If the above cases are not tried on the day set for the trial of the same, they will be taken up in the regular order as named above. C. M. McCORKLE, Clerk Superior Court.

Falling Creek. A new roller mill and three saw mills being erected about 3-4 of a mile apart. Mr. Bumgarner's saw mill leased by the Kilian Bros., is sawing an abundance of lumber, about thirty acres of pines. The timber was purchased from T. P. Cloninger. The pines are sure standing thick and will amount to something over one hundred thousand feet. Mr. Lawrence Yount has the contract to do the lumber hauling. He is running two teams nearly every day this fine spring-like weather.

A saw mill not far down the creek belonging to W. P. Pitts & Son, leased to Mr. France Holler is sawing a great number of oak logs which is making fine lumber.

And another saw mill about 3-4 of mile towards Hickory on Mr. Louise Moore's land. It just moved in a short time ago and has not done much sawing yet, but will have a lot of oak logs to saw. Lumber seems to be in demand and finds ready sale at a good price.

Farmers are busy plowing their land this fine weather, preparing for spring crops.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulae are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz—pure triphosphate of calcium. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Chlorine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heartburn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal Passages, it is well while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membrane. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.
