"Ho, the woods!" warbles an Alabama poet. All right, ho it, and get through with it; they will need you pretty soon to help hoe the cotton patch.

If you want to ruin your boy just take his side on every question and dispute he has with his teacher or your neighbors' children. Just let him know you are with him, right or wrong, in all his hispites. This will give him a good start in the downward path.

Agnes pass, but each returning Easter brings again its lessons of sacrifice, of unselfishness and of great love for humanity. Great snowy banks of lilies, emblems of purity, are offered in remembrance of the greatest self-abnegation in the history of the world. In vast cathedral and modest chapel vibrates the majestic music of praise for that most wonderful resurrection, upon which is based the faith of the mightiest people of the earth.

"Keep it out of the paper" is the cry with the local newspaper publisher daily hears. To oblige often costs considerable, though the party who makes the request thinks the granting scarcely worth saying "thank you" for. A newspaper is a peculiar thing in the public's eye. The news gather is stormed at because he gets hold of one item and is abused because he does not get another. Young men, and often young women, as well as older persons, perform acts which become legitimate items for publication and then rush to the newspaper office and beg the editor not to notice their escapades. The next day they condemn the same paper for not having published another party doing the same thing they were guilty of, forgetting apparently their late visit to the printing office.

Mr. Therman Day, a Watauga boy now at V. P. L., Blackstone, Va., writes his people that he is making a steam engine to exhibit at the Jamestown fair.

Boone court will be held this week; Judge Peebles presiding. The June term of court has been done away with and hereafter there will be only two sessions each year.

Revs. J. F. and W. R. Dav's have been conducting a revival meeting in Boone for the past two weeks. A great interest has been manifested there, having been about twenty-five conversions. A large number of these are students of A. T. S.

Piedmont Bedford Concentrated Iron and Alum Water

Contains such a remarkable combination of natural minerals that it has made a reputation for itself by curing Chronic Diseases after many other treatments had failed.

It is 150 times as strong as the Natural water, and one 18 oz. bottle of it equals 25 gallons. Only a teaspoonful is necessary for a dose.

Its equal cannot be found in the treatment of Indigestion, Rheumatism, Catarrh, Kidney and Bladder Troubles, Female Complaints, Malaria, Nervousness, Stomach and Bowel Disorders, Piles, Inactive Liver, Scrofula and other Blood and Skin Diseases.

This water is simply a Natural treatment for Chronic Diseases, and is by no means a patent medicine. By its use you can be cured in your own home, at the cost of 5c per day even better than your rich neighbor who spends several hundred dollars, and loses several months time by going to the Springs.

We do not want your money unless we can do you good. Read what it has done for others.

TESTIMONIALS

I think your Iron and Alum Water a fine tonic, also splendid for inactive Kidneys and Indigestion.

W. A. SCOTT,
Chief of Police,
Greensboro, N. C.

I have recently prescribed your Concentrated Iron and Alum Water for a lady who was the subject of a very prostrated case of Typhoid Fever during the past summer. She derived great benefit from the water, and has continued to take it. I can endorse it as an excellent tonic, particularly in Nervous and Neurasthenic females.

DR. HENRY W. LEWIS,
Member N. C. Board of Health,
Jackson, N. C.

About six months ago I had an attack of chills and fever, having a chill nearly every day for thirty or thirty-five days. I commenced using your Concentrated Iron and Alum Water, and after I commenced using it I only had one more chill, and was completely cured at once. I soon regained my appetite, weight and strength. I consider it the best medicine I ever used, and shall continue its use when sick.

JAS. KIRKPATRICK,
Burlington, N. C.

I do not hesitate to recommend Piedmont-Bedford Concentrated Iron and Alum Water, which I have used in my practice several years with fine results. Especially do I recommend it for diseases peculiar to females, and it is with pleasure I add my testimony to such valuable medicine as I know this to be.

E. H. MURRELL, M. D.,
Lynchburg, Va.

I was an intense sufferer for some months with Indigestion, and could get no relief from the ordinary remedies. During the month of January I began the use of your Concentrated Water, and one bottle has entirely relieved me. I can now digest any diet and am entirely free from suffering. I take great pleasure in giving this testimonial. Rev. H. M. BLAIR,
Editor N. C. Christian Advocate,
