

That Peruna is at once the safest and most reliable remedy for catarrh of the kidneys is proven by the many testimonials written by those who have experienced its benefits.

The testimonial given here is only a specimen of the many testimonials on our records, pertaining to the relief afforded by Peruna in severe cases of kidney trouble.

GULF STREAM FOR CANADA.

Southern Fish Found Off Nova Scotia Strengthen Theories of Change. Harrigan Cove, N. S., Nov. 2.—Theories that a radical change is taking place in the currents of the Atlantic Ocean were strengthened today by the announcement by Professor Prince Canadian commissioner of fisheries, that the scales and portions of a large fish recently captured by local fishermen off here was a fine tarpon.

The tarpon ranks as the largest of game fishes, and attracts large numbers of anglers to Florida and the Mexican Coast, but so far as known appearance in northern waters has never been previously recorded. The staff of the Canadian biological station during the last five years has secured a large number of fishes native to southern waters. A great change in the sealing industry may result from the change in the ocean currents and scientific authorities are looking for further evidence of this change in the gulf waters pointing to alterations in the movements of the gulf stream and of other minor currents from the southern waters.

Bachelor Friendships. "If you are really anxious to learn how long a couple have been married all you have to do is to note whether his friends or hers fill the house," said a woman who always makes good use of her bright brown eyes.

"At first a man invites all his bachelor friends to his house, under the impression which is invariably wrong, that they will like his wife and that she will like them. Whatever the reason, most women find their husband's bachelor friends dreadfully dull. There may be a pretense of liking them at the start, but that forced enthusiasm oozes out and the wives greet the visitors with cold handshakes. When a woman seems as bored as that, even a young husband realizes it will be a kindness to his old chums not to ask them around any more. Perhaps in his heart he knows they are dull, too, and that's what drove him into matrimony."

WAKE FOREST COLLEGE.

A Lot of News Items From Wake Forest. Wake Forest College, Nov. 3.—Tomorrow the preaching services of the Baptist church here will be conducted by Rev. W. C. Taylor, of Petersburg, Pa., who is visiting his cousin, Dr. J. W. Lynch.

Announcement was made this week that Mr. J. E. Sainsting had taken charge of T. M. Holding and Company's "Old Drug Store." Mr. Sainsting has experience of several years in the drug business in Raleigh, Greensboro, and Durham.

The law class, in special session this week, passed resolutions in honor of Judson Willis, deceased, of Roberson county, a former member of the class, and one of the most promising students in the college. The committee consisted of Messrs. W. S. Britt, Edward L. Conn, W. Lemmon and C. A. Hall.

Mr. Benjamin T. Holding, who graduated here last year, and who has just recovered from a severe attack of typhoid fever at his home in Franklin county, was a welcome visitor here yesterday.

The glee club and orchestra are having extra practices this week and putting itself in proper shape for the trip it is to take Tuesday week. Five towns have been definitely decided upon and a concert will be given in each of these on the days named: Henderson, Tuesday; Warrenton, Wednesday; Scotland Neck, Thursday; Rocky Mount, Friday, and Dunn, Saturday.

Mr. and Mrs. George Wall and family have moved from the country to their home in the northern part of town. The medical class met this week and organized with the following gentlemen as officers and representatives: President, Ernest L. Morgan, of Newbold county; vice-president, William H. Funman, of Franklin county; secretary, John A. Patterson, of Cleveland county; treasurer, Charles Phifer, of Iredell county; prophet, F. T. Bennett, of Sampson county; poet, H. P. Ivey, of Wayne county; chief surgeon, H. P. Harris, of Franklin county; corner, John R. Renfrow, of Mecklenburg county.

One of the most pleasant social functions in the student life here this year was the banquet given at the Purefoy hotel Tuesday night by the law class. It was a delightful event in every respect and will probably result in many similar occasions this year.

The president of the law class, Mr. J. L. Weigert, of Atlanta, Ga., has called a special meeting of the class for early next week, when a banquet committee will be appointed to arrange for a big banquet to be given by the law students in December, at which some of the State's distinguished citizens will be present.

Good Wishes for Lipton. Boston, Nov. 2.—Toasts to President Roosevelt and King Edward were drunk amid cheers when 250 representatives of Bostonians attended a banquet given by the city of Boston to Sir Thomas Lipton at the hotel Somerset last night.

The greeting to Sir Thomas was of the heartiest kind. Former Congressman Samuel L. Powers was the toastmaster, and the speakers included Gov. John D. Long, Lieut. Gen. Nelson A. Miles, retired, Capt. William Wyndham, the British consul and Sir Thomas.

Former Gov. Long in responding to the toast, "The United States," referred to the many ties that bind America and Great Britain. He said that the United States loved its old mother and that, if the mother wishes later on the United States would take her in by its own ties.

Turning to Sir Thomas, the speaker said: "Your name is a household word in America for pluck and fair play. We are all hoping you will win the next race, and if you do, you will get a cheer from all our hearts."
