A White Chicken Thief. A. & M's. Ball Team. Several Companies Chartered. Municipal Election.

Raleigh, N. C., March 15.—A young white man convicted and sentenced for stealing chickens was the unusual spectacle at the penitentiary today when Sheriff J. L. Freeman, of Henderson county, committed to prison George Gallian to serve twelve months for this crime usually monopolized by the "colored race." Another young white man, Tom Cox, was committed to serve ten years for burglary.

A call was issued today for the Democratic primaries in Raleigh, for the nomination of city officials to be held April 4. Mayor, aldermen, police justice are among the most important offices to be filled. James I. Johnson, present mayor stands for renomination and has no opposition. The sharpest contest will be between Thos. Badger, present incumbent, and Chas. A. Sparks, for the office of police justice. Under the new city charter the salary of the office is doubled.

The A. & M. College base ball season opened Monday with a game between A. & M. and Trinity Park school and the prospect is for one of the most successful seasons in the history of the college athletics. Capt. Frank Thompson has gotten together a number of strong players, including Temple, Clements, Black and Sexton as pitchers, Farmer, third base, Gross the noted Clemson College player for short stop, Drake on second base and Fox on third base, with a number of other good material on which to draw for the other parts. There is every assurance that A. & M. will make it interesting for any and all of the college teams it meets on the diamond. A trip North and South, including several games with Virginia will be taken in April and May.

The First Russian Fire Insurance Co and the Russian Insurance Company of St. Petersburg, were licensed today to do business in North Carolina by the State insurance commissioner. The American Insurance Company of Philadelphia was also licensed to do a life business.

A number of charters for new corporations were issued today as follows:

Union Brick and Tile Co., Warsaw, Duplin county, capital \$50,000, by D. B. Faison, A. M. Faison, J. E. Richardson and others.

The Herald Publishing Company, of Forest City, capital \$25,000 by W. W. Hicks and others.

The Twin Cities Electric Construction Company of Winston-Salem, capital \$25,000 by S. L. Blackburn and others.

The W. D. Rose Company of Henderson, capital \$24,000, for a general mercantile business.

Frank D. Hackett, who was principal clerk to the House of Representatives for the session just closed and for a number of prior sessions says he is in the race for the nomination of State auditor at the Democratic State convention two years hence.

The aldermen of Raleigh have been officially notified of the commencement of work on the tracks of the Raleigh and Durham Passenger and Power Company's line of electric road from Raleigh to Durham, rail being just laid on Lane street this city. However, this was purely for the purpose of saving the charter which stipulated that work must begin not later than March, 1907. The letter conveying the notice of commencement of work added that the company expects to construct the road, both the inter-urban line and the lines on the streets of Raleigh with the least possible delay.

The difference between the sophomore class of the Shaw University (colored), twenty-seven in number, and the faculty of that institution, in which the students are delinquent from further matriculation at the university until they have apologized for their attempt to take the part of a class mate who was punished for tardiness, are still unsettled. It was, however, stated today that Prof. M. D. Bowen, who caused the trouble by suspending E. D. Jones, of Mississippi, for thirty days on account of his being twenty minutes late when he had a good record, has resigned his duties as division master and physician in charge of the university hospital. However, he retains his connection with the university as lecturer in a number of the branches of medical study. This is regarded as a move that is favorable to the restoration of the "rebels" sophomore students to their class affiliations.

It is understood that an expert landscape gardener wishes to be brought here soon to inaugurate a movement looking toward the material development of the capitol square.

The coming spring and summer promise to be the most active in a building way in the history of Raleigh. The Masonic temple, a number of large business buildings and numerous handsome residences contributing to a list of building interests that would be a credit to any city in the State.

TWO COUNTRIES NOW PREPARING FOR CONFLICT

Puerto Cortez, Honduras, March 10, via New Orleans, March 15.—In spite of the claims made by the commanding officers of each side that "the enemy has been vanquished in an important battle," the fighting between Honduras and Nicaragua has, up to the present time, been confined to small engagements between scouting parties on one or the other side and on the frontier.

Each side has made claims of victories not warranted by the facts, and each has called the reports sent out by the other false and misleading.

The actual condition of the armed hostility between Honduras and Nicaragua, from the Honduran side, is that President Bonilla is awaiting for further reinforcements from Tegucigalpa and for arms from the United States.

Honduras has armed already between 16,000 and 18,000 men and 15,000 more are being equipped at the capital.

The first actual difficulty took place at Los Manos, when Nicaraguans who were encamped in their side of the village crossed the line one night and stole a Honduran mule and retired with their capture without firing a shot.

This incident was followed by diplomatic correspondence in which the Nicaraguans were stigmatized as cattle lifters. This was resented with counter charges.

President Bonilla offered to submit the Los Manos incident and all other pending questions to arbitration, but Nicaragua refused, and shortly after both countries had begun seriously to prepare for war.

Many Officers Killed.

Managua, Nicaragua, March 15.—The Nicaraguan government issued a decree recognizing the provisional government of Honduras and declaring its members to be allies of Nicaragua.

The last battle fought between Nicaraguans and Honduras were so decisively in favor of the former, it is believed it will result in bringing the war to an end. Gen. Melicio Merino and other Honduran officers were killed.

"In 1897 I had a stomach disease. Some physicians said Dyspepsia, some Consumption One said I would not live until Spring. For four years I existed on boiled milk, soda biscuits, and doctor's prescriptions. I could not digest anything I ate; then I picked up one of your Almanacs and it happened to be my life-saver. I bought a fifty-cent bottle of KODOL and the benefit I received from that bottle all the gold in Georgia could not buy. In two months I went back to my work, as a machinist, and in three months I was well and hearty. May you live long and prosper."—N. C. Cornell, Roding, Ga., 1906. The above is only a sample of the great good that is daily done everywhere by Kodol For Dyspepsia. It is sold here by

FOR FREIGHT ROBBERY.

Salisbury, March 15.—Special Agent Seigle, of the Southern Railway, who has been in Salisbury and Spencer for several days investigating the numerous robberies of freight cars, had Brakeman S. P. Vial arrested in Greensboro yesterday charged with aiding in the car robberies.

Vial is from High Point and is only 21 years of age. It is said other arrests are to follow and some of them will cause a sensation.

ENGLISH LASSIES QUENCH THIRST

Greensboro, March 15.—In the Federal Court this afternoon, District Attorney Holton rested for the prosecution in the case against Ex-Rentueve Officer Hasty on trial for alleged collusion with distillers to defraud the Government. Eight counts of the bill of indictment were eliminated. Before closing the Government's testimony, eight witnesses who had been blockaded save evidence of having operated stills Hasty had reported as being destroyed and several testified that he was of bad character.

The defense, after putting on two witnesses as to Hasty's good character, introduced the defendant whose examination in chief was concluded when Court adjourned. Hasty denied that Government reports made by him were false, examining and explaining each one on which the prosecution based its ground for conviction.

He also contradicted flatly testimony given by Government witnesses connecting him with a purpose in cutting telephone wires to mislead or cover up design to have blockaders apprized of officers' approach so that they could hide their stills and thus escape arrest.

The Greensboro Electric Company this morning began work on the two miles extension of the street railway system down West Lee street.

It was a surprise to the contractors, who had advertised for fifty laborers, to have one hundred and fifty applicants for work. One hundred more than was needed. The work will now be carried forward to an early completion. Great delay has been experienced in getting material. A large number of poles and ties and the greater part of the rails are now here.

The new line will leave the present track at Centenary church and following Arlington and West Lee streets extend to West Greensboro, Glenwood, Piedmont Heights, and other suburban properties. This will give a populous section of the city street car facilities and will give access to some splendid suburban properties.

United States Marshall Millikan returned this morning from Baltimore where he had been for the court to try English girls for deportation to England. The girls were in a special car and gave no trouble until they reached Washington. Here they had to wait two hours, and insisted on getting off, seeing the sights of the city and getting some beer, of which they had been so long deprived in the dry cities of Charlotte and Greensboro. Knowing it would never do to let the women have the run of Washington, with only himself and Deputy Huffins

Bryan Dined in Boston.

Boston, Mass., March 15.—William Jennings Bryan was the guest of honor at a dinner given at the Quincy House today by the Massachusetts Democratic State Committee. Those in attendance included some well-known party leaders from Connecticut, Massachusetts and other sections of New England. Later in the day Mr. Bryan departed for the West to fill his lecture engagements.

THE WRONG MAN.

Asheville, N. C., March 15.—Noah Walker who was arrested by Police Sergeant Jackson, of Spartanburg, S. C., on a charge of murder, was yesterday released from custody, officers from Newport, Tenn., who arrived in this city to identify the man and take him back to Tennessee, declaring he was not the man wanted for the murder of his sister-in-law at that place, some few months ago.

Walker who came here recently from Spartanburg, was arrested by the Spartanburg officer while at his work in a tannery here. When informed of the charge against him, he stoutly protested his innocence, but the officer was equally emphatic that he had the right man, whom when he stated was known under the alias of McFurtis.

Jackson communicated with the Newport authorities and was instructed to hold the man until the arrival of officers from that place with requisition papers. N. S. Boyer, son of Sheriff Boyer, of Newport, Jailer J. H. Gorman, and another man, who was acquainted with the murderer, arrived in Asheville yesterday evening, and at once proceeded to police headquarters.

After an interview with Walker they declared that he was not the man wanted. The fugitive is now appears to be a man of 39 years, while Walker is not yet 21.

Ten Men Entombed as Result of Explosion

Richmond, Va., March 16.—From Wise county house, it is reported a gas explosion occurred this morning in the mine of the Bond Coal Company at Gretna.

From the first reports ten men were entombed. Three have been rescued badly burned and 7 are still in the mine with slight chance of getting them out alive.

GIGANTIC DAMAGE DONE BY FLOODS. MUCH SUFFERING

Pittsburg, Pa., March 15.—The crest of the flood passed the city at 6 a. m. At 8 a. m. the rivers began to show signs of falling. No immediate damage or danger is apparent at this hour.

The rivers are rushing out at a terrific rate and at this point the tears are considerably alleviated.

A Fearful Situation.

After reaching the highest stage ever known, 37 feet, the water is slowly receding.

Enormous damage has been done; 100,000 persons are temporarily out of employment, transportation companies are crippled; skills are carrying the people to their places of business and twenty fatalities in Allegheny county are reported, due to the flood.

The frightened feminine guests in the hotels in the flood zone are marooned. Four theatres are flooded and will be dark several days.

The situation outside of Pittsburg is serious.

The damage is running into millions of dollars, has been done.

Many towns are entirely cut off from this city.

Upwards of thousands of families were forced from their homes and these conditions, it is expected, will prevail for several days.

At Wheeling the crest of the flood has not been reached and the situation grows more serious.

NEW RAILROAD.

Contract Let to Build Road From Canton to Sunburst.

Asheville, N. C., March 16.—The contract for building a railroad from Canton, N. C., to Sunburst, Haywood county, a distance of 16 miles, has been awarded to Yandle Brothers, who are now engaged in building the double track on the Southern Railway from Asheville to Morristown. The amount of the bid submitted by the Yandle Brothers is not known, but it is understood that the construction of the road will cost between \$3,000 and \$5,000 per mile. The survey for the road was completed several weeks ago. A large force of men and much equipment will be sent to Canton, and it is understood that construction work will begin immediately. The new railway will be owned by the Champion Fibre Company, whose large pulp plant is located at Canton. The road will be used principally for hauling timber from the mountain.

The new railroad will open up a farming section in Haywood county. Several stations will be established along the line and the road will be a freight and passenger business.

AUDUBON SOCIETY ELEGTS OFFICERS

Greensboro, N. C., March 18.—At a meeting here Saturday night of the members of the State Audubon Society officers elected for the ensuing year were: Dr. R. H. Lewis, president; J. Y. Joyner, vice president; T. Gilbert Pearson, secretary; E. W. Gudger, treasurer. It was also announced by Secretary Pearson that Miss Mary Moore, of Mt. Airy, now a teacher of Latin in the State Normal College, would at the close of the present term of college become assistant secretary, whose special duty would be to stimulate bird study among the children of all the schools of the State.

It was also decided to have an exhibit to advertise the bird and game resources of the State at the Jamestown Exposition, in connection with the North Carolina exhibit. Secretary Pearson's report of the past year's work was most encouraging, showing that the Society had purchased two islands in Pamlico Sound, "Leggett Lump" and "Royal Siskit." These islands are noted breeding places for sea birds. They will be zealously guarded by the Society making them a home for sea bird propagation and protection, and a safe refuge for birds molested at other points.

The game warden of the State have been increased from 16, in 1905, to 26, in 1907, and the number of convictions for violations of the bird and game laws during the year were 63.
