THURSDAY, APR. 4, 1907.

The Easter bonnet, sad to say, is necessarily laid away until the weather man, mean thing, finds out it's wrong to shoot-up spring.

To admit Harry Thaw's love letters in evidence at the lunacy hearing would be setting a highly dangerous precedent.

Easter Service.

The Easter service at the Church of the Ascension was beautiful and uplifting. Palms, ferns, dogwood blooms, lilacs and nastaria adorned the church. Mr. Turner of Morganton brought forth unusually fine music from the organ; the choir was reinforced by the Presbyterian choir as there was no service in the Presbyterian church. The music was fine and well rendered under the leadership of Mr. Chadwick. The Knights Templars attended in a body producing a very impressive effect. The following is the musical program.

Professional—"Faithful People, now rejoice."
Lissant
Anthem—Christ our Passover. Chappel
Te Deum Read
Jubilate Cramer
Hymn—"Jesus Christ is risen to-day"
Worgan
Hymn—"Angels, roll the rock away."
Roper
Anthem—"He is risen"
Clare
Hymn—"At the Lamb's high feast"
Elvey
Hymn—"The strife is o'er" Palestrina
Miss Alice Boyden sang the solos with her rich contralto voice. A large congregation contributed liberally to the Easter offering.

The carol service at night was fine with a short address giving an exposition of I Cor. 15 chapter. Text: 11 Cor. V 11 verse—Therefore if anyone be in Christ, he is a new creation; old things are passed away—behold, all things are become new. Subject—"Easter and the New Creation."

The Resurrection of our Lord: First a fact, then a miracle, and lastly a mystery.

Science and the Bible both agree as to the purpose of creation. It was to lead to man as its mightiest goal, as the aim of its evolutionary process. By the inroad of sin, this upward movement of man was arrested. But the Divine purpose cannot be arrested and thwarted by any opposing agency. So God's purpose in man must have a fresh start. That new beginning is made through God's Son becoming incarnate and living a human life, as our example, dying to show God's infinite love, and to reconcile us to Him, and passing through death to the New Risen Life, by contract which man comes into possession of the source and Spring of a new creation.

Two things, then, have come to the world—to the race—through the Glorious Easter Miracle.

1. Brotherhood, fraternity, and world wide inter-communication.

2nd. Boundless aspiration of the human soul, unceasing development and discovery, courageous climbing to the seats of the mighty. Yes, like our Elder Brother, even an ascending to the Right Hand of God where we may also reign triumphant over the old man, redeemed and renewed through the second

Adam. "The first begotten from the dead."
Oh! day of days! shall hearts set free
No "minstrel rapture" find for three?
Thou art the sun of other days,
They shine by giving back thy rays.
Then wake, my soul, to high desires,
And earlier light thine altar fires;
The world some hours is on her way
Nor think on thee, thou blessed days.

SOCIETY

Capt. Azel Ames, of New York City, arrived in Hickory Tuesday noon, the 26th, and was a guest of Mrs. Chadwick for a week. He was greatly pleased with his visit enjoying the hospitality of the Club and the cordiality of its members. Capt. Ames served in Porto Rico during the Spanish war, and his many experiences combined with his own genial disposition made him a delightful companion that his new friends see leave with regret.

Mrs. Charles Menzies entertained the Dames of Pleasure Wednesday, the 27th, with five tables of Bridge. Miss Rosa Shuford won the prize. The score-cards were decorated with the bird of Spring—the chicken; and Spring flowers added their share to the pleasure supplemented by the Spring delicacies of the menu.

Thursday, the 28th, Mrs. C. C. Bost, the President, entertained the Travellers' Club at her home for the second time of this series. After quotations from "Martin Chuzzlewit" Mrs. C. M. Shuford read an article on Dickens' visits to America and Mrs. K. C. Menzies had a reading selection from "American Notes" and the great International Walking Match" by Fields. After current events adjournment took place and Prof. Patterson of Lenoir College, gave great pleasure by his violin playing accompanied by Mrs. J. L. Cilley. Ice cream and angel-cake with orange-punch were among the dainties served as refreshments.

Mrs. A. A. Shuford, Jr., entertained four tables of Bridge Tuesday, the 26th. The prize was won by Miss Alice Boyden. After dainty refreshments were served with Spring accompaniments, the company left with the consciousness of a delightful evening.

Tuesday, April 2nd, Mrs. F. B. Cline entertained four tables of Bridge in honor of Miss Amy Wheeler. Mrs. W. A. Clinard won the prize and Miss Amy Wheeler the consolation. Refreshments, dainty appetizing were served in courses.

Mr. F. A. Klutz Dies Suddenly

The news of the sudden death of Mr. F. A. Klutz, of West Hickory went over the town yesterday as a shock barbed with pain and sorrow. While working a crowd of hands on the street near Mr. Pink Berry's store Wednesday Mr. F. A. Klutz dropped dead at eleven o'clock. He was apparently well and talking to a friend at the time. Death struck him when he fell and died instantly.

He had been a long sufferer from heart trouble but this summons came very unexpectedly. The remains were taken to Mt. Pleasant Thursday for burial, this being his home before coming to Hickory.

He was 73 years old and leaves a wife and three or four grown children.

The end was as peaceful as the close of a beautiful summer day. When daylight fades into night with increasing loveliness.

Mr. W. J. Clinard was appointed by the Masonic Lodge to accompany the body of Mr. B. A. Klutz to Concord for burial. Mr. Klutz will be buried under Masonic honors.

Miss Josie Daub is spending a few days in Morganton.

SHORT TALKS BY L. T. COOPER.

THE STOMACH.

My but peoples' stomachs do cause a lot of trouble. I offered to wager some

doctors in St. Paul, Minn., that one half of all sickness is caused by the stomach. After I assured them that my medicine did nothing but put the stomach in shape and they had spent a day listening to what people who called on me had to say, they had to agree with me. They heard people come in and tell me that for years they had been near the grave with Bright's disease, or lung trouble, or kidney complaint and all manner of diseases and that the New Discovery had cured them. Of course these people were mistaken, it was nothing but their stomachs. As a matter of fact when the stomach gives out most everything else is thrown out of order too.

When a person feels tired and dull and despondent, is loosing flesh and don't sleep well, has a poor memory, a bad taste in the mouth, a coated tongue, and other troubles he's liable to believe a lot of things are the matter with him. Nine chances to one it's his stomach. I've seen Cooper's New Discovery bring back health to too many people in just this shape to believe anything else. Here's a letter about it:

"I suffered for a long time without knowing just what was the matter with me. I seldom felt like eating. I lost greatly in weight. My digestion was extremely poor and when I did eat I invariably suffered afterward. I was constipated and frequently suffered from nerve-racking, violent headaches. When I heard of what the Cooper remedies were doing for others I resolved to try them. I lost no sleep. My digestion was improved rapidly. I am no longer constipated nor do I have those dreadful headaches. I sleep well and am gaining flesh." C. H. Powell, 13 Harrison Addition, Duluth, Minn.

We are selling immense quantities of these medicines and our customers express great satisfaction.

Indigestible Foods
Some have so strong an organization that they can continue the use of indigestible foods for years, but the time comes—and that usually in their early life—when the worn-out stomach fails to respond and they awaken to the fact that they are seriously diseased. As a rule, it is a safe practice not to put into the stomach anything that is not nourishing and easy of digestion.
