Two Stories of The Cause. Two stories are being told by the friends of those who will naturally be

It is said that the local train, No. 66, from Frederick, entered the block with a clear track. Two green lights were then set on the signal tower showing that the block was occupied. At the Takoma station, near the center of the block, it is said the day operator had tied down white signals showing a clear track and left his station.

At this indication, the engineer of steam and forged ahead at a tremendous speed in the dark and foggy night and on a slippery track.

It was only a few minutes until the huge engine of the "dead" train plunged into the rear of the local, just pulling out of Terra Cotta. Operator Phillips, at Takoma, denies vice in a colored church.

that his signals were white. He declares he was at his post and that red but, through hospitable motives, avoidsignals were set showing the tracks ed passing the box to the white visiwere occupied. He was much aston-ished to see the "dead" train rush mon that was at the same time past and expected it to slow down and quent, earnest and ridiculous, and his back up. Instead, he heard of the ac. description of the poverty of the church cident in a few minutes.
