The Finest Remedy

On The
Market

And Worthy

Of The

Confidence

Of All

Good

People."

Mrs. Celeste
Covell.

Recommending Pe-ru-na to Her Friends.

Mrs. Celeste Covell, formerly President of the Detsy Ross Educational and Benevolent Society, writes from 1432 Harrison street, Chicago, Ill.: "Only those who have suffered with influenza and have been cured can appreciate how grateful I feel that such a splendid medicine as Pe-ru-na has been placed at the door of every man and woman. I only wish that all know of its fine qualities. "In cases of catarrh of the stomach and head I have seen some remarkable cures through its use. I consider your Pe-ru-na the finest remedy on the market and worthy of the confidence of all good people."

Recommends Pe-ru-na.

Mrs. Alice J. Borden, 1811 Maple Ave., Harrisburg, Pa., writes: "I have found a cure in Pe-ru-na. I cannot recommend Pe-ru-na enough. I also thank you for your kind attention to me. I am as well as could be ever since I began taking Pe-ru-na."

A Letter to the Public.

Mr. Ted Johnson, 1929 85th street, Bath Beach, Brooklyn, N. Y., writes: "In all my experiments with medicines in the effort to improve a condi-

tion impaired by overwork, I have found nothing that has done so much good as Pe-ru-na. As a tonic it is grand. "I take pleasure in recommending it to professional people and to the public in general."

Praise For Pe-ru-na.

Miss Ella L. Matthews, box 111, Hill City, Tenn., writes: "From experience I have decided that there could be no greater medicine in the world than Pe-ru-na. I am ever ready to praise Pe-ru-na to my friends."

CHINESE ACTORS IMMORAL.

On This Ground They Will be Excluded From the Philippines. Washington, Feb. 25.—The Philippines are to be deprived of the doubtful pleasures of Chinese actors. Sir Chen Wang-Liang-Chang, the Chinese minister, had a talk with Secretary of War Taft on the subject of excluding Chinese performers from the Philippines on the ground of immorality. Other classes of Chinese are excluded from the islands, but actors are now admitted. It is held that most of the performers are immoral and it has been decided to shut them out. This is now done in this country.

The Chinese themselves place actors at the foot of the social classes, and it is difficult for them to find a reasonable protest against exclusion of the class from the Philippines.

Noted Trial Up.

Columbia, S. C., Feb. 25.—The trial of Daniel Zimmerman and T. J. Gibson, for purloining State bonds from the State Treasury and selling the same, was begun this morning in general session court. Attorneys for defendant demurred to the indictment on the ground that under State law it is no offense to commit forgery on the State as charged against Zimmerman in the first indictment. The demurrer was overruled and Zimmerman pleaded guilty to conspiracy and forgery as charged. The court adjourned until afternoon. Zimmerman's attorneys will test the validity of the indictment in the Supreme Court.

Harriman Inquiry Resumed.

New York, Feb. 25.—Did the Interstate Commerce Commission mean to hand Edward Henry Harriman a lemon when it fixed upon today as the date for resuming its investigation into the financial operations of the Harriman railroad interest? But perhaps the I. C. C. did not know today was Mr. Harriman's birthday.

It was just fifty-nine years ago, on February 25, 1849, that the man who now controls over 25,000 miles of railroad with a total capitalization of over \$1,700,000,000, first saw the light of day in the rectory of a little church at Hempstead, L. I., where his father was an Episcopal minister.

Young Harriman entered Wall street as a clerk in the sixties. In 1870, when 32 years of age, he was able to buy a seat on the New York Stock Exchange. In 1883 he came actively into the railroad field. In 1887 he became vice-president of the Illinois Central Railroad. The year 1907 finds him in control not only of the Illinois Central but the Union Pacific, Southern Pacific, Baltimore & Ohio, Chicago & Alton, and Kansas City Southern.

And now the Interstate Commerce Commission purposes to find out how he did it. It has already conducted hearings in Chicago and on the Pacific coast relative to the traffic and operating departments of the Harriman roads. Today the hearing was resumed in this city with special reference to the financial methods of the Harriman corporations.

That the greatest importance is attached to the present stage of the investigation is evidenced by the fact that Chairman Knapp has brought all the members of the commission to New York to take part in the inquiry. Heretofore it has been deemed sufficient for only one or two of the commissioners to conduct a hearing.

It is expected that the commission will sit continuously here until the investigation is over. The examination of Mr. Harriman is to be the first feature on the program. When his testimony has been obtained that of Jacob H. Schiff, D. Ogden Mills, William Rockefeller and other big financiers will be sought. Several of those whose testimony is desired are in Europe and it is thought quite likely that they will find it convenient to remain abroad until the investigation is concluded. Prominent among the absentees are James Stillman and Charles A. Peabody, president of the Mutual Life Insurance Company and a director in both the Union Pacific and Illinois Central railroads. H. H. Rogers and Henry C. Frick probably will be called upon to tell what they know regarding the Harriman system of finance. President Winchell of the Rock Island, President Felton of the Alton and a number of other railroad executives are also slated to take the stand as witnesses.

Postmaster Would Be Mayor.

Chicago, Ill., February 25.—The standard bearer of the Republican party in the coming mayoralty campaign doubtless will be selected at today's primaries, subject to confirmation at the party convention next Saturday.

Postmaster Frederick A. Busse, who has conducted an active fight appears to have the best chance of landing the plum—or the lemon, as the result of the April election may decide. Busse has a strong organization at his back and has the support of the Republicans generally. He has held state, county and city offices and is well versed in every thing that concerns the game of politics as it is played in the Windy City. He is not exactly in favor with the business element of the party, which would prefer that the mayoralty nomination go to Alexander H. Reveal, or some business man of high standing, particularly in view of the fact that the contest this year hinges on a business proposition, namely, the question of the street car franchises.

VETERANS WILL BUILD MONUMENT

Lumberton, Feb. 25.—The executive committee of the Robeson County Veterans' Association has decided on the details of the Confederate monument which is to be erected in the courthouse yard here. The monument will be unveiled May 10th and Gov. R. B. Glenn has been selected to deliver the address for the occasion and Miss McBryde, daughter of Captain Thomas McBryde, will unveil it. The following inscription and emblems have been decided upon to be placed on the monument:

Erected under the auspices of the United Daughters of the Confederacy in loving memory of the Two Thousand Confederate Soldiers of Robeson County. 1861-1865.

On the north side of large cap, "1861" in large raised letters; and on the north side of the die, the crossed sabers. On the west side of top cap, "C. S. A." On west side of bottom spire, the Confederate flag with broken staff. On west side of large cap, "1865" in large raised letters and west side of die, carved cannons. On west side of top base, "Our Confederate Dead." On east side of bottom spire, crossed guns, and on east side of die, the following inscription: This marble minstrel's voiceless stone, In deathless song shall tell, When many a vanished age hath flown, The story how they fell. On fame's eternal camping ground, Their silent tents are spread, And glory guards with solemn round, The bivouac of the dead.

Captain Tom McBryde who resigned as a member of the executive committee of the association is succeeded by Dr. D. E. McBryde. Judge T. A. McNeill is chairman of the association.

The remains of a young son of Mr. Wm. Bullock passed through here today en route to Allenton from Oklahoma. Mr. Bullock moved to Oklahoma some time ago from Allenton, and his son's remains will be interred at the latter place.

An elaborate entertainment was scheduled to take place at Barnesville last week for the benefit of the Confederate monument, but on account of the inclemency of the weather, it has been postponed a week, next Wednesday night. A special train will be run from Lumberton on account of the occasion.

We understand that the hearing in regard to the location of the permanent railroad station at Bellamy or at Allenton, on the Seaboard, will be had before the Corporation Commission in Raleigh next Wednesday.

FLUE CURING IMPROVES TOBACCO LIKE ROASTING IMPROVES GREEN COFFEE

Flue Curing Develops the Stimulating Aroma and Taste Found in Schnapps that Satisfies Tobacco Hunger

There are three ways used by farmers for curing and preparing their tobacco for the market; namely, sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured. In flue-curing the tobacco is taken from the field and suspended over intensely hot flues in houses especially built to retain the heat, and there kept in the proper temperature until this curing process develops in the tobacco the stimulating taste and fragrant aroma found in Schnapps tobacco, just as green coffee is made fragrant and stimulating by the roasting process. Only choice selections of this ripe, juicy flue cured leaf, grown in the famous Piedmont country, where the best tobacco grows, are used in Schnapps and other Reynolds' brands of high grade, flue cured tobaccos.

Hundreds of imitation brands are on sale that look like Schnapps; the outside of the imitation plugs of tobacco is flue cured, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco; one chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco.

Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other kind, and has a wholesome, stimulating, satisfying effect on chewers. If the kind of tobacco you are chewing don't satisfy, more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco.

Schnapps is like the tobacco chewers formerly bought costing from 75c. to \$1.00 per pound; Schnapps is sold at 50c. per pound in 5c. cuts, strictly 10 and 15 cent plugs.

Letter to Lyerly and Glirard.

Charlotte, N. C. Dear Sirs: We asked City Drug Co., Crystal Spring, Miss., to sell Devco. They wanted to know of their own knowledge, how it compared with another paint they knew all about—it was sold right there, and considered good.

They painted the house of W. B. McCluney two coats on purpose to test the two paint against one another: one coat Devco 6 gallons; the other coat that other paint 10 gallons. Difference \$20; \$7 for paint, \$13 for labor.

That other paint is made in New Orleans; is pure; is considered an excellent paint, and has a good deal of local goodwill.

But the standard of paint has been low all through the southwest. That paint is thin; it is, you see, six-tenths of a paint. Devco saves \$20 over it on half a small job.

It is a case of local best compared with actual best.

Yours truly F. W. DEVCO & CO
