REAR-ADMIRAL HICHBORN PRAISES PE-RU-NA.

TF ALL the men and women who have used Peruna and found it beneficial should write testimenials giving the plain facts, we would be overwhelmed

But only now and then one who has been benefited by Peruna stops to give any

Various considerations prevent people from writing testimonials for publication. Inordinate modesty, oversensitiveness and business considerations forbid cording to your personal directions and many people from writing testimonials who otherwise would be glad to do so.

All Classes Represented.

But in spite of all these considerations, thousands of people without any solicitation whatever do write testimonials for Peruna. We receive these from men of high degree and low degree, from the army and the navy, from the hall of congress, from the colleges, from high officials in the church, from the society belle and the washerwoman, from the military man

We have never put into print but a small per cent. of those actually received.

Sincere Testimony.

In presenting the testimonial of Admiral Hichborn we appreciate the high Congressmen Endorse Pe-ru-na

In one of the medical journals a surgeon recorded some years ago a strange instance of the wandering needle in a lady. The patient called upon him, stating that the greater part of an ordinary sewing needle had broken in the first joint of her left thumb." The surgeon could plainly feel the needle point, but after ineffec-

al attempts at extraction of the foreign body he recommended that nothing further be done lest the attempt to remove it might result in greater injury to the joint. About a year afterward, however, the patient called upon him to inform him that a day or two previous she had felt a pricking sensation of the right forefinger, and having broken the skin she without difficulty extracted the portion of the lost needel from the point of the finger. Thus the needle traveled from the left thumb along the arm, across the chest to the right arm, and donwn
