The quality of the genuine sun cured tobacco used in REYNOLDS' Sun Cured and grown on soil where the best sun cured tobacco grows, has caused imitation brands to be brought out and offered as the genuine Reynolds' Sun Cured to unsuspecting dealers and chowers who do not look closely at the printing on the box and on the tag.

These brands only imitate the outside appearance and do not possess the genuine inside quality that has been found in Reynolds' Sun Cured ever since Reynolds' Sun Cured was introduced and which has so increased the chewing of sun cured tobacco and proven so popular, that the word "Sun Cured" is now printed on tags or in the advertising of many brands claimed to be genuine sun cured tobacco.

Did you ever see the word "Sun Cured" used in any chewing tobacco advertisement, or on any chewing tobacco label, or in any other way, before it was introduced and to identify the genuine Reynolds' Sun Cured? You see frequently now, because many imitation brands are being put out to appear as nearly like Reynolds' Sun Cured as they can, with tag, shape of plug and style of package so similar that experienced buyers sometimes accept these imitations as the genuine Reynolds' Sun Cured.

Don't be deceived into taking imitation brands for the genuine. Be sure the letters on the tag spell "REYNOLDS' Sun Cured," and you get the best value in sun cured chewing tobacco that can be produced for chowers. Sold at 50c. per pound in 5c. cuts; strictly 10c. and 15c. plugs, with chewing qualities like that which was sold from 60c. to \$1.00 per pound before Reynolds' Sun Cured was offered to the trade.

Palmist Stirs Suspicion

A Palmist Strikes Union, S. C., who Bears Strik- ing Resemblance to One Who Worked Greens- boro. Has Many Names

Union, S. C., April 8.—A man giving half a dozen different names at as many different places in this city, has been in this community since Wednesday. He claims to be a palmist and is thought to be the swindler who scooped in so much money and jewelry from the superstitious and unsuspecting at Greensboro last week.

His personal appearance tallies in many respects with that of the Greensboro man, though the color of his hair and moustache is different. It is also suspected that he may be a convict from Elmira, New York, for whose capture a reward of \$500 is offered.

This man reached Union last Wednesday, Saturday morning he went into a local newspaper office, stating his business as that of a palmist and giving the name of L. Briggs. The newspaper man asked him if he had ever been to North Carolina. He said that he had not. When asked if he had ever been in Charlotte, he claimed that he had never heard of the place.

He left here Sunday morning, driving into the country. He had a team of his own and while here tried to trade it and displayed a roll of bills amounting to \$500 while talking about the trade.

Among other names he gave that of Anchovy and he got a package of liquor from Salisbury, N. C., addressed to S. A. Ward. At the postoffice he received mail in the name of A. F. Floyd.

Kansas City, April 8.—Final action in the case of Mrs. Aggie Myers and Frank Hottman, under sentence of death for the unusually cold-blooded murder of the woman's husband, will be taken today before the governor at Jefferson City.

TOXAWAY HOTELS MAY BE CLOSED

Asheville, April 6.—It is now stated on good authority that the Toxaway Hotel Company, will not operate the hotels in the Sapphire country this season, as it has done for the past two summers, for the reason that it has lost its rights under the ten-year lease from the Toxaway Company, owners of the hotels, which includes the Toxaway Hotel at Lake Toxaway, the Lodge, on Mount Toxaway, the Fairfield Inn, the Sapphire Inn, and the Franklin, at Brevard.

The hotel company it is understood, will have to meet the claims of the Toxaway Company for rent due, which is secured by a bond of \$60,000, and is now engaged in litigation with certain creditors who are urging that the hotel company be placed in bankruptcy because of failure to pay them \$15,000 or more alleged to be due for goods furnished last season, the hearing in which proceedings will be resumed in Atlanta on the tenth of this month, while the company will seek to show that while it is not disputed that the company owes the debts, it is not a trading company under the law, and, therefore, not liable to bankruptcy.

The original Toxaway Company, owners of the hotels and a vast tract of valuable land in the beautiful Sapphire country, will itself operate the hotels this season.

This statement, has occasioned some surprises here, as it was the expectation that the hotel company would be able to raise money sufficient to meet the claims of creditors and would continue to operate the hotels, especially in view of the fact that their lease had yet eight years to run, at an annual rental of \$30,000. This was considered a valuable asset and was secured by a bond of \$60,000 held by the Toxaway Company. Blumenthal & Bickert, of Atlanta, were on this bond.

Rest is the great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until at last Dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. KODOL is a most thorough stomach relief. It digests what you eat and gives the stomach a needed rest and greatly assists in restoring it to its normal activity and usefulness. KODOL is sold on a guarantee relief plan. It is sold here by C. M. Shuford & W. S. Martin.

A WOMAN TELLS HOW TO RELIEVE RHEUMATIC PAINS.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by Shuford Drug Co.

This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country fine-cured tobacco, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real Schnapps—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.

Coal Barge has Been Found

Collier Caesar Succeeded in Finding Naval Coal Barge Lost April 1st. Is Being Towed Into Mayport.

Washington, April 8.—The Navy Department has received a telegram from the commander of the collier Caesar, dated Fernandina, Fla., stating the naval coal barge number one, which has been lost at sea since April 1, has been picked up and is being towed into Mayport, at the mouth of St. Johns.

Story of Search. The United States Naval collier Caesar which is searching for the missing coal barge, manned by ten men, that was torn away from its tow line in a gale off St. Augustine, Florida, April 1st, put into Charleston, S. C., Saturday night.

She had been unsuccessful in her search and almost immediately left port to renew it.

The arrival of the Caesar at Charleston was gratifying on account of rumor that she had been badly injured by an explosion.

The fact she carried no explosives enabled the navy department to doubt the story that the collier had been injured, but the officials were glad to remove all doubt by getting a report from Charleston.

The cruiser St. Louis left Guantanamo April 4th, for Norfolk with instructions to search for the missing barge. She is expected to arrive at Norfolk tomorrow or Wednesday.

CURED RHEUMATISM.

Mr. Wm. Henry, of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by Shuford Drug Co.

Indian Cure For Neuralgia.

Here is a simple method of curing facial neuralgia. If the neuralgia is in the right side of the face the left hand should be placed in a basin of water as hot as can be borne. Or if neuralgia is in the left side of the face then the right hand should be placed in the hot water. It is asserted that in this way relief may be obtained in less than five minutes. The explanation is that the two nerves which have the greatest number of tactile nerve endings are the fifth and the median nerves. As the fibres of these two nerves cross any impulse conveyed to the left hand will affect the right side of the face, or if applied to the right hand will affect the left side of the face. This is on account of the crossing of the cords.

Boy who Stole \$1,460 From Express Co. at Salisbury has Been Ar- rested and Jailed. Makes a Full Confession.

Salisbury, N. C., April 8.—R. W. Gray, the 17-year-old boy who, on the 11th of last November, stole \$1,460 from the Southern Express Company here, was caught in Buffalo, N. Y., last Saturday. The arrest was made by E. M. McCall, general agent of the Thiel Detective Agency. He was brought to Salisbury this morning and is in jail here. Mr. M. B. In telling of his wanderings since the robbery Gray stated that on the night he took the money he went to High Point on the first train out. He got off the train there and waited until the next train came along when he took a Pullman to Lynchburg. From Lynchburg he went to Roanoke and from there to Columbus, Ohio. From there he went to New York City and stayed there a few days. Finally shipping out of that city as an ordinary seaman for a South American port. He went to Venezuela, then to Trinidad and then back to this country, reaching Philadelphia on March 15.

At Philadelphia he learned that detectives were close after him and deserted his ship. From Philadelphia he went to New York City and from there to Buffalo, going under the name of Royster Gray. He entered the business college there and was taking a commercial course. A few days ago he went to Hamilton, Canada, and while there met one of the seamen who shipped with him to South America.

When he returned to Buffalo he was arrested when he stepped from the train. When taken into custody he had less than \$200 of the amount stolen.

SUFFERED FOR FIVE YEARS WITH KIDNEY AND LIVER TROUBLE.
