

MILICAN WILL BE GIVEN HIS FREEDOM

Columbia, S. C., Nov. 8.—Governor Heyward stated last night that he would pardon Ubi V. Milican, the youth who shot and killed his stepfather on the streets of Spartanburg some months ago.

Mr. Stanyarne Wilson, attorney for Millican, came to Columbia and filed the case before Governor Heyward. Before the verdict was returned, there was an agreement between the solicitor and the jury that a verdict of guilty of manslaughter should be found and that the jurors would then sign a petition for pardon. This petition was duly signed and endorsed by Solicitor Sease. The boys' sister, Cannon, also signed the petition. Judge Bantzler, who presided at the trial, stated that Millican was technically guilty but he would under the circumstances recommend a pardon.

Under these circumstances Governor Heyward felt that there was nothing for him to do but to sign the pardon and he will do this. Millican shot Cannon with a shot gun on the streets. He asserted that Cannon had made improper approaches to his sister, the stepdaughter of Cannon. The family is one of prominence and some property.

Mr. Blake L. Robertson has written to Governor Heyward desiring the appointment to the State Medical College from the Fifth District. He is unable to take up the work, owing to his disappointment. He recommends for the appointment D. Lyle of Lenoir S. C.

Senator J. S. Brice has written to Governor Heyward, asking for a pardon, having been convicted of selling whiskey in Greenville. Mr. Mauldin states that Mr. R. Hayes Cleveland of Greenville county, who is a member of the board of pardons, has notified his approval of the pardon, and Mr. Mauldin asks that the governor act quickly on the petition and begin serving his sentence, unless the courts stay the matter.

The board of pardons does not meet until January. Smith is a notorious gambler and blind tiger, who has been hanging around Greenville for years and it is surprising how many prominent citizens have signed their names to the petition for his pardon. He is said to be in ill health.

The Lexington county commissioners ask Governor Heyward to pardon Ed. Singler, colored, who has been sentenced to the chain gang for two years and has several months yet to serve. The negro's health is said to be bad and he is an expense to the county. The letter is signed by Supervisor L. J. Langford and Commissioner J. W. Sheard.

The railroad commission held a hearing in the matter of the wreck on the Southern at Winstonsboro several weeks ago in which the crew of the light engine were killed and several other trainmen were injured. The officials of the Southern and the train dispatchers as well as Operator

Boliek were present but the testimony given did not differ materially from what has already been printed about the accident. The whole thing hinges on the order which it is alleged that Operator Boliek at the Blanding Street Station did not give the regular freight train crew when it passed that station. Boliek admits not giving the order but declares he did not report the signatures to the orders and should have been checked up on that by the train dispatcher. There were three dispatchers produced, however, who swore that Boliek did give the signature of the conductor and engineer to that particular order, the book showing the signatures also. Boliek asked for the production of another witness to testify, but he did not appear.

Messrs. Blakeney and Davidson of Kershaw appeared before the railroad commission today to ask that the board require the establishment of a telegraph office at Kershaw.

SMALL VOTE IN RICHMOND.
Democratic Majority About 500—Official Returns.

Rockingham, Nov. 9.—The official election returns for Richmond county canvassed today show 681 votes cast for McNeill for Corporation Commissioner against 184 votes for Douglass a majority of 497; Glenn received 955 votes two years ago for Governor against 290 for Adams.

The Democratic nominees for Judges received 687 votes against 181 cast for the Republican nominees, a majority of 506.

Commissioner Pace, the Democratic nominee, received 685 votes to 205 cast for C. P. D. Reynolds, the Republican nominee, a majority of 480.

Walter J. Parsons, Democratic nominee for the House, received 706 votes. He was re-elected.

A. A. F. DeWitt and J. R. Rivers, Democratic nominees for the Senate, received 711 votes to 188 cast for Republican nominees, a majority of 523.

Henson, Democratic nominee, received a majority of 672 over Writley, the Republican nominee for sheriff.

The Democratic majorities for county offices are: from 449 to 632.

A GOOD RECORD.
Out of all the external remedies on the market we doubt if there is one that has a record of the world-renowned Alcock's Plaster. It has been used for sixty years and still continues to be as popular as ever in doing its great work of relieving pain and aches. It is the remedy we all need when suffering from any form of acute or pain resulting from cold or overstrain.

Alcock's Plaster is sold by Druggists in every part of the civilized world.

Rome, Italy, Nov. 10.—Many messages of congratulation were received at the Quirinal today in anticipation of the 87th birthday of King Victor Emmanuel, who was born, November 11, 1869.

Men have very strong will power to be able to go on thinking they got more real happiness out of being married than they used to.

INTER-STATE LEAGUE.
Greenville, S. C., Nov. 10.—Greenville base ball enthusiasts have decided to have a team next season, and to that end a committee of citizens has been appointed to ascertain if Charlotte, Spartanburg, Greensboro and Salisbury, and probably other towns, will enter a league.

A meeting was held in the Board of Trade rooms last night at which the matter of organizing a Piedmont League was taken up. This league, it is understood, will be composed of the towns of Anderson, Rock Hill, Greenwood and other places. Greenville is interested in it, but we want something better and bigger.

The Daily Herald of this place has changed its name to the Piedmont. Marshall Moore, of Greenwood, is editor; J. M. Charlotte, news editor, and Wyatt Sebty, circulation manager. The paper will be greatly improved under the new management.

Against Her Judgement.
"Ain't you rather young to be left in charge of a drug store?"
"Perhaps so, ma'am; what can I do for you?"
"Do your employers know it's dangerous to leave a mere boy like you in charge of such a place?"
"I am competent to serve you, ma'am, if you will state your wants."
"Don't they know you might poison some one?"
"There is no danger of that, madam; what can I do for you?"
"I think I had better go to the store down the street."
"I can serve you just as well as they can, and as cheaply."
"Well, you may give me a two-cent stamp, but it don't look right."

Teachers at Valley City.
Valley City, N. D., Nov. 9.—With an attendance of teachers from four counties, the semi-annual meeting of the Southeastern Educational Association began here today, to continue over tomorrow. Some distinguished educators, including Prof. O. S. Head of the University of Wisconsin, State Superintendent W. L. Stockwell, and President McFarland of the State Normal School, are on the program.

NEWS FROM PRESIDENT.
All is Well With President Roosevelt and Party.
Norfolk, Va., Nov. 10.—The wireless telegraph station at Cape Henry this morning was in touch with the battleship Louisiana, bearing President Roosevelt and his party to Panama. The operator on the Louisiana reported "Nothing doing," meaning all well and the President had no message to send. The exact location of the Louisiana was not given.

GREENSBORO NEWS AND HAPPENINGS

Greensboro, N. C., Nov. 10.—George Wilson, a negro who claims residence in Caswell county was shot by a policeman here late yesterday afternoon, while attempting to escape arrest. He made a dash for liberty just as the officer had placed handcuffs on him. The shot struck him in the back and he dropped in his tracks. A physician summoned at once, pronounced the wound not necessarily fatal, and the man was carried to the Hospital, where he is doing well this morning. The negro had been drinking, and was charged with abusive and obscene language to ladies on the street. When the officer served the warrant on him, the negro jerked the barrel out of his hand, and was handcuffed when he made his break for liberty.

Mr. William Walker, of the Johnson Manufacturing Company, while on the roof of the new Lutheran College building yesterday afternoon was called by some one below, and not noticing where he was stepping when he turned to answer, fell headlong from the scaffolding to the ground, a distance of forty feet. One arm was broken, his shoulder dislocated and he suffered concussion of the brain. He was taken to St. Leo's hospital and has been unconscious ever since, his condition being extremely critical.

Tuesday night's wholesale burglarizing of a grocery store on West Lee street, the goods being carried away in a two horse wagon, had its counterpart last night, when some one broke into the dry goods store of Shiffman Bros. on South Elm street and made a wholesale haul of furs, dress goods, notions, etc. The police were notified of this latest robbery, early this morning and are making an investigation. Several suspicious characters have been seen around here for the last few days and the officers are keeping a close watch on them.

Rev. Melton Clark, of Florence, S. C. has accepted the call to the pastorate of the First Presbyterian church extended to him by the church on Sunday before last. The information was received here in the form of a letter to Dr. A. R. Wilson, clerk of the session of the church. The letter also stated that Rev. Mr. Clark had called a meeting of his congregation next Sunday to act upon his resignation as pastor of the church at Florence. It is not yet known when Mr. Clark can arrange to come to Greensboro. It will depend largely on the condition of his father-in-law, Mr. Woodrow, who is very ill.

ROCK HILL NEWS
Rock Hill, S. C., Nov. 10.—Fifteen of the immigrants who landed at Charleston last Sunday in the Steamer Wittekind arrived in Rock Hill last Tuesday and were given employment in the Arcade mill. They appear to be very well satisfied with their work and new home so far and are giving very good satisfaction. They are with very few exceptions not experienced mill hands but Superintendent Berchann says they are making a good start at learning and will doubtless make good hands when they become accustomed to the work.

It is very gratifying to the Rock Hillians to see matters shaping up so nicely about our paved sidewalks which we hope soon to have.

Quite a number of our young people left this week for Charleston to enjoy gala week. Among the number is the Misses Barrm, Minnie Steele, Mary Lesslie and others.

Miss Fannie Pemberton, of Greensboro has been visiting Mrs. Stackhouse this week.

The first star course entertainment at Wipthorpe College will be next Tuesday night. When Leland Powers will read David Copperfield. Mr. Powers is considered superior to any reader in the United States. It will be a treat to all that hear him.

Miss Mary Robinson, who has been spending some time at Richburg with her brother Dr. W. D. Wylie, passed through Rock Hill this morning on her way to New York to take up her duties as a trained nurse.

Letter to C. M. Shuford.
Charlotte, N. C.
Dear Sir: Some people get disappointed in painting; it doesn't come out as they thought it would.
C. B. Edwards, of Edwards & Broughton, printers, Raleigh, N. C. painted his house Devoe three years ago; he had used 39 gallons paste paint before an bought 30 gallons Devoe. Had 16 left.

Paste paint is extra-thick—with white-wash.
Mayor W. W. Carroll, Monticello, Florida, says: My painter said it would take 35 gallons to paint my house; it took 20 gallons Devoe. His house is the best paint job in town; and he says Devoe is the whitest white of all white paints.

Jones & Rodgers bought 5 gallons Devoe to prime Mr. Pratt's house at Market, Texas. It painted two coats. The reason for nobody guessing little the enough Devoe is: they learned in a bad school; other paints.

MACHINE GUN STOLEN

St. Petersburg Revolutionists Steal Machine Gun and Large Supply of Cartridges.

St. Petersburg, Nov. 10.—The most recent exploit of the St. Petersburg revolutionists is the theft of a machine gun of the latest model and a large supply of cartridges.

It is presumed that the expert gunner is involved because the necessary accessories were simultaneously abstracted from the armory.

The prefect of police issued an order especially emphasizing the necessity of recapturing the gun.

Funds for Education.
Louisville, Ky., Nov. 9.—Baptist ministers, educators and laymen are much interested in tonight's mass meeting in Broadway Baptist Church. The object of the meeting is to stir up interest in a movement to raise \$500,000 to endow Baptist schools throughout Kentucky. The \$100,000 in property recently donated to the Baptist Education Board by Dr. A. Gattiff of Williamsburg is to be used as a nucleus of the proposed fund.

DEMANDS REFUSED.
President of Erie Railroad Refuses Demands of Fireman.

New York, Nov. 10.—President Underwood of the Erie Co. has refused the demands for the reduction of working hours by the firemen employed on that road. A poll of the Erie firemen will be taken by their officers to determine whether they will strike.

Gets 10-Year Sentence.
St. Petersburg, Nov. 10.—Schetker, who threw the bomb at Police-Captain Samsenoff, of Biaystok, one of the terrorist acts precipitating the Jewish massacre there, was convicted today and sentenced to ten years at hard labor.

School Superintendents.
Boston, Mass., Nov. 9.—The New England Association of School Superintendents held its seventy-ninth meeting at the Boston Latin School today with a good attendance of members. The need of a satisfactory classification and grading of exceptional children was the chief topic of discussion at the opening session.

NEW POWER FOR GREENVILLE.
Greenville, S. C., Nov. 10.—The Saluda River electrical power will be brought to Greenville in about ten days. Work on the great dam was finished a month ago after two years labor.

Many industrial establishments are patiently waiting for this fine power to be brought here.

Official Coun. Necessary.
New York, Nov. 9.—The latest returns from all sections of the State indicate an official count will be necessary to determine whether M. Linn Bruce, Republican, or Lewis Stuyvesant Chanler, Democrat and independence League candidate was elected Lieutenant Governor.

Salisbury, Nov. 10.—Will Walker, a white mechanic of this place, aged 22 years, fell off a forty foot scaffold in Greensboro where he was working late yesterday afternoon. He was taken to the hospital and given treatment but very little could be done for him. He died this morning at two o'clock. The body was brought to Salisbury for burial today.

REPUBLICS TO REORGANIZE.

Bureau Appoints Board in Accordance With Pan-American Conference.

Washington, Nov. 10.—The governing board of the bureau of American Republics held a regular meeting at the State Department this afternoon. Secretary Root presided. Owing to the absence of some of the Latin-American diplomats, who are members of the board, some business which was to have been taken up at this session was postponed until a later meeting. A committee was appointed to consider the changes and reorganization of the bureau in accordance with the plans made by the third pan-American conference in Rio de Janeiro last summer.

Lead Pencils Go Up.
From the N. Y. World.

The wholesale rate on all lead pencils costing \$3.60 or less a gross, have gone up, according to announcements now being sent to stationers by domestic manufacturers, from 5 to 25 cents per gross. New price lists on some lines of foreign pencils are also being sent to the dealers.

The reason given for the advance is the higher cost of labor and materials. It is believed the retail prices of some grades of pencils will soon go up, for dealers have declared for some time that the profit was too small.

Nothing ever takes a harder fall out of worry than hard work.

LABOR LEADERS TO MEET NEXT MONDAY

Minneapolis, Minn., Nov. 10.—More than two million working men and women throughout the United States and Canada will watch with interest the opening of the twenty-sixth annual convention of the American Federation of Labor in this city next Monday, and the work done here during the week will directly affect hundreds of thousands of persons. Delegates arrived today from all parts of the country. Some came from as far west as California, Washington and Oregon and some from Maine and Massachusetts, while the South promises to be more largely represented than at any of the previous conventions of the federation. All classes of labor, from the most skilled to the commonest and most poorly paid, will be represented.

The convention this year promises to be of far more than ordinary interest and importance. The federation has come to the turning point of its career. Heretofore, as an organization, it has taken no part in politics. As a matter of fact, the constitutions and by-laws of many of the big national and international labor bodies that make up the federation, have forbidden participation in politics. During the past year a radical step was taken by President Samuel Gompers when he announced that the American Federation of Labor would henceforth take an active part in politics and use all its strength and influence to place leaders of sympathizers with organized labor in public office. The step was taken by President Gompers almost wholly upon his own responsibility, with the sanction of the executive council of the federation and the evident approval of many prominent labor leaders throughout the United States. Others, however, have not hesitated to severely condemn the federation for the course it has taken. Those opposed to the political programme include, it is said, some of the strongest and most influential organizations affiliated with the federation. Their delegates are prepared to combat the Gompers idea in the convention next week and it is probable a lively contest will ensue.

SUIT FOR \$100,000.
Cleveland, Ohio, Nov. 10.—Colonel F. Dickson today filed suit for \$100,000 against Everett Moore Syndicate. "For services rendered in contracting the syndicate during the years 1902, 1903 and 1904."

The Everett Moore Syndicate, when it became unable to meet its financial obligations, owned and operated an extensive system of urban and interurban traction lines and also controlled a number of independent telephone companies in Ohio and other States.

Colonel Dickson states that the liabilities of the syndicate aggregated \$17,000,000 when the committee took charge of its affairs.

Corn Crop 1906
Washington, D. C., Nov. 10.—Preliminary returns to the crop estimating board of the Department of Agriculture show production of corn for 1906 was 2,851,096,000 bushels. An average of 30.2 bushels per acre.

General average as to quality is \$9.9. It is estimated that about 4.4 per cent of the 1905 corn crop is still in the hands of the farmers.

TRAIN LEAVES TRACK.
Bloomington, Ill., Nov. 10.—The train on the Illinois Central, north bound, was derailed at Buckley.

The whole train left the track, but none of the coaches turned over. Fifteen passengers and the train crew were more or less injured, none fatally, however.

The accident was caused by a broken rail.

Impoverished Soil

Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is so easily digested and assimilated as
