

CLOSING SCENES IN MOST REMARKABLE CAMPAIGN OF N. Y.

To-day Witnesses Lost Scenes in One of Most Remarkable Campaigns Ever Held in Empire State. Impossible to Forecast Correctly the Outcome.

All Party Lines and Past Precedents Broken Down and Voters are Following After the Man, Irrespective of Creed. A Strenuous Day.

New York, Nov. 5.—Today will witness the closing scenes in one of the most remarkable political campaigns in the history of the Empire State. By midnight the last public word will have been spoken and nothing will remain but the story to be told by the ballot themselves.

Who the hero of the tale will be cannot be forecasted with any certainty.

Old time methods of anticipating the result of an election have been rendered almost useless. Party lines in many sections of the state have almost, if not quite, obliterated; political affiliations of a lifetime have been to-morrow will follow their chosen leader rather than any party.

As an illustration of the conditions which exist, respective leaders of the great parties, basing their estimates upon what they claim to have been thrown aside and thousands of votes careful, painstaking canvasses, have reached widely different conclusions as to what the result will be.

The managers of the Republican and the Democratic and the Independence League campaigns each has announced himself as convinced that his candidates will have a plurality of at least 200,000 votes.

As from the very first, the two leading candidates have strenuous schedules before them.

Chas. E. Hughes, Republican, candidate for governor, will address seven meetings this afternoon and evening in various sections of New York city.

William Randolph Hearst the Democratic and Independence League candidate will address three and possibly four meetings to-night.

WILL ARREST ELECTION THIEVES

Court to Be Held Open All Day To-morrow and Attempted Theft of the Democratic Party to Be Punished.

Louisville, Ky., Nov. 5.—Attorney General N. B. Hays, one of the Democratic candidates for governor, appeared in the police court today and asked Justice McCann to hold all day court to-morrow.

Hays said that he had information that an attempt would be made to steal tomorrow's Democratic primary and he intended swearing out many warrants. Judge McCann promised to be in court all day.

Senator James B. McCreary claimed a majority in to-morrow's senatorial primary over Governor Beckham of 23,000 votes. Beckham's managers say the Governor will succeed to McCreary's seat by 24,000.

GEORGIA DEMOCRACY SURE.

Fourteen Democratic Candidates in Georgia Have No Opposition.

Atlanta, Ga., Nov. 5.—Three Judges of the State court of appeals authorized by the last Legislature and 11 Congressmen are to be elected by Georgia voters to-morrow.

Except in the first congressional district the Democratic nominees for the 14 offices have no opposition. It is not likely that heavy vote will be polled.

Santa Fe, N. M., Nov. 5.—The apocalyptic on the statehood question is very noticeable in contrast to the bitterness over the fight on the local tickets. It is believed that of 50,000 voters 10,000 will be blank on statehood; 15,000 will be against statehood most of these being case by natives of northern New Mexico, while statehood will have 10,000 majority.

The Cleanest Chew Made!

Schnapps

If you could see how SCHNAPPS is made and sniff the delightfully appetizing aroma of the thoroughly cured, well-matched tobacco of which it is covered the reasons for the big difference between SCHNAPPS and its imitators.

SCHNAPPS is clean! The Reynolds factories are as clean as the cleanest kitchen—the tobacco in manufacture is scarcely touched by human hands—with special machinery to cleanse the leaf and produce clean chewing tobacco.

When such scrupulous care is taken with the choicest selections of tobacco from America's finest chewing tobacco districts, can you wonder that SCHNAPPS is so satisfying, so pure, so appetizing and wholesome—so different from chews that pretend to be as good? Expert tests prove that this superior tobacco requires and takes a smaller amount of sweetening than any other kind—and has a wholesome, stimulating and satisfying effect on chewers.

Be sure the letters on the tag and under the tag spell **Sch-n-a-p-p-s**. The Reynolds Company is under the direction of the same man who have managed it since 1875, and who have made the chewing tobacco business a life-study.

There are plenty of plugs that look like Schnapps, without the same satisfying chewing qualities.

Winston-Salem, N. C.

DEMOCRATIC MAJORITY 40,000.

Senator Simmons Thinks This a Conservative Estimate—Eighth and the Tenth Safe—New Companies.

Raleigh, N. C., November 5.—The state chairman, Mr. Simmons wound up the campaign with a speech at Raleigh today. Before leaving Raleigh this morning Mr. Simmons said to the representative of The News that Democracy is in fine shape all over the State for to-morrow's battle. He thinks that a Democratic majority of 40,000 is a conservative estimate. However, he admits that much depends on how the Democrats turn out. He says that he has carefully studied the conditions in the 8th and 10th Congressional districts and feels confident that both are safely Democratic.

Among the new charters issued here today was one to the Dockery Lumber Co. of Rockingham. It is capitalized at \$25,000 by H. C. Dockery and others. Timber and grazing lands will be developed and cattle will be bred.

Also the Dudley Lumber Company at \$15,000 capital was incorporated. Mr. P. A. Whisman is the principal incorporator in both the latter named concerns.

STRIKE-BREAKERS STRIKE.

New York, Nov. 5.—Fifty men employed by the New York Transportation Company to take the places of their chauffeurs who went on strike last week, revolted in the big garage at 49th street and eighth avenue today and insisted that they be paid off immediately.

Inspector Berry, of the company, who tried to argue with the men, was thrown down a flight of stairs and 15 policemen had to go to his rescue. Finally the men were paid off and furnished transportation back to their homes, which they said had been promised when they came to the city to fill the places of strikers.

The Alleged Tobacco Trust.
New York, Nov. 5.—District Attorney Jerome has not yet taken any action on the request of District Attorney Moran of Boston to aid him in obtaining evidence against the so-called tobacco trust. Jerome said he has not finished reading Moran's letter. "How am I going to get evidence?" He asked when questioned about the matter today. "Why doesn't Moran get it himself?" I haven't read through his letter yet and don't quite know what it contains. However, I'll look into it and answer Mr. Moran."

PROSPECTS IN ARIZONA.

Phoenix, Arizona, Nov. 5.—Partisans of the joint statehood have closed their campaign. The partisan shots against the project will be given tonight in the larger towns where the Republicans and Democrats will hold joint meetings. The defeat of the jointure in Arizona is admitted by all, the estimate of the vote in its favor being

SAILORS MUTINY.

Because Officer Wanted Them to Kneel—Great Number Mutiny.

Portsmouth, England, Nov. 5.—A mutinous outbreak on the part of 500 to 600 sailors last night necessitated the immediate mobilization of the entire force in the naval barracks here. The men had assembled in the gymnasium when a senior officer, a man of short stature, wishing to administer a reprimand for a breach of discipline, ordered the front ranks to kneel so he could see the men in the rear.

The order was resented and some of the sailors who refused to obey were arrested.

Their comrades, aggrieved ran amuck, wrecked canteen and other premises, started to break out of the barracks with the intention of wrecking the quarters of the obnoxious officer and were only prevented from so going by fixed bayonets of an overwhelming force.

A number of men who attempted to break out of the barracks were arrested.

IN TIME OF PEACE.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be treated much more quickly when treated as soon as it has been contracted, and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept on hand ready for instant use. For sale by Shuford Drug Co.

SENATOR MORGAN.

Says President Cannot Force Japanese Into White Schools in California.

California has the same right to separate Japanese, Chinese, negroes, and Indians from her citizens in her public schools that she has to separate males and females, men over 21 years of age and boys under that age, or degraded persons from those who are virtuous, or infected persons from those who have good health.

These rights are classed among the police powers of the state, which Congress has no right to control. Now have the President and the Senate the power to regulate and control these rights by treaty with foreign governments.

Treaties to be constitutional, when they affect the rights of the people at large, must apply equally to all the people of the United States. Treaties are classed as the supreme law of the land in the Constitution, and so are acts of Congress; but acts of Congress are paramount to treaties, because Congress repeals treaties, but no treaty can repeal or affect an act of Congress.

The police powers of the State relating to public education and many other things are in fact an essential part of the sovereignty of the States, with which Congress has no right to interfere, and which certainly cannot be interfered with by a treaty with any foreign power.

"The real trouble with Japan, I am afraid, goes back to the treaty of alliance, offensive and defensive, that she made with Great Britain while the Portsmouth treaty was being negotiated and kept secret until that treaty was executed. I am afraid Japan is trying to make trouble with us in the expectation that ultimately she can require that Great Britain will execute that offensive and defensive alliance with her to the prejudice of the interest of the United States in the Philippines and in our trade with China.

"Equal education in the public schools of California at public expense for our own native citizens and the Japanese ought to be sufficient to satisfy those who are receiving its benefits without expense to the pupils or to Japan. Such education was being given to the cadet at Annapolis without any discrimination and in a very generous spirit, but seems not to be satisfactory to Japan.

"I am afraid that her alliance with Great Britain is giving rise to pretensions that Japan will find very troublesome and difficult to realize.

"The favored-nation clause extends to 80 or 90 per cent of every commercial treaty we have. If Japan should be secured the right she is demanding in California by treaty, the 'favored-nation clause' would load up our State public schools with pupils from all these nations, from the highest to the lowest, and the States would be compelled to close their public schools to get rid of them."

Mr. Goodwin Speaks.

Raeform, November 3.—Hon. H. L. Godwin Democratic nominee for congress from the 6th district spoke to a large and attentive audience here Thursday. After summarizing the benefits derived from the Democratic rule, Mr. Godwin proceeded to show the corruption of the Republican party in North Carolina under the leadership of Adams, Butler and others. His speech has won for him many staunch supporters and clearly shows that Mr. Godwin is a strong exponent of true Jeffersonian Democracy.

RHEUMATISM AN INSIDIOUS DISEASE THAT BREAKS DOWN THE STRONGEST

Rheumatism does not come on in a day; the disease becomes entrenched in the system for years. These insidious troubles, weak Kidneys, torpid Liver, and a general sluggish condition of the system are responsible for Rheumatism. Food souring in the stomach poisons the blood, the failure of the Kidneys and Liver to act properly leaves waste matter and impurities in the system, which, coming in contact with the natural acids of the body, form uric acid. This is absorbed by the blood, and as it penetrates to the muscles, nerves and bones produces the terrible pains and aches and other disagreeable symptoms of Rheumatism. Life is made a torture by its excruciating pains, nerves are shattered, the health undermined, and if the disease is not checked it breaks down the strongest constitution. It will not do to depend on plasters, liniments, etc., such treatment is helpful in easing the pain and reducing the inflammation, but does not reach the blood where the real trouble is located. S. S. S. cures Rheumatism by purifying and invigorating the blood, driving out all impurities and poisons and sending a stream of strong, rich blood to wash out all irritating particles that are causing the pain and inflammation. S. S. S. stimulates the sluggish organs to better action, tones up the stomach and digestion, restores nervous energy and builds up the entire health. S. S. S. cures Rheumatism, whether acute or chronic, and the cure is thorough and lasting. Book on Rheumatism and any medical advice desired without charge.
