### Miss Fields Entertains.

One of the most delightful social affairs given during the holidays was a New Year's party given by Lillian Field at her home on Church street.

The hall and parlor were decorated with holly and mistletoe. The soft lights made the scene a very pretty one. Refreshments were served in the dining room. Over the table in the center of the room was hung a large bell from which resolutions were drawn as souvenirs.

The amusements of the evening were a guessing contest and progressive games. The prize for the former was won by Miss Elizabeth Ebletoft, of Shelby, and Mr. Weston Clinard. In the latter Donald Boyden was the successful one and was awarded a box of stationery.

The invited guests were as follows: Misses Sallie Martin, Hazel Elliott, Louise Allen, Elizabeth Ebletoft, Ruth Abernethy, Grace Abernethy, Mary Shuford, Margaret Bost, Margaret McComb, Brent Ramseur, Pinkie Forney, Mattie Abernethy, Aurelia Merzmann, Annie Laurie Abernethy, Katherine Gwaltney, Annie Link, Lucy Morgan, Messrs. ### An Editor's Appeal.

My friend, help the editor in his wild-eyed search for news. When your friends come to see you, if you are not ashamed of it, tell him; when your wife gives a tea party if you have recovered from the effects of the gossip, drop in with the news, when a baby arrives fill your pockets with cigars and call; if you go to a party steal some of the good things, and leave 'em with the item in our sanctum. If your wife licks you come in and let us see your scars and tender sympathy through the paper; if your mother-in-law has died don't be bashful about it; give in all the common place news. In short whatever makes you feel proud, sad, lonesome or glad submit it to our 24 karat wisdom and see our matted locks part and stand on end with gratitude which will pour from every pore moisture from the dew besprinkled earth.

### CONSUMPTION PREVENTABLE

#### DISINFECTANT ESSENTIAL.

Result: Obtained in a Large Institution.

The importance of disinfection is shown by the results obtained at the Brooklyn Home for Consumptives, the finest institution of the kind in New York. A letter from the President is quoted:

"We have used that Chlorides in the Brooklyn Home for Consumptives for more than ten years, and find it not only a comfort but a necessity. Through its use we 'keep the germs' to make any inroads on the lungs of our patients who are in constant attendance on the sick, one hundred percent of the time. The nurse has been there well on to ten years, as would almost as long and not one person ever employed in the Home has developed lung trouble. S. V. White, President, Kings County, Brooklyn, N. Y.

Essential Chlorides is an odorless, colorless, non-toxic disinfectant which instantly removes any odor and destroys disease-breeding germs. A quart bottle will last an average family a year and it can be obtained at all druggists.

### Hickory Lutheran Church.

Gentlemen:  
We want to donate some L. & M. Paint to your church whenever they paint.

The largest Methodist church in Georgia expected to use 100 gallons of the usual kind of paint, they only used 32 gallons L. & M. mixed with 24 gallons Linseed Oil.

It costs less to paint a house with L. & M. than with other paint, because painter mixes Linseed Oil fresh from the barrel at 60 cents a gallon with L. & M., and doesn't pay \$1.50 per gallon for Linseed Oil as done if ready for use paint is used. Also because the L. & M. Zinc hardens the L. & M. White Lead and makes the paint wear like iron.

Actual cost L. & M. about \$1.20 per gallon.  
Sold by Shuford Hardware Co.
