

"I Must be Impeached or Blackburn Sent to Jail" Says Governor Glenn

Governor will Ask Grand Jury to Indict Blackburn Unless he Proves Reports Unwarranted by Him.

Blackburn Arrives in Greensboro. Denies Reports, Saying he Can Sue all The Papers That Published Them.

Raleigh, N. C., January 2.—Governor Glenn announced he would leave for Greensboro to-night to appear before the grand jury which will be asked to indict Congressman E. Spencer Blackburn, on the charge of criminal libel.

"I have not been able to hear from the solicitor of the district," said the governor. This action follows the charges made in a letter from Blackburn sent out from Washington, Saturday last, in which he stated to Congressman R. M. Hackett, Democrat, elected in the Eighth Congressional district, of North Carolina, his grounds for contesting the election, alleging among other things that there has been conspiracy in which Governor Glenn used his influence to secure Hackett's election, and, as a member of the state text book commission voted to put the books of the American Book Company on the state list of public school books in return for which the American Book Company contributed large sums of money to corrupt the voters of the Eighth Congressional district, while in return Hackett was to use his influence to have Governor Glenn elected United States senator to succeed the present senator from North Carolina, Hon. Lee S. Overman.

In a card published to-day Mr. Hackett denies the Blackburn charges. "I shall prosecute Blackburn to the full extent of the law," he so declares. Governor Glenn said to the Associated Press correspondent: "One of two things must be done—I must be impeached or Blackburn must be sent to jail."

It is Up to Blackburn.

Raleigh, N. C., Jan. 2.—Governor Glenn received a telephone message from Greensboro this morning informing him that Congressman Blackburn had arrived in that city from Washington. He at once instructed E. J. Justice to secure a warrant for the arrest of the Congressman. Later the Governor received a message from Solicitor Brooks, stating that he (Brooks) had just had a talk with Blackburn and that he latter disclaimed all responsibility for the articles published in the Sunday papers in charges were made against the Governor.

On receipt of this information, the Governor said that it was up to Mr. Blackburn to prove this, and that if he did so, the fight would

then be between him and the newspapers.

Governor States Intentions

Raleigh, N. C., January 2.—Governor Glenn had a long distance telephone conversation with Solicitor A. L. Brooks of the Guilford Superior Court this morning with reference to the prosecution of Blackburn.

The governor has resolved to institute proceedings against Congressman Spencer Blackburn for the charges he made in his contest of the election of R. N. Hackett over him to the Sixtieth congress.

The governor told Solicitor Brooks he wants a bill drawn and sent to the Guilford grand jury at the next session of the court. He told the solicitor, if he, (the governor), is guilty of the charges made by Blackburn, he should be impeached and if the charges are false then Blackburn should be in jail or at least should receive the punishment the law provides for malicious slanderers. The governor told the solicitor he would come up to Greensboro within the next few days and go over the situation with him.

The only reason for any delay of arrest of Blackburn is that he is not now in this state.

The Governor says it is his purpose to prosecute Blackburn in his home county, Guilford.

Concerning the report that Governor Glenn would prosecute him for criminal libel. "The notice of my protest to my opponent," said Mr. Blackburn, "has not been filed. That, however, will contain all of the charges I may prefer."

No warrant for Mr. Blackburn's arrest has been issued and Solicitor Brooks did not expect to issue one until tomorrow.

The public school house in the Bethel district has been completed. The following things deserve attention, the beautiful location, the double flooring, the large windows hanging on weights, the five slate blackboards, the height of the ceiling, and the general workmanship of the building.

Misses Mary Henderson of Croft and Ethel McCoy of Long Creek have been visiting Miss Della Wilson. Mr. Thomas A. Gibson and his sister Miss Myra are confined to their beds at his home. Some bronchial trouble is the cause.

Mr. Julius McConnell and family have moved to Cornelius. The increased school facilities offered by the towns of the country is proving a great drawing card to secure a good population.

Mr. Tom Potts and family of De Calb, Texas, are visiting relatives. They will leave for their home in a few days.

The Catawba Power Company secured an option on a number of plantations bordering on the river, early in the spring and as options near expiration they pay the price and secure the water frontage or buy the whole tract. A few days ago the company secured the large tract known as the Bob Graham tract. It has fine water frontage and besides is one of the finest pieces of farm property in Lenoir.

THERE IS A REASON FOR CHEWING REYNOLDS' SUN CURED TOBACCO

Chewers becoming tired of heavily sweetened sun cured tobaccos caused REYNOLDS' SUN CURED to quickly win from the old brands of much longer standing the place as favorite with sun cured chewers, because it contains just enough proper sweetening and flavoring to preserve the quality of the leaf and enhance its goodness, causing a large increase in the demand for sun cured tobaccos.

REYNOLDS' SUN CURED

is not only pure sun cured, but it is made from choice selections of the genuine sun cured leaf grown where the best sun cured tobacco grows. It is like that you formerly got, costing from 60c. to \$1.00 per pound, and is sold at 50c. per pound in 5c. cuts; strictly 10c. plugs, and is the best value in sun cured tobacco that can be produced for chewers.

STATE CAPITAL NEWS HAPPENINGS

Raleigh, N. C., Jan. 3.—The North Carolina Cotton Growers Association was in session last night until after eleven o'clock and will conclude deliberations during today. Seventeen of the fifty-three cotton counties were represented and about forty delegates present. The report of the executive committee showed \$4,245 raised for the purpose of the association during the year, about half of it being paid by merchants and other business men. The association still owes President C. C. Moore \$750 and Secretary T. B. Parker \$450 on last year's salary. A resolution was adopted apportioning the indebtedness among the cotton counties, with directions to the county chairman to take steps at once to raise the amounts charged to them.

A resolution was offered by Hector McLean for the legislature to be asked to direct the state board of agriculture to set aside \$5,000 this year and \$10,000 each year thereafter for the support of the cotton association was voted down by an overwhelming majority. Fire destroyed the depot at Neuse, the second station north of Raleigh on the Seaboard Air Line yesterday. The building was valued at \$2,000 and eight box cars were destroyed, also a number of bales of cotton and a car load of cotton seed. The fire is believed to have been caused by a short circuit on the main line two hours or more because of impossibility for trains to pass the fire.

The internal revenue collections for this, the eastern district, during December, were \$208,291, against \$255,355 during November. The receipts for tobacco stamps during the months of December were \$178,229.

During the past six months to December 31 the receipts of the Raleigh postoffice according to figures just compiled by Postmaster W. G. Briggs, aggregated \$35,694 from the sale of stamps, post cards and box rent. The receipts for the corresponding period last year aggregated \$33,369, a gain of \$2,244. During the past three months the office handled 265,000 pounds of second class mail matter sent out by Raleigh publishers.

Nine charters were issued today. The Cent Cotton Mill Co., of Cornelius, Mecklenburg county, capital \$23,600 by J. B. Cornelius and others. The Pilot Cotton Mills, Raleigh, \$500,000 capital by W. H. Williamson and others. The Alexander Chair Co., of Taylorsville, capital \$25,000 by E. L. Hedrick and others; the W. W. Rankin Mercantile Co., of Mooresville, capital \$25,000, by H. R. Moore and others; the Jamison Co., Hamlet, \$25,000 capital by J. M. Jamison and others for mercantile business. The Baxwell Real Estate Co., Hamlet, \$25,000 by J. M. Jamison and others. The Jamison Supply Co., Henderson, \$10,000 capital, by W. H. Jamison and others; the Standard Chair Co., of Thomasville, increased capital to \$125,000, C. F. Lambeth is president.

Carnegie's New Gift.

Washington, Jan. 4.—It is announced here that Andrew Carnegie has given \$750,000 for the construction of a building to be used by the bureau of American republics.

Successor of Williamson. Washington, D. C., Jan. 4.—The speaker announced the appointment of Representative Englebright, of California, to a place on the committee of mines and mining, in place of Mr. Williamson, of Oregon. He called attention to the fact that Mr. Williamson had failed to qualify and he thought it the correct practice under the circumstances to displace one member for another.

Mr. Williamson was indicted and convicted in the land fraud prosecutions instituted by the government in Oregon and has not appeared in the capitol since his election in 1904.

DAVIDSON NEWS.

Davidson, Jan. 4.—Both colleges here opened yesterday, and most of the students are already in after their holiday vacation. Several new men have registered and the enrollment this year will probably be larger than any for the same term in the history of the colleges.

Mooney Brothers have opened a hardware store in the building recently occupied by M. W. Cranford & Sons. The churches of Bethel and Shearer, as well as the Presbyterians at Cornelius where the Presbytery is to open up a work, are endeavoring to secure the services of Rev. W. T. Walker, of Rowland. Mr. Walker is now evangelist for the Fayetteville Presbytery and is an exceedingly popular man and the churches above named will be fortunate if he accepts their call.

Rev. Wm. Black goes to Greensboro Saturday to begin a meeting Sunday at Gessemere Avenue church, of which Rev. J. W. Goodman is pastor.

Dr. C. M. Maxwell, of Roanoke, Va., formerly of this place, spent part of the holiday here with friends.

Mr. Joe White has purchased the Allison property, corner Main and Linden Avenue, and will soon greatly improve the dwelling, making a modern, up-to-date house.

There are many inquirers from persons in all parts of the country who desire to move here, but there is not one vacant house in town. This shows on the one hand how "popular" Davidson is, and on the other, one of our greatest needs, a large number of new dwellings. Davidson could undoubtedly double its population in a short time if there were only houses to rent or sell to those who would like to come.

MILK TRUST ROBS TOILERS.

Marks Up Price So That \$1,460,000 of \$2,000,000 Yearly Increase is Eaten Up in Pittsburgh.

Pittsburg, Pa., Jan. 4.—The milk trust of Pittsburgh, which has just declared an advance of two cents a quart in the price of milk, will eat up the greater part of the much-talked of wage increase in the Pittsburgh district which goes into effect with the new year.

Pittsburg consumes 200,000 quarts of milk every day, and the advance therefore means \$4,000 a day, or \$1,460,000 for this year.

The wage advance in the Pittsburgh district in some instances amounts to as high as 10 per cent. The total advance roots up \$2,000,000 a year, so that the increased milk bill almost counterbalances this, to say nothing of the additional cost of butter, which has also been advanced in price.

CATARRH BLOOD DISEASED AND SYSTEM DISORDERED

Catarrh is not merely an inflammation of the tissues of the head and throat, as the symptoms of ringing noises in the ears, mucous dropping back into the throat, continual hawking and spitting, etc., would seem to indicate; it is a blood disease in which the entire circulation and the greater part of the system are involved. Catarrh is due to the presence of an excess of uric acid in the blood. The Liver, Kidneys and Bowels frequently become torpid and dull in their action and instead of carrying off the refuse and waste of the body, leave it to sour and form uric acid in the system. This is taken up by the blood and through its circulation distributed to all parts of the system. These impurities in the blood irritate and inflame the different membranes and tissues of the body, and the contracting of a cold will start the secretions and other disgusting and disagreeable symptoms of Catarrh. As the blood goes to all parts of the body the catarrhal poison affects all parts of the system. The head has a tight, full feeling, nose continually stopped up, pains above the eyes, slight fever comes and goes, the stomach is upset and the entire system disordered and affected by this disease. It is a waste of time to try to cure Catarrh with sprays, washes, inhalations, etc. Such treatment does not reach the blood, and can, therefore, do nothing more than temporarily relieve the discomfort of the trouble. To cure Catarrh permanently the blood must be thoroughly purified and the system cleansed of all poisons, and at the same time strengthened and built up. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the very bottom of the trouble and makes a complete and lasting cure. S. S. S. removes every particle of the catarrhal poison from the blood, making this vital stream pure, fresh and healthy. Then the inflamed membranes begin to heal, the head is loosened and cleared, the hawking and spitting cease, every symptom disappears, the constitution is built up and vigorous health restored. S. S. S. also tones up the stomach and digestion and acts as a fine tonic to the entire system. If you are suffering with Catarrh begin the use of S. S. S. and write us a statement of your case and our physicians will send you literature about Catarrh, and give you special medical advice without charge. S. S. S. is for sale at all first class drug stores.

I had Catarrh for about fifteen years, and no man could have been worse. I tried everything I could hear of, but no good resulted. I then began S. S. S., and could see a little improvement from the first bottle, and after taking it a short while was cured. This was six years ago, and I am as well today as any man I know. Catarrh is a blood disease, and know there is nothing on earth better for the blood than S. S. S. Nobody thinks more of S. S. S. than I do. M. MATSON, Leeper, Mich.

GREENSBORO P. O. RECEIPTS.

Big Increase Over 1905—Police Officer Bound Over—Blackburn.

Greensboro, N. C., Jan. 4.—There was no more surprise here yesterday morning upon reading the truth of the matter in the Washington Dispatches, that Blackburn's agent and confidential secretary and fac-totum, Perkins had furnished the stuff for publication. Then there was with those who knew the Congressman's past record, that he had left the state between the suns.

After hearing evidence and argument, which consumed nearly the whole of yesterday, "Squire J. M. Wolfe bound Police Officer R. Y. Skeens over to the superior court, on a warrant charging him with assault, four weeks ago, with intent to kill a negro named George Wilson, who was under arrest charged with disorderly conduct. The officer was allowed to give his own recognizance.

The receipts of the Greensboro post-office for the year 1906 amounted to \$69,143.21 as against \$57,153.67 for 1905. This is a gain of more than 21 per cent—a showing that will compare favorably with almost any city in the state.

Children of Archduke Otto.

Vienna, Jan. 3.—It has just been publicly disclosed that since the death of the Archduke Otto, which occurred several months ago, two letters from him have been found, one being addressed to the Emperor, and the other to his brother, the Archduke Franz Ferdinand, disclosing the fact that he was the father of two natural children aged five and six, by a Vienna actress. The Archduke Otto implored the Emperor to take care of these children. It is reported that his Majesty gave the sum of 200,000 crowns for the maintenance of the children, but the Archduke Franz Ferdinand gave nothing. The mother of the children was present with the Archduke Otto until his death, retiring only when some member of the imperial family paid a visit to the sick room.
